ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

Upon November 12 the Mayor approved a contract as requested in the following letter:

BOSTON, November 9, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing radio equipment to the radio shop of the Fire Department. These bids were publicly opened and read in this office on September 9, 1954.

The bids received on radio equipment, together with tabulation of prices, were forwarded to the Fire Commissioner for his recommendation. He submitted his recommendation in writing to the effect that the award be made to DeMambro Radio Supply Company, Inc., on the basis that the R.C.A. equipment on which they bid is most economical for use by the Fire Department.

The bid of DeMambro Radio Supply Company, Inc., is irregular owing to the fact that their certified check was re-

ceived subsequent to the public opening of bids at 12 noon on September 9, 1954. Authority is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to DeMambro Radio Supply Company, Inc., on the basis of the price submitted by this company at the public opening. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$10,250, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

REAL PROPERTY DEPARTMENT.

Upon November 10 the Mayor approved a contract as requested in the following letter:

BOSTON, November 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At a meeting of the Board of Real Estate Commissioners duly held on Thursday, November 4, 1954, it was unanimously

Voted, That, whereas the grand total bid of James A. Susi, in accordance with his proposal, submitted on October 28, 1954, was purportedly \$33,761.50, and upon addition of his unit prices the correct grand total bid was \$38,261.50; therefore, the contract for the construction of the Ruggles street, Roxbury, off-street parking facility is hereby awarded, subject to the approval of the Mayor, to A. Singarella & Sons, Inc., 22A Tremlett street, Dorchester, whose bid, in the amount of \$37,301.25, was actually the lowest of the three bids submitted.

Following is a tabulation of the bids:
A. Singarella & Sons, Inc., \$37,301.25;
James A. Susi, \$38,261.50; John M. McCourt Company, \$39,718.70.

It was also unanimously
Voted, That the chairman is authorized to execute the contract with A. Singarella & Sons, Inc., on behalf of the Board, in accordance with the provisions of the contract, and subject to the approval of the Mayor.

Respectfully yours,

HERMAN CARP,
Commissioner.

BOSTON, November 5, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Welfare Department has submitted a requisition to this office for the following:

100,000 forms, "Claim for Payment for Medical Care," 4-ply, numbered from 1; 100,000 forms, "Claim for Payment for Medical Supplies," 4-ply, numbered from 1.

Informal requests for prices were solicited from several vendors. Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Uarco, Inc., the lowest bidder on the informal requests for prices. It is my opinion that in this way the best interests of the city will be served.

Approximate total amount of contract will be \$2,242, net, 30 days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, November 5, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On September 30, 1954, your Honor approved the awarding of contracts to several vendors for furnishing surgical dressings to the various city departments. One of these vendors was Marsales Company, Inc.

It has come to our attention that the amount of this proposed contract was listed as \$16,730 through inadvertence and that the proper amount of the contract to Marsales Company, Inc., should be \$1,673.

Your permission is requested to amend our letter of September 28, 1954, accordingly.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

Mayor of Boston.

DEAR MR. MAYOR:

Due to damage to the roof of the Donald McKay School, which resulted from the hurricanes of August 31 and September 11, 1954, it is imperative to immediately engage the services of a roofing contractor to effect repairs.

Therefore, in order to have the damage corrected as expeditiously as possible and without the delay which would be unavoidable if public advertising took place, I respectfully request your authorization to dispense with public advertising for proposals and to engage the services of John J. Hourihan, 27 Dixwell street, Roxbury, by written contract, to perform roofing work as will be specified in the contract, in an amount not to exceed \$2,350.

Very truly yours,

JAMES H. MOONEY,
Superintendent of Construction.

BOSTON, September 22, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On September 13, 1954, your Honor authorized the award and subsequently executed an unadvertised \$18,000 contract with Dorgan Electrical Company, Inc., for emergency electrical work and repair of electrical installations damaged by the hurricane of September 11, 1954, at the Boston Trade High School.

As was pointed out in my original communication, the \$18,000 sum represented the best estimate that this department could then make of the expense involved in doing the emergency electrical work and repair of electrical installations damaged by the hurricane. A substantial amount of the above work has been performed to date. However, it is now apparent that it will cost in the vicinity of an additional

\$5,500 to perform all the emergency electrical work and repair of electrical installations necessary to correct the damage resulting from the floods caused by the hurricane at the Boston Trade High School.

Therefore, your authorization is respectfully requested to dispense with public advertising and amend the aforementioned contract with Dorgan Electrical Company, Inc., to permit the expenditure, under the provisions of that contract, of an additional sum not to exceed \$5,500. The primary objective of the principal contract and the amendment herein to be prepared is to have the work performed by a capable contractor and as expeditiously as possible. The aforementioned firm has performed its work to date in a highly satisfactory manner and as promptly as the conditions have permitted. In view of this it is not felt that public advertising would be of any avail in this instance.

Very truly yours,

JAMES H. MOONEY,
Superintendent of Construction.

BOSTON, November 9, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On September 13, 1954, your Honor authorized the award and subsequently executed an unadvertised \$9,500 contract with D. Antonellis, Inc., for emergency work and repair of hurricane damage caused by the hurricane of September 11 at the Boston Trade High School.

As was pointed out in my original communication, the \$9,500 sum represented the best estimate that this department could then make of the expense involved in doing the emergency work and repairing of hurricane damage. A substantial amount of the above work has been performed to date. However, it is now apparent that it will cost in the vicinity of an additional \$1,500 to perform all the above-referred to work at the Boston Trade High School.

Therefore, your authorization is respectfully requested to dispense with public advertising and amend the aforementioned contract with D. Antonellis, Inc., to permit the expenditure, under the provisions of that contract, of an additional sum not to exceed \$1,500. The primary objective of the principal contract and the amendment herein to be prepared is to have the work performed by a capable contractor and as expeditiously as possible. The aforementioned firm has performed its work to date in a highly satisfactory manner and as promptly as the conditions have permitted. In view of this it is felt that public advertising would be of no avail in this instance.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

LIBRARY DEPARTMENT.

BOSTON, November 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested to engage the services of Shepley, Bulfinch, Richardson, and Abbott, architects, 1 Court street, Boston, as architects for the proposed new branch library to be erected in South Boston.

The cost of the proposed construction is not to exceed \$225,000, including the architects' fee. The architects shall be

paid a fee equal to the sum of 6 per cent of the full amount of the cost of said construction.

In view of the nature of the professional services involved, no useful purpose would be served by advertising publicly for bids. Therefore, the Trustees of the Public Library have

"Voted, That Shepley, Bulfinch, Richardson, and Abbott, architects, 1 Court street, Boston, be, and hereby are, selected to design a branch library building to be erected on a parcel of land on the northerly side of East Broadway, known as City Plan No. 58, recorded with Volume 4, Plate 28, City Land Plans, in accordance with specifications to be set by the library."

Your permission is respectfully requested to dispense with public advertising and to engage the services of Shepley, Bulfinch, Richardson, and Abbott, architects, as indicated above.

TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD, *Director.*

PARKS AND RECREATION DEPARTMENT.

BOSTON, November 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of September 28, 1954, your Honor approved letters for the retaining of the services of three different contractors on an emergency basis with regard to the rental of equipment in connection with the removal of dangerous trees in all sections of the city. Included in the equipment rented was one Gradall stump remover. The expiration for the rental of this stump remover is November 14, 1954.

Because of the emergency still existing with regard to the pulling out of stumps of large trees from public sidewalks and other public areas in the city, we find ourselves in the position where we are required to continue the rental of the stump remover. In order to keep up with the emergency that still exists, we will require the services of the stump remover for a period of eight weeks, commencing November 15, 1954.

The contractor from whom we are now renting the stump remover is M. Solimando, 584 Columbia road, Dorchester, Mass.

So that this necessary work will not stop, we request your authorization to dispense with publicly advertising for bids and enter into a contract with M. Solimando, 584 Columbia road, Dorchester, for furnishing one Gradall stump remover for a period of eight weeks, starting November 15, 1954, for a sum not to exceed \$5,500.

As before, this piece of equipment will be used eight hours a day, five days a week. There will be no overtime work. The contract will be charged to the special appropriation "Hurricane Emergency," 6-52-51. The rate for the use of the stump remover is \$16 an hour.

Respectfully yours,

FRANK R. KELLEY,
Commissioner.

BOSTON, November 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Since 1939 this department has leased to Mr. Vernon L. Hart, of 296 Freeport street, Dorchester, a parcel of land located off Freeport street, and known as Malloch's Wharf, on which Mr. Hart has

conducted a boat yard business. He has paid rental at the rate of \$160 per year and in addition pays taxes to the city on the assessed valuation of the land and three portable buildings which he has erected thereon.

The present lease, which was made for a term of five years beginning November 1, 1949, expired on October 31. Mr. Hart requests an extension of the lease.

As he has been in business at this location for many years and has always been a very satisfactory tenant, I believe nothing could be gained by publicly advertising for bids and that the best interests of the city will be served by extending the lease for another year.

I therefore respectfully request your approval to dispense with publicly advertising for bids and to grant to Mr. Vernon L. Hart an extension of the lease for Malloch's Wharf, Dorchester, for boat yard purposes, for a period of one year, beginning November 1, 1954, and ending October 31, 1955, at the rate of \$160 for the term of the extension.

Respectfully yours,

FRANK R. KELLEY,
Commissioner.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Dooley Brothers, Inc., has been directed to omit and substitute the following work under the contract dated September 2, 1954, for bituminous concrete pavement in Ashley street and Orient avenue, and grading and sodding in Faywood avenue:

In Faywood avenue, omit one Josam drain No. 5286 as shown on plan. Substitute three Josam drains No. 5044 for lump sum of \$100.

Estimated cost of omitted work, \$100; estimated cost of substituted work, \$100; estimated cost of extra work, nothing.

P. V. Barone Corporation has been directed to omit and substitute the following work under the contract dated July 26, 1954, for bituminous concrete pavement in Centre court, Chestnut square, Glenvale terrace, Hartford court, Mendell Way, Quinn Way, Quinn Way Extension, Sumner park, Wilton street:

In Chestnut square, from Chestnut avenue 220 feet southeasterly, omit 200 square yards of excavation at \$1 a square yard; 410 linear feet of straight edge-stone at \$3.20 a linear foot; 70 tons of crushed stone for macadam base at \$3 a ton; 680 gallons of CA asphalt at 16 cents a gallon; 900 square feet of artificial stone sidewalks at 40 cents a square foot. Substitute 50 tons of stone dust to be used for grading on existing roadway at \$3 a ton; 10 tons of bituminous concrete base for sidewalks at \$15 a ton; 10 tons of bituminous concrete top for sidewalks and berms at \$15 a ton.

Estimated cost of omitted work, \$2,222.80; estimated cost of substituted work, \$450; estimated decrease in cost, \$1,772.80.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with John F. Shea Company, Inc., for roofing and metal work at the Edward Everett School, from November

10, 1954, to December 31, 1954. This extension was requested because it was necessary to engage in protective work, both public and private, after hurricane "Edna."

Approval has been given for an extension of time for the completion of the contract with Modern Engineering Company, Inc., for new boiler at the Frederic A. Whitney School, from October 15, 1954, to December 15, 1954. This extension was requested because of a delay in obtaining materials.

Approval has been given for an extension of time for the completion of the contract with D. Russell Boiler Works for repairing and retubing boilers in various schools, from November 15, 1954, to December 31, 1954. This extension was requested because of a delay in securing necessary materials.

Approval has been given for an extension of time for the completion of the contract with Modern Engineering Company, Inc., for new cast-iron sectional boiler at the Henry Abrahams School, from October 15, 1954, to December 15, 1954. This extension was requested because of a delay in obtaining materials.

Fourth Alarm	18	12	37	26			23	
Fifth Alarm	2	39	3	34				

After 8 A.M., Tuesday, November 16, the response to Box 3743 will be:

Example C-1.

	Engine Companies.						Ladder Companies.	
First Alarm	48	49					28	16
Second Alarm	19	53	45				6	
Third Alarm	16	52	42				23	
Fourth Alarm	20	14	28					
Fifth Alarm	18	12	37					

Hereafter, in all districts, except District 10, four engine companies, only, shall respond on the second, third, fourth, and fifth alarms. (See Examples A-1 and B-1.)

On all boxes in District 10, three engine companies, only, shall respond on the second, third, fourth, and fifth alarms. (See Example C-1.)

In both of the above instances, the engine companies shall be those which have been moved up in numerical order to fill the gaps created by removing the numbers of the deactivated companies from the cards.

On boxes in Districts 3 and 4, two ladder companies shall respond on the second alarm and one ladder company on the third alarm. In all other districts, one ladder company shall respond on the second alarm and one ladder company on the third alarm.

On all boxes in Districts 3 and 4, where a ladder company is not already assigned to respond on the third alarm, the ladder company now assigned to respond on the fourth alarm shall respond on the third alarm.

In all other districts where a ladder company is not assigned to respond on the third alarm, the second due ladder company on the second alarm will respond on the third alarm. Delete the fourth alarm truck companies in ALL districts.

In the event that assigned engine or ladder companies are not available to respond on first or subsequent alarms, Fire Alarm Headquarters shall dispatch companies to fill out the required assignments.

As heretofore, three ladder companies shall respond on the first alarm to all hospital boxes.

Where additional ladder or engine companies are needed at first or multiple alarm fires, the officer in charge at the fire, shall notify the Fire Alarm Headquarters to dispatch such additional companies.

Rescue Company 3 shall not respond on the first alarm to any boxes, unless specifically called by the officer in charge at the fire, but will follow the assigned responses for multiple alarms.

The first and multiple alarm assignments for engine companies 31 and 47, the Light- ing Plants, and the Water Tower Companies shall remain unchanged.

That part of the assignment cards under the caption "Covering Companies" is hereby canceled. Hereafter, Fire Alarm Headquarters shall dispatch "covering" companies, as required.

Company commanders shall make the necessary changes on assignment cards.

By order of Fire Commissioner FRANCIS X. COTTER.

PATRICK E. COLLINS,
Acting Chief of Department.

General Order No. 72.

I. CHANGES IN RESPONSE AND ASSIGNMENT CARDS.

The instructions contained in General Orders, No. 60, c. s., page 4, section II. under heading of "Changes in Responses," are rescinded, effective at 8 A.M., Tuesday, November 16, 1954.

Effective at 8 A.M., Tuesday, November 16, 1954, the numbers representing the several engine squad companies shall be removed from the multiple alarm responses on the assignment cards when the box is outside of the district wherein the engine squad company is located. The spaces shall be left blank.

In the event of a multiple alarm, from a box as described above, the Fire Alarm Office shall substitute another engine company to complete the required response.

A "star" shall be placed alongside of Boxes 13-2557, 14-2557, 15-2557, and alongside of Ladder 30. This arrangement will then result in the response of three ladder companies to these boxes located on the property of the Lemuel Shattuck Hospital.

Until further orders, for the purpose of uniformity throughout the department, in all districts, where ladder companies have been recently deactivated, and changes have been made on the second alarm assignment of ladder companies, the following policy shall be adopted, for the purpose of carrying out the instructions contained in the second part of paragraph 7, at top of page 3, General Order 71, c. s.

The first due truck in East Boston on the second alarm shall be Ladder 1 and the second due truck shall be Ladder 8. The first due truck in Brighton on the second alarm shall be Ladder 26 and the second due truck shall be Ladder 15. The first due truck on the second alarm in South Boston shall be Ladder 18 and the second due truck shall be Ladder 3. The first due truck on the second alarm response in Hyde Park shall be Ladder 6 and the second due truck shall be Ladder 10.

Company commanders shall make the necessary changes on the assignment cards.

II. TRANSFER.

The following transfer, effective at 8 A.M., Wednesday, November 10, 1954, is hereby announced:

Hoseman John J. Mahoney, Jr., from Engine Company 33 to Fire Prevention Division.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

General Order No. 73.

I. RETIREMENT

The following retirement, in accordance with section 57, chapter 32 of the General Laws, as amended, is hereby announced, to become effective at 8 A.M., Wednesday, November 17, 1954:

Aide-to-Deputy-Chief Henry J. Byrnes, Ladder Company 30.

Aide Byrnes was appointed to the Fire Department November 4, 1927, and he leaves the department with the best wishes of his associates.

II. FIRE ALARM BOXES INSTALLED.

The following fire alarm boxes which were established in General Order No. 68, dated October 29, 1954, have been installed and connected into circuits indicated:

12-134, John F. Fitzgerald Expressway, lower level, southbound (Circuit 10).

13-134, John F. Fitzgerald Expressway, upper level, northbound (Circuit 5).

12-4112, John F. Fitzgerald Expressway, lower level, southbound (Circuit 16).

13-4112, John F. Fitzgerald Expressway, upper level, northbound (Circuit 12).

12-4113, John F. Fitzgerald Expressway, southbound (Circuit 12).

13-4113, John F. Fitzgerald Expressway, northbound (Circuit 16).

16-4125, John F. Fitzgerald Expressway, southbound (Circuit 44).

Company commanders will add above boxes to circuit cards indicated.

The following fire alarm box which was established in General Orders 47, dated July 20, 1954, has been installed and connected into Circuit 20:

13-2361, Ira Allen School, 540 Parker street.

Company commanders will add Box 13-2361 to Circuit Card 20.

Company commanders will correct the designation given for Box 12-2361 by deleting the words "Auxiliary, Ira Allen School," so that the designation of this box will read as follows:

12-2361, Boston Trade High School, 550 Parker street.

The following fire alarm box which was established in General Order 55, dated August 24, 1954, has been installed and connected into Circuit 36:

13-2136, High School of Practical Arts, Winthrop and Greenville streets.

Company commanders will add Box 13-2136 to Circuit Card 36.

Company commanders will correct designation for Box 2136 by deleting the words "Auxiliary, High School of Practical Arts," so that the designation of this box will read as follows:

2136, Winthrop and Cleveland streets.

III. RENEWAL OF DUMP PERMITS FOR 1955.

Permits issued by the Health Commissioner for dumping of ashes and house refuse expire December 31, 1954.

District chiefs are requested to forward to Headquarters on or before December 1, 1954, reports of any objections they may have to the renewal of any dumping permits in their respective districts.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

The Mayor has approved the requests of the Public Improvement Commission for the following construction work:

One catch basin and 28 linear feet of 10-inch pipe surface drain to be constructed in Rutherford avenue, at Chapman street, in the Charlestown district, at an estimated cost of \$500.

Four catch basins and connections to be constructed in Centre street, between Glenhaven road and Grove street, in the West Roxbury district, at an estimated cost of \$2,000.

Five catch basins and connections to be constructed in Centre street, between Spring and Cass streets, in the West Roxbury district, at an estimated cost of \$2,500.

One thousand six hundred eighty linear feet of 24-inch to 12-inch pipe surface drain, 150 linear feet of 10-inch sewer spurs, 12 catch basins and connections to be constructed in Centre street, between Cass street and Glenhaven road, in the West Roxbury district, at an estimated cost of \$25,000.

One catch basin and 27 linear feet of 10-inch pipe surface drain to be constructed in Chapman street, at Rutherford avenue, in the Charlestown district, at an estimated cost of \$500.

Three drop inlets and the conversion of three existing catch basins into man-holes in Pond street, between Avon street and the Brookline boundary line, in the West Roxbury district, at an estimated cost of \$1,000.

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, occasioned by street construction in Hyde Park avenue, for a period estimated to be one (1) week, vehicles are excluded from the following street, effective November 9, 1954:

Greenwood Avenue, Hyde Park.
From Metropolitan avenue to Hyde Park avenue.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 8, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair. Absent, Councilor McLaughlin.

The Reverend Joseph C. Sullivan, of St. Mary's Catholic Church, Waltham, was escorted to the rostrum.

INVOCATION BY REV. JOSEPH C. SULLIVAN.

O God, Who has created men and called them to share in Your government of the world, grant that these here present, enlightened and assisted by Your grace, may discharge the duties of their respective stations with honesty and ability, and thus, having corresponded with the views of the divine providence, may receive the eternal reward which Thou has promised to all who serve You diligently and faithfully. Amen.

The meeting was opened with the salute to the Flag.

REVOKING OF GASOLINE POCKET LICENSE AT 120-127 BORDER STREET, EAST BOSTON.

The following was received:

City of Boston,
Office of the Mayor, November 1, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Committee on Licenses concerning your order of October 18, 1954, relative to the revoking of a pocket license for the keeping or storage of 100,000 barrels of gasoline on the premises at 120-127 Border street, East Boston, issued on June 22, 1949, to State Marine Corporation.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Building Department, October 27, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

A copy of Councilor Piemonte's order of October 18, 1954, concerning the premises at 120-127 Border street, East Boston, has been received.

There is currently in effect for this location a license for the "Keeping, Storage and Sale of Range Oil and Fuel Oil, 100,000 Barrels Equal to 50 Gallons Per Barrel. Gasoline, 100,000 Barrels Equal to 50 Gallons Per Barrel." This license was granted on June 21, 1949. The required fees have been paid annually to the Fire Department and the license is valid, consequently, until April 30, 1955.

As your Honor is aware, since July 20, 1953, all such licenses issued by the Street Commissioners and now by the Committee on Licenses bear this statement:

"Voted, All provisions of this permit and/or license must be exercised on or before six months from date of issuance; otherwise said permit and/or license will be revoked."

This policy was not in effect, however, when the license under discussion was issued.

In the circumstances, the committee feels that it would be well to obtain a written opinion from the Law Department before taking action on the Council order and such opinion has been solicited.

Very truly yours,

CHARLES A. CALLANAN, Chairman,
Committee on Licenses.

On motion of Councilor Piemonte the message was referred to the Executive Committee.

INFORMATION CONCERNING USE OF PARK DEPARTMENT LAUNDRY.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Parks and Recreation concerning your order of October 4, 1954, relative to specific information on the future plans of the use of the Park Department laundry at 249 Dover street, Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Parks and Recreation Department,
October 27, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

This will acknowledge memo from your office with attached enclosure, City Council order regarding future plans of the use of the Park Department laundry at 249 Dover street.

We have just completed the awarding of an architect's contract for the construction of a new boiler room and heating plant adjacent to the present Dover Street Bathhouse. Included in the plans is the rehabilitation of the present structure.

After the architect's plans have been fully completed and presented we will then advertise for construction work to begin.

Very truly yours,

FRANK R. KELLEY, Commissioner.

Placed on file.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1954.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Commissioner of Parks and Recreation, requesting the appropriation of \$25,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Commissioner of Parks and Recreation, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1954 budget estimates for the personal service requirements of the Park Department included an estimate of the total yearly income from the George F. Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$25,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Parks and Recreation Department,
November 2, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I respectfully request that you ask the City Council to transfer from the income of the George F. Parkman Fund the sum of \$25,000 which is now available, to be expended under the direction of the Parks and Recreation Department, as follows: Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$25,000

When making up the budget estimates for the year 1954, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1954, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Parks and Recreation Department.

Respectfully yours,
FRANK R. KELLEY, Commissioner.

Ordered, That the sum of twenty-five thousand dollars (\$25,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Commissioner of Parks and Recreation, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$25,000

Referred to the Committee on Appropriations and Finance.

TRANSFER OF APPROPRIATION TO SNOW REMOVAL.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1954.
To the City Council.
Gentlemen:

I submit herewith an order providing for the transfer of \$20,000 from the budget of the Sanitary Division, Public Works Department, to the appropriation for snow removal. The original appropriation for this latter account is practically exhausted, and the Commissioner of Public Works is desirous of securing salt and sand to be used on the public ways between now and the close of the year in the event of storms causing icy conditions to develop.

I respectfully recommend adoption of the accompanying order.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1949, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Works Department, Sanitary Division, 1, Personal Services, \$20,000, to the appropriation for snow removal, \$20,000.

Referred to the Executive Committee.

APPROPRIATION FOR OFF-STREET PARKING FACILITIES UNDER FITZGERALD EXPRESSWAY RAMPS.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1954.
To the City Council.
Gentlemen:

I submit herewith a communication from the Commissioner of Real Property in which he requests an appropriation to be used for the establishment of metered city-operated off-street parking facilities under the Fitzgerald Expressway ramps from the Sumner Tunnel to Haymarket square to Causeway street. This area has been made available for parking facilities through the cooperation of the Commissioner of Public Works of the Commonwealth. The proposed improvement will be a valuable asset to the area involved.

In order that the work required in the construction of the facility may be completed before the Christmas shopping season, I respectfully recommend prompt consideration and action on the accompanying order.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Real Property Department,
November 2, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

I respectfully request your Honor to request the City Council to transfer to the Real Property Department from the Parking Meter Funds \$80,000 to be used for metered city-operated off-street parking facilities under the Fitzgerald Expressway ramps from the Sumner Tunnel to Haymarket square to Causeway street.

The following is our estimate of the cost of construction and installation:

500 parking meters at \$60.....	\$30,000
Curbing in place.....	15,700
Surfacing with 2-inch bituminous concrete.....	12,800
Electric installations.....	21,500
Total.....	\$80,000

The cost of installation of parking spaces under the ramps would have been much greater except that Commissioner Volpe has graciously volunteered to grade the entire area to provide proper drainage and also to install a six-inch gravel base course, all of which items constitute a substantial savings to the city.

Since time is of the essence, and since we should be prepared to go ahead with our phase of the work as soon as Mr. Volpe completes the grading, drainage, and installation of the base course, an immediate transfer of the funds is essential if we are to complete our work so that the parking facilities can be utilized by shoppers during the period of Christmas shopping.

Respectfully submitted,
HERMAN CARP,
Commissioner of Real Property.

Ordered, That under the provisions of section 22B, chapter 40 of the General Laws, the sum of \$80,000 be, and hereby is, appropriated from the special account "Parking Meter Fees," to be expended by the Real Property Department for constructing an off-street parking area and facilities under the Fitzgerald Expressway ramps in the North End section.

Referred to the Committee on Appropriations and Finance.

APPLICATIONS FOR SHELLFISH PERMITS.

Applications for commercial use shellfish permits were received from the following:

John P. McKeana, 72 Westglow street, Dorchester, Ward 16.

Daniel M. MacDonald, 16 Port Norfolk street, Dorchester, Ward 16.

Referred to the Committee on Licenses.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named:

Claims.

Albert L. Abbott, for compensation for damage to property at 34 Gwinnett street, Hyde Park, caused by water entering basement.

John J. Buckley, to be reimbursed as result of accident which occurred while in performance of duty as employee of Water Division, Public Works Department.

REPORT OF FINANCE COMMISSION ON CITY PLANNING.

The following was received:

City of Boston,
Finance Commission,
November 1, 1954.

To the Honorable the Mayor and City Council.

For some time Boston has witnessed an impressive effort by various official and civic agencies to raise the administrative, social, and economic level of the city. This activity on so many fronts has, doubtless, been encouraged by the demonstrated sincerity of the Mayor and Council in taking such progressive steps as reorganizing the departmental structure of the city government, revamping procedures, adhering to policies of economy, initiating planning, housing, and zoning studies, and the like.

The Finance Commission at this time, for the purpose of suggesting directions along which you may lead this activity, wishes to state its views in this situation.

Any planning for the future of Boston in its political, economic, and fiscal phases ought to take into account, it would seem, those plans and explorations which have already been made. It then becomes easier to determine those areas which have been inadequately covered and call for special attention. This memorandum considers such an approach to the problem.

For the purposes of this discussion, Boston may be viewed as:

- 1) An administrative unit, or governmental and departmental structure;
- 2) A fiscal unit, concerned with balancing expenditure and income, and with the problem of obtaining additional income to meet increasing expenditures;
- 3) A physical and economic unit containing business, industry, residences, neighborhoods, schools, parks, transportation systems, et al., which form the framework of the city's social and economic life;
- 4) The central city of a metropolitan area.

PRESENT STATUS OF PLANNING AND EXPLORATION OF THESE AREAS.

The first step in this approach might be such an examination of the plans and studies that have been made in each of these areas, as appears in the following analysis:

I. The Administrative Unit. The most recent definitive surveys made in this area of the problem are:

- a) The so-called Strayer Survey of the schools (Boston Finance Commission, 1944). A plan for school building has also been produced since then.
- b) The general survey of all other municipal departments made under the direction of the Boston Finance Commission in 1948.
- c) Supplementary surveys made under the sponsorship of the Mayor's Committee on Municipal Finance, currently in existence.

The School Survey of 1944 produced a blueprint of desirable organization and administration for the schools. A reorganization of municipal departments resulted from the general survey of 1948. A continuous objective should be to press for the adoption of the recommendations contained in both these surveys.

A certain amount of desirable reorganization still remains, as well as certain intradepartment changes.

Of equal importance with the production of a blueprint of sound organization and administration is a continuous audit of municipal operations which the Finance Commission attempts to provide. Within the executive branch of the government, control over organization and administration has been strengthened by the establishment of a Department of Administrative Services serving, so to speak, as the right hand of the chief executive.

In brief, the administrative area of this problem has been, in general, well covered, and is under continuous scrutiny. However, legislation where necessary to carry out certain recommendations of the over-all survey of 1948, upon which no action has been taken, should be sought.

II. The Fiscal Unit. The above-listed studies and investigations have the effect of promoting efficiency and controlling expenditures, consistent with a given level of municipal service. Boston, however, is faced with the need for increased revenue to meet the cost of expanding service demands. It is important, however, both in fairness to the taxpayer and to arrest decentralization from the city, that Boston does not look for increased revenue

in the direction of the property tax, on which this city relies to a greater extent than does any other city in the country. The remedy must be sought rather in the State House, where State Legislative Commissions have been considering the question of state-local financial assistance for several years.

A Special Legislative Commission on Taxation issued several reports between March 1, 1951, and November, 1953. This group has been succeeded by a "Fiscal Survey" Commission which is currently considering state-local fiscal relations.

In brief then, there is still much study and exploration, not to mention strong representations to be made in the "fiscal" area of this problem.

III. A Physical and Economic Unit. The General (or comprehensive) Plan of the City published by the City Planning Board in 1950 is the definitive plan with respect to the physical development of the city. This will be supplemented by a rezoning study which is now under way. Related to this planning is the work of the Boston Housing Authority, which has built extensive public housing projects and now plans the "Urban Redevelopment" and "Urban Renewal" of certain areas of the city. Both these latter two programs look to the rebuilding of blighted areas and the conservation of other areas, respectively. The Planning Board works in conjunction with the Boston Housing Authority in these projects, but there is a lack of provision in law of mandatory referral and specific approval by the Planning Board over the planning of school buildings and off-street parking.

The Planning Board's general plan, which presents a proposed area development for Business and Industry, Residence, Schools and Recreation, Transportation, is a well-studied report and undertakes to paint a broad canvas of Boston's future development. One section, however, appears to call for further and more specific treatment. This is the section on Business and Industry.

IV. The Central City of a Metropolitan Area. Considerable attention was focused on this question in 1944 as the result of a contest sponsored by the Boston Society of Architects. Many plans and ideas were produced which looked to the integration of the cities and towns in this area in one way or another, i.e., functionally, politically, or financially. Progress in this direction has been stalled, due to:

- 1) The resistance of the individual cities and towns involved; and
- 2) The lack of a specific plan.

Conditions in the metropolitan area have changed radically in recent years due to:

- 1) The decentralization of residents, commerce, and industry from the central city;
- 2) The creation of new financial problems in many small communities arising from the need for quickly providing extensive new facilities;
- 3) The construction of a system of high-speed arterial highways, which has had the effect of opening up new industrial sites, new residential developments, and a general dislocation within the metropolitan area;
- 4) One effect of the transportation system and the filling up of the spaces between communities has been to make this metropolitan area more compact than ever.

It would appear that the first step in meeting this situation is the adoption of an attitude of planning of this area in the same way that a city planning board plans the development of a community. Such an attitude, moreover, could be formalized by the establishment of a metropolitan planning council. The impact of metropolitan changes on the City of Boston calls for some such device. A precedent may be found in the Division of Metropolitan Planning which existed some years ago.

CONCLUSIONS.

A review of the situation seems to point to the following conclusions:

1) The city viewed as a governmental structure has in general been fully studied; a blueprint of desirable organization and administration has been determined. Future action must focus on compliance with such recommendations, coupled with continuous analysis of municipal operations to promote efficiency and economy.

2) Efforts to improve the city's revenue situation should move along three lines:

- a) Recommendations forthcoming from the Legislative Research Commission should be studied, and those beneficial to Boston should be advocated;
- b) The production of sound property valuations for tax purposes, and the improvement of assessing techniques should be advanced;
- c) A consideration of other tax sources to lessen dependence on property tax should be entertained.

3) Notwithstanding the extensive physical planning which has taken place in Boston, there appears to be a lack of economic analysis and planning. There is a need for, first, gathering data of various kinds, for instance, as regards the central business area it would be useful to have data on retail sales volume, office occupancy, other building occupancy, ratio of taxes to rentals, new building and demolition, traffic and parking counts within the district, terminal facilities, land values, business and industrial location factors, et al.

The report on the Assessing Department in the administrative survey urges that department to collect data, in the following statement:

"In Boston, as in most cities, there is a fertile field for coordinating Assessing Department work with the activities of other municipal agencies in such matters as the collection and pooling of factual and economic data in some mutually useful pattern, in adopting standards of classifying and reporting upon buildings and other structures by commonly acceptable standards, . . ."

Moreover, there is need for an impartial interpretation of data by competent economists as the basis of executive and legislative policy. The city has been continually faced with economic dilemmas which should be resolved by informed economic analysis. Many instances immediately come to mind:

Whether it is in the best interests of the city to accede to the pending request for special tax consideration in the development of the Boston & Albany Yard properties;

Whether such development would adversely affect downtown business and whether that consideration should be honored even if it were so;

What is the probable economic effect of urban redevelopment and urban renewal;

Is the judgment underlying the designation of areas for industrial, commercial development sound in the light of modern business and industrial trends;

Will a proposed transportation or highway plan redound to the economic benefit of the city?

What is the impact of tax proposals on the city? What are the economics of any specific proposal?

What should be the economic policy underlying property values?

In a word, there is need for informed economic analysis. A specialist in economics attached to the Planning Board might serve this purpose.

4) Attention must be centered on the need for metropolitan planning, to achieve a balanced economic and social development of Boston and the metropolitan area; plans should proceed from some form of metropolitan council.

AMENDMENT TO COUNTY CLASSIFICATION AND COMPENSATION PLAN.

The following was received:

City of Boston,
Administrative Services Department,
November 2, 1954.

To the City Council.

Gentlemen:

Under General Laws (Ter. Ed.), chapter 35, section 51, as amended, your Honorable Body has referred to me for report, an order which, if passed, would amend the Compensation Plan for the Officers and Employees of Suffolk County by changing Jail Officers from the compensation grade now allocated to them, namely, compensation grade 16 with a minimum annual salary of \$3,288.60 and a maximum annual salary of \$3,993.30, to compensation grade 18, with a minimum annual salary of \$3,549.60 and a maximum annual salary of \$4,358.70.

The compensation plan provides for one grade differential between Jail Officer and Jail Officer with specialties. The former is in compensation grade 16 and the latter is in compensation grade 17. If this relationship is to be preserved it will mean that the Jail Officers in the specialty class should be assigned grade 19. If this is done and the Jail Officers in the specialty class are assigned grade 19 the relationship between that group and the Assistant Chief Officers will be disturbed. The differential is now three grades. Maintaining the three grade differential would require moving the Assistant Chief Officers to grade 22 from grade 20, which step would be only one grade difference between the position of Assistant Chief Officer and the Chief Officer and the Assistant Deputy Jailor. By moving the two positions of Chief Officer and the Assistant Deputy Jailor to grade 25, which would be necessary in order to preserve the present differential, would not provide sufficient recognition of the responsibilities of the Deputy Jailor which position is now assigned to grade 28 or five grades above that of Assistant Deputy Jailor and that of Chief Officer. To maintain the present differential would require moving the position of Deputy Jailor to grade 30.

The position of Correction Officer assigned to the Deer Island House of Correction is currently assigned to compensation grade 16, or the same grade as that of Jail Officer at the Charles Street Jail. The duties of these two positions are comparable as to responsibilities and authority and by precedent the positions of Jail Officer and Correction Officer have been paid the same salary. If the position of Correction Officer is moved up two grades, as would be necessary for the sake of consistency in the event the position of Jail Officer is advanced two grades, a similar reassignment of all grades for superior officers and specialists assigned

to the Deer Island House of Correction would be necessary along the lines indicated in the preceding paragraph with reference to the superior officers and specialists at the Charles Street Jail.

Similar reassignment of the position of Jail Officer two grades above the present level would, in my opinion, disturb the existing relationship between this position and that of Court Officer assigned to the various district courts. Court Officers in the district courts, with the exception of Roxbury and Dorchester District Courts are assigned compensation grade 17. In Roxbury and Dorchester the Court Officers are assigned grade 19 based on the greater amount of traffic handled by these courts in comparison with that handled by the other district courts.

Further, the classified position of Prison Guard, which is established in the Classification Plan covering positions in all counties of the Commonwealth except Suffolk County, is compensated at a salary range providing a minimum of \$3,240 and a maximum of \$3,960 per annum. This salary range is comparable with the range for compensation grade 16 which provides for a minimum of \$3,288.60 and a maximum of \$3,993.30 per annum to which the position of Jail Officer is currently assigned. Prison Guards are assigned to Jails and Houses of Correction in the various counties of the Commonwealth and their duties are comparable to the duties of the Jail Officer and Correction Officer in Suffolk County.

In summary, the reassignment of the position of Jail Officer to a higher grade in the County Compensation Plan would disturb the relationships between the various positions in the County Plan, these relationships having been determined by comparing the differences in the responsibilities and the duties of the respective positions.

The County Compensation and Classification Plan for the Officers and Employees of Suffolk County has been in existence since 1931 and has not been restudied in its entirety since that date. This office contemplates such a study as soon as it is possible to conduct the project with available man power. In the event such a study indicates the advisability of adjusting the relationship of the various positions indicated in the plan, recommendations will be made to your Honorable Body as a result thereof.

In view of the pending study, it would seem most inappropriate to adjust the plan by singling out any one classification for reassignment to a different compensation grade.

Respectfully,

JOHN A. SULLIVAN,
Supervisor of Personnel.

The report of the Supervisor of Personnel and the order were referred to the Executive Committee.

APPOINTMENT OF COMMITTEE FOR LIAISON BETWEEN BOSTON CITY COUNCIL AND CERTAIN ORGANIZATIONS.

REPORT OF COMMITTEE ON CLAIMS.

Coun. PIEMONTE, for the Committee on Claims, submitted the following:

Report on petition of Edward J. Slattery (referred October 25) for retirement as a veteran—recommending passage of the accompanying order:

Whereas, Edward J. Slattery, employed in the service of the County of Suffolk as chief elevator operator in the Suffolk County Courthouse, has made application to be retired under the provisions of section 58 of chapter 32 of the General Laws, as amended; and

Whereas, The said Edward J. Slattery has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; and that he has been in the service of the county for a total period of 30 years in the aggregate; now, therefore be it

Ordered, That under the provisions of section 58 of chapter 32 of the General Laws, as amended, Edward J. Slattery, employed in the County of Suffolk as chief elevator operator in the Suffolk County Courthouse, be, and hereby is, retired, by the Mayor and City Council, acting as county commissioners, at an annual pension of two thousand four hundred seventy-six dollars and eighty-nine cents, being 65 per cent of his highest regular rate of compensation.

The report was accepted and the order was passed.

CONGRATULATIONS AND FELICITATIONS TO ARCHBISHOP RICHARD J. CUSHING.

Coun. AHEARN offered the following:

Whereas, Today, November 8, 1954, is the tenth anniversary of the installation of Most Reverend Richard J. Cushing as Archbishop of the Archdiocese of Boston; and

Whereas, His Excellency has worked unceasingly and unselfishly for the betterment of all races and creeds in our community; and

Whereas, His Excellency's contributions to the religious, civic, social, and cultural growth of the city have been so many and varied; now therefore be it

Resolved, That the City Council of Boston in meeting assembled hereby extends heartfelt congratulations and felicitations to His Excellency, the Most Reverend Richard J. Cushing, on this happy occasion and expresses its gratitude for His Excellency's outstanding and inspiring leadership and contributions in our community, and asks God's blessings for him and his most worthy undertakings.

Ordered, That a license be hereby granted to use Fenway Park on the afternoon of Sunday, November 21, 1954, for an amateur football game, between the East Boston Tornadoes and the Chipewas of South Boston, to the Nazareth Fund, by Robert Cusick, provided that the provisions of section 25 of chapter 41 of the Revised Ordinances of 1947 relative to liability insurance shall be complied with; the fee for said license shall be \$5.

Passed under suspension of the rules.

COMMENDATION OF BOSTON COLLEGE.

Coun. WHITE and AHEARN offered the following:

Whereas, Boston College has been an institution of higher learning for almost a century; and

Whereas, Boston College has been providing leadership in the religious, business, professional, educational and military fields, and in public life of our beloved community during all this period; and

Whereas, Boston College, under the particular sponsorship of its College of Business Administration, recently inaugurated a series of citizen seminars on the fiscal, economic, and political problems of Boston; and

Whereas, Such seminars are dedicated to an appraisal of the major survival challenges to an old city in a swiftly changing Commonwealth and a discussion of the elements necessary to a stable and prosperous future; and

Whereas, Boston College has undertaken this task in the hope of contributing to the future welfare of the community of which it has so long been a part; and

Whereas, The seminars have as their goal a positive, constructive, and permanent value to the city and all of its citizens regardless of race, creed, or color, then be it

Resolved, That the Boston City Council commends Boston College for this forward-looking move and pledges to the President of the College, the Dean of its Business School, and all others involved in planning the seminars its assistance and fullest cooperation to the end that Boston will become a better place to live, work, and do business.

The resolution was adopted under suspension of the rules.

EQUALIZATION OF RAIL RATES ON IRON ORE.

Coun. HAILER offered the following:

Whereas, The railroads which lead into Boston favor rate equalization; and

Whereas, The Port of Boston and the economy of Boston and Massachusetts, as a whole, will be greatly benefited by rail rate equalization; therefore be it

Resolved, That the City Council of Boston, in meeting assembled, hereby goes on record as favoring the equalization of iron ore rail rates to the steel-producing centers from the Port of Boston.

The resolution was adopted under suspension of the rules.

GYMNASIA FACILITIES FOR GIRLS' LATIN SCHOOL.

Coun. PIEMONTE offered the following:

Ordered, That his Honor the Mayor request the Boston School Committee to provide adequate gymnasium facilities for the students of the Girls' Latin School.

GREETINGS TO NATIONAL COUNCIL OF CATHOLIC WOMEN.

Coun. AHEARN offered the following:

Whereas, The National Council of Catholic Women has honored Boston by holding its Twenty-seventh National Biennial Convention in Boston on November 8-10, 1954; and

Whereas, Said organization is representative of 8,000,000 Catholic women in the United States, from every community in the nation; and

Whereas, Said Council is dedicated to the service of God and country; and

Whereas, Said Council has made many worthwhile contributions to every phase of our nation's social order, with particular emphasis on fostering and strengthening family life and the home, which is a most important unit in our civilization, now sought to be destroyed by Communism and other anti-God organizations; now therefore be it

Resolved, That the City Council of Boston, assembled, hereby extends its warmest greetings and welcome to the National Council of Catholic Women, salutes said organization on this occasion, and expresses its gratitude for said organization's outstanding work and many contributions to the communities and the states of our nation and to the United States of America.

The resolution was adopted under suspension of the rules.

SYMPATHY TO PHILADELPHIA FOR LOSSES IN FIRE.

Coun. HURLEY, for all the members of the City Council, offered the following:

Whereas, As the result of a tragic fire and explosion last week in Philadelphia, Pennsylvania; and

Whereas, Twelve firefighters of the City of Philadelphia were killed as a result of this tragic fire while acting in the regular performance of their duty (four killed outright at the scene and eight more died in the following days); and

Whereas, The loss of these men dealt a terrific blow to the families, friends, and to the City of Philadelphia; therefore, be it

Resolved, That the members of the Boston City Council, in behalf of themselves, the citizens of Boston, and particularly the firefighters of Boston, extend to the bereaved families, their associated firefighters of Philadelphia, and to the citizens of Philadelphia, their utmost sympathy to all affected by this disastrous fire.

The resolution was adopted by a unanimous rising vote.

(Nov. 20.) Superintendent of Construction.

RESTAURANT SANITATION.

Although there are approximately 2,100 eating and drinking establishments in Boston, the Food Division makes a thorough sanitary inspection in each case at least four or five times during the year. Those establishments that require closer supervision are visited more frequently.

A new set of educational posters in restaurant sanitation has been prepared with the assistance of the Health Education Division and is being widely distributed.

The following communication has gone forward from the office of the Mayor:

HON. GEORGE FINGOLD, *Attorney General*,
State House, Boston, Mass.

DEAR SIR:

This is to acknowledge receipt of your letter and copy of report filed by you

(Continued on page 1441.)

CHAIRMAN WM. ARTHUR REILLY OF TRAFFIC COMMISSION REPORTS TO MAYOR HYNES ON RECENT NATIONAL SAFETY CONFERENCE — TELLS HOW OTHER CITIES ARE WORKING TO LESSEN ACCIDENTS AND TRAFFIC CONFUSION — PROBLEMS ALIKE IN ALL SECTIONS OF COUNTRY.

The Chairman of the Traffic Commission, Mr. William Arthur Reilly, attended the recent National Safety Conference in Chicago. Mr. Reilly has submitted the following report to the Mayor:

DEAR MR. MAYOR:

In connection with my recent trip to the National Safety Conference in Chicago

(Continued on page 1441.)

At the dinner of the New England Council at the Hotel Statler on November 18 Mayor DeLesseps S. Morrison of New Orleans was the guest speaker. He spoke on the improvements in port trade since the organization in his city of a group of businessmen and leading citizens to improve conditions. In his address he spoke as follows after being introduced by Mayor John B. Hynes: *Governor Herter, Mayor Hynes, General Duffie, Distinguished Guests, Ladies and Gentlemen:*

I bring you tonight warm, friendly greetings from the Queen City of the Deep South to the great City of Boston — the cultural, industrial, and commercial center of this rich and productive New England area.

It is also a great honor for me to join all of you in honoring Governor Christian A. Herter, just recently re-elected Governor of the Commonwealth of Massachusetts. Somehow I feel, and I know that Mayor John Hynes has often expressed to us, that Boston and New Orleans have very much in common. We both pride ourselves on our illustrious cultural heritage and the distinctiveness which each of our cities has in America. We are both large seaports and as such are important gateways to and from the nations of the world. By American standards we are both old cities, with colorful historic backgrounds, and though your customs and accents may be a bit different from ours, we have indeed very much in common. And, by the way, we have forgiven General “Spoons” Butler for his acts of indiscretion in New Orleans way back in our Occupation Days. On his last visit to our city Mayor Hynes apologized for the general’s conduct and his sticky fingers.

World Trade Center.

Tonight my principal theme will be a discussion of the international program which can be advanced by the cities and by the states of our nation. I also want to talk about your World Trade Center, which deserves not only the thanks and congratulations of this region, but, in our opinion, the thanks of the nation. Building sound and substantial foreign trade through friendship and understanding means very much toward providing a real economic foundation for a strong and healthy free world. In order to accomplish this, we need an aggressive international program not only in Boston and New Orleans, but in all the principal seaports of our nation, and we need a greater and more active backing for such a program by the powers-to-be in our nation’s capital.

Ladies and gentlemen, I am not an economist, nor a foreign trade expert, but, as Mayor of the City of New Orleans, I have been exposed to a lot of foreign trade development. For the past nine years I have been working actively on what has often been called a “pilot project” of our port and city in the field of international relations. My particular activity has been a concentration on the development of two-way trade between our port and area on one hand and the 20 republics of South and Central America on the other.

(Continued on page 1439.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

ADDRESS OF MAYOR DELESSEPS S. MORRISON OF NEW ORLEANS AT THE DINNER OF THE NEW ENGLAND COUNCIL.

(Continued from page 1437.)

South American Trade.

In this period I have journeyed to South and Central America on 19 different occasions — on tours, with trade groups, public officials, and with trade experts. As a result of this mass undertaking, which has captured the imagination of our community, we have today, we believe, achieved many wonderful gains. Specifically:

1. We have established and developed a tremendous amount of good will and understanding between all of the countries of South and Central America on one hand and our own nation on the other.

2. In the past five years we have actually doubled the exports and imports of the Port of New Orleans. In 1954 we expect to break the \$2 billion mark of exports and imports — to mention nothing of the additional 50 million tons of river and coastal traffic which passes also through our port.

It is my humble opinion that there is no civic project which you can undertake in Boston which will ultimately benefit your community, your state, and the nation more than the furtherance of your World Trade Center and the expansion of an international program in your particular area.

It would certainly be presumptuous for me to tell New Englanders what they should do or should not do. You are too well known throughout our nation and the entire world for the great feats that you have performed here. Boston we recognize as the real "fountain of ideas" which have reared and helped to make America great.

But tonight I shall try to describe to you some of the things which we have done in New Orleans to promote foreign trade and international good will, and perhaps our experiences can be of some benefit to you as you proceed with your fine program.

As I attempt to cover this program I am reminded of the oil operators, who say "Don't strike in 25."

Nine years ago, when I assumed the office of Mayor, there was a lot of skepticism about the city government becoming so involved and participating in an international program of foreign trade. We had set up in the Mayor's staff a Director of International Relations, who, together with the newly created International House and the Dock Board, was planning and setting in motion our postwar trade program.

I had just come out of the army, and obviously a lot of my friends who were securing posts in our new city government were fellow officers. My opposition at the time coined a little comment which was somewhat in the nature of ridicule. They said, "To get a job at City Hall you either have to be a colonel in the army, or have a Spanish accent." (Before I got too boastful, I was taken down a peg further the other day, when a political crony hailed me, "Say Mayor, how about a job at City Hall? I'm tired working.")

GOOD FOR BUSINESS.

May I say that nine years have made a great difference. Every merchant, every businessman, our hotels, restaurants, and everyone involved in the commercial life of New Orleans today fully appreciates and realizes that a few Spanish accents here and there are mighty good for business. In fact, the foreign language classes of International House, as well as the local universities, have been packed and overcrowded with many people that are trying to keep step with the Pan-Americanism of our city and area.

We have often said that 70 cents out of every dollar in the City of New Orleans is directly or indirectly attributable to our seaport. So we can fully appreciate what South and Central America mean to New Orleans when we tell you that 74 per cent of our total export business today goes to this area. Before World War II our South American trade represented only about one third of the business of our port.

But I am not here tonight to talk South and Central America. If I were, I could speak for hours, because I have a sincerely enthusiastic feeling that this is the part of the world where we should concentrate a great amount of our effort and activity—not only for New Orleans, but for Boston, New York, Philadelphia, and all of the seaports of the Eastern Seaboard. In fact, you are as close, if not closer, geographically to Buenos Aires, Montevideo, Rio, and Sao Paulo, the big population centers of South America, than we are.

And, by the way, this is the area of the world which is improving and progressing by "leaps and bounds." Relatively speaking, they are increasing in population, in wealth, and improving their standard of living faster than any other area in the world—and they are our real friends and neighbors.

NEGLECTING POTENTIALITIES.

While we spend billions of dollars in Europe and Asia in fighting Communism and trying to build a strong economy in those hemispheres, we are literally taking our South American neighbors "for granted." There are 130 million people in these 20 republics today, and by 1980 it is estimated that they will have 200 million inhabitants.

They are just beginning to have steel plants, coal and iron mines, heavy industry, and industrialization. In many areas they are just beginning to become first-class economic customers who have the dollars and where-with-all to buy our American products—and may I say that the beauty of this type of trade is that it is two way, wherein the exports and imports to and from South America are almost equal in volume.

As an example of the great success of this north-south business, we have a home-owned steamship company which now operates 17 vessels to and from Brazil, Uruguay, and Argentina, which at times has full cargoes backed up as much as three months in both directions. This is true in spite of the great dollar shortage which is now a temporary problem in these particular areas. I say temporary, because as soon as they can get their own production up to proper levels, they will earn additional dollars, and thereby increase greatly the flow of commerce between themselves and ourselves.

The key word which we have adopted in all of our activities is "understanding." As a rule, a better understanding is ultimately the solution to most of our problems. This is why interchange between our leaders in the Deep South and the leaders in business and government in South and Central America is so essential. Through this interchange we understand each other better, we solve our difficulties and problems, and we are drawn closer and closer together both for purposes of increased trade, and for the greater purpose of international peace and good will.

We had the opportunity once of driving home a very fine lesson in what "understanding" can mean in the saving of millions of dollars of national income. It was pointed out at the Inter-American Municipal Congress in Montevideo two years ago that the U. S. A. has 3,000 miles of border between itself and Canada, and 1,500 miles of border between itself and Mexico. Because of understanding and trust we do not have a single border fort; no armaments and not a single soldier guard our frontiers between ourselves and our neighbors to the north and south. On the other hand, because of a lack of trust and understanding, countries throughout South and Central America have spent millions of dollars annually for border forts, patrols, and border defenses, defending themselves against each other.

LACK OF UNDERSTANDING.

There was only one reason for this, and that is the lack of understanding, which, in turn, carries with it fear and distrust of each other. And may I say there is only one way to counteract this lack of understanding, and that is through a greater interchange of people—meeting and talking and doing business together. It's the same old story of "I will like you much better if I know you."

I have been very much impressed with the spirit of the Mayor of Boston and his business friends who have "picked up the ball" and have achieved a new international outlook. This has taken effect in your World Trade Center project, but it needs to be implemented and followed up and pursued as vigorously as possible.

This is a highly competitive world. In our last trip through South America, back in August of this year, we found a lot of our European competitors moving into many areas and taking away a great amount of the business that would normally go American. I would like to illus-

trate this mainly to impress upon you the great need of our country being more fully aware of the role it can play in Western Hemispheric trade.

I went to the new steel plant at Paz de Rio, Colombia, where an ambitious group of Colombian businessmen, together with the assistance of the Colombian Government, have financed a \$150 million basic steel industry. They were turned down in their quest for American capital because of a negative report submitted by a Mr. Laughlin Currie, representing the World Bank. As a result, they had to go to Paris, France, to make their loan, and there secured liberal credit which our country and our private bankers were unwilling to extend. Today, Paz de Rio is a beehive of new activity, with some 400 French families imported to Colombia to do the technical work with "made in France" machinery all the way from the seaport to the steel mill. The same is true, also, with the Santa River project in Peru, where the French are financing approximately \$200 million of basic improvement—a hydroelectric power plant, a steel mill, and coal and iron mines. Again, United States capital missed the boat.

U. S. BACKWARDNESS.

It was my great pleasure to meet President Getulio Vargas, four days before he committed suicide, just after he had returned from dedicating the Mannesmann Steel Plant at Bel Horizonte in the State of Mina Gerais, Brazil. This again is a 100 per cent German operation, financing and construction. President Vargas also spoke about the great reluctance that the United States had in approving a loan for \$75 million to double the capacity of Brazil's other steel plant at Volta Redunda. Some of our big steel people were recommending that we decline to make the loan, as this might take away some of our Brazilian steel orders.

We feel that such a policy is very shortsighted, because if Brazil can have a basic steel industry, increase her production, and correct her "dollar famine," she can buy ever so much more from us—radio sets, televisions, refrigerators, electrical appliances, and many of the articles of modern living which we sell to the world.

I cite these four instances to prove to you that instead of extending and liberalizing our credit, we are restricting it to our great disadvantage. Countries which we are supporting with billions of dollars of United States aid are able to go to South America and outbid the United States for the future Latin trade—of course, using to some extent our grants to bolster their own economic position and making it possible for them to extend this kind of credit. Yet we, ourselves, have been unwilling to match them.

This is an ugly story that needs immediate correction, and it is doing a great amount of harm at the present time. South American businessmen prefer to make their contracts with United States businessmen and with the United States Government. As a rule, our products are superior and cheaper in the long run. Our techniques are usually a little more advanced, and so what they prefer is "made in the U.S.A.," but they have to get what they can and what is available to them, particularly in the case of credit.

Incidentally, while we are spending billions in outright grants to combat Communism in Asia and Europe, we are not even willing to extend credit

(not gifts) to South and Central America for the construction of self-liquidating projects. Basic industrial expansion through power plants, steel mills, mining, etc., are definitely self-liquidating projects which will pay us back for every dime we loan.

STRONGER AMERICA.

All is not bleak on the horizon. I am pleased to see that in the last few weeks there has been announced an allocation of \$500 million through the Export-Import Bank for South and Central American loans. We hope this is followed up and that our "powers-to-be" in Washington can fully grasp the importance of having a stronger and more secure Western Hemisphere—we should say a stronger and more secure America. Actually there are 21 Americas, including the United States of America. (And, by the way, the republics of South and Central America object to being called Latin-American.)

And now to get back to a more specific program for your individual area or city. What I have to tell you is well known to Mayor Hynes and Commissioner Goodrich and the other gentlemen who accompanied them to New Orleans a few years ago. In brief, our international program consists of four major activities:

- (a) International House.
- (b) International Trade Mart.
- (c) Foreign Trade Zone of the Port of New Orleans.

(d) International Relations Department of the city government.

(a) *International House.* Shortly after World War II our business community decided that we should never let ourselves go back to the lethargy of the post World War I period. World War II had stimulated us to a peak of community activity. With the war over, our aim was not to drop back but to move forward at an intensified rate. Approximately \$1½ million of private capital was invested in the purchase and renovation of a 10-story office building in downtown New Orleans. It was opened for business after a complete remodeling and air-conditioning job in 1945. Today, International House has outgrown its present quarters and has approximately 2,500 members throughout the world, supporting its budget of \$300,000 per year. It is a nonprofit private organization which has 42 full-time, technically trained officials and employees, bilingual offices, conference rooms, a complete international library, an auditorium, salons, dining rooms, etc. They have no products specifically to sell or to advertise—only good will and understanding, along with the general trade of our area.

(b) Closely affiliated with International House is the International Trade Mart, another private, nonprofit institution which is a display center for the products of manufacturers in the United States and abroad.

Twenty nations of South and Central America and of Europe have established full-scale exhibits in this modern market place, and so have many firms of the mid-continent area. The Trade Mart is a sort of permanent world trade fair located in another building of 76,000 square feet, one block from International House. Here the foreign buyers are able to see and order American goods without touring endless inland factories. American businessmen in turn can inspect a cross section of European and South American products. An indication of its popularity and success—and the popu-

larity and success of International House—is the fact that both institutions, representing a capital outlay of over \$3 million, have outgrown their present quarters and are now thinking of new larger quarters for their operations in the new Civic Center area.

FOREIGN TRADE ZONE.

(c) A third member of the International Team is the Foreign Trade Zone of the Port of New Orleans. This is an area on our river front designated by United States treaty as being technically outside of the United States—no customs, duties, tariffs, or taxes paid or levied on foreign shipments brought into this zone. They may be processed, labeled, sorted, and repackaged for shipment into the United States or for reshipment to other countries—in the latter instance without ever having officially entered this country. Our Foreign Trade Zone is now operating at a profit and is creating a lot of new tonnage and additional dollars for our expanded seaport.

Incidentally, while speaking about our port, I am hoping that I can impose upon Mayor Hynes and the Port Commission of Boston to show me your most recent and sensational port improvements. We have heard a lot about them.

(d) Last, and perhaps not least, is the international program of the city government. I say "not least" because the city government is an essential part of this international team. You need the direct participation of your leaders in government to make this program a success. Not only is it essential that you travel frequently to South and Central America in the interest of new trade, heading up delegations, etc., but it is also essential that the Mayor and the Governor, the members of the City Council, and the business community "pitch in" to the fullest extent and take care of and play gracious hosts to our South and Central American neighbors when they come to see us and when they come here to do business.

Their psychology of business is a bit different from ours. They are not quite as matter of fact and "cut and dried" as American businessmen are in their undertakings. With our friends to the south, there is an additional social grace which must go along with business. This is hard for the American businessman to understand. He wants to walk in, lay his cards on the table, and make a deal.

With our South and Central American friends, it is essential that we understand each other first through the exchange of social greetings and activities.

And there you have a summary of our program which we recommend to you for whatever it is worth. At the same time we would like to emphasize that there are a great many civic agencies, firms, and organizations who are likewise a part and parcel of our international program.

Two World Wars, Korea, and the Atomic Age have reduced the physical isolation of our nation. With physical isolation gone, no longer can any of us dwell in "mental isolation."

The scientific advancement of mankind has made it imperative and essential that social, political, industrial, and economic thinking keep pace with scientific progress. An ironic thought to consider is that man has evolved out of scientific research the most terrible weapons which could well destroy civilization, and, as yet, has failed to work out the much more simple

ways and means of existing and working together peacefully on this earth. We have got a lot of knowledge in our heads—but have we got understanding? That is the big question and the principal one to which we of international thinking should devote ourselves.

If I have any message finally to leave with you tonight, it would be this—that as we move forward into the second half of the twentieth century, I believe that our world, our hemisphere, will be that of a world of great diversity, held together by a concept of common interest, trade, and understanding. Boston and New Orleans must both look forward to this important future. Together we must marshal our leaders in government and business to work with ever increasing diligence on the greatest mission that we could ever undertake, namely, the ultimate goal of international understanding and world peace.

MAYOR HYNES REFUTES CHARGES OF ATTORNEY GENERAL FINGOLD REGARDING CITY HOSPITAL.

(Continued from page 1437.)

with the Commissioner of Public Health for the Commonwealth of Massachusetts in reference to the epidemic of diarrhea at the Boston City Hospital.

In connection with this report, please let me make it clear that any statement, or inference, that economy at the expense of the sick people was practiced at the City Hospital because of orders or directions of anyone at City Hall is erroneous. At no time during the past five years were the trustees of the City Hospital, the Budget Commissioner, or the Mayor informed that the Pediatric Service at the City Hospital was acutely lacking in necessary equipment. As a matter of fact, each year the appropriating authorities at City Hall were assured that sufficient monies had been provided in the hospital budget for that department to meet all its needs and requirements.

You might be interested to know that the total yearly budget allowance for the City Hospital now exceeds \$11,000,000, as against an allowance of \$9,700,000 in 1950. You might also be interested to know that in this five-year period \$525,000 has been allowed for medical, dental, and hospital equipment of the kind and character that could have been utilized by the Pediatric Service. You might be further interested to know that in this same five-year period approximately \$1,400,000 has been allowed in the hospital budget for equipment of all kinds in the Hospital Department.

From these figures you may judge whether or not the appropriations have been niggardly with respect to the needs of the hospital. I might add, at this point, that once an appropriation is made for equipment, there is no determination made at City Hall as to the place in the City Hospital or the manner in which that allowance is spent by the administrative officials of the hospital. Therefore, it is quite evident that any acute shortage of equipment in the Pediatric Service was not because of lack of funds or because of any orders issued through City Hall channels.

I believe it is well to keep in mind that City Hospital is not "managed"

from City Hall. It is well also to keep in mind that the hospital is not "managed" by the board of five unpaid trustees, whose primary function is to determine matters of policy rather than matters of routine administration.

Whenever, in the past, any administrative problem has arisen in the hospital, and has been brought to the attention of the trustees and other officials, that problem has been given prompt consideration and has been solved. The reason the situation in the Pediatric Service was not more quickly solved is solely because the acuteness of that situation was never brought to the attention of the trustees, the Budget Commissioner, or the Mayor.

It has never been, and never will be, the practice of this administration to save dollars at the expense of sick people or sick children, as suggested in your report. If that were our objective, I would hang my head in shame. The City Hospital is a big institution. Its good operation depends largely on the administrative staff, without any interference from City Hall which might be classed as political. During the years I have been Mayor there has been no political interference with the administration of hospital affairs, and neither has there been any denial to hospital administrative officials of sufficient funds to conduct the institution on an efficient basis. I am happy to report to you, and to the public at large, that a new Pediatrics Unit will shortly be built and put into operation at the City Hospital, and I am also pleased to report that no effort will be spared to enhance the good reputation of our hospital. I might add that competent authorities will inform you that during the past five years the City Hospital has improved its services, has improved its reputation, and has improved its methods of serving patients. We shall continue to make improvements which will enure to the benefit of the hospital patients.

You may rest assured that no economies at City Hospital will be suggested or made if, by any stretch of the imagination, those economies will endanger the lives or the health of the sick people at the institution.

Respectfully,

JOHN B. HYNES, Mayor.

TRAFFIC COMMISSIONER'S REPORT ON NATIONAL SAFETY CONFERENCE.

(Continued from page 1437.)

go and to various other cities, I wish to report that in general the proceedings at the National Safety Conference dealt with details of administration and recent developments of traffic devices such as roadway markers and signs.

It was learned that the Bureau of Public Roads has approved red "Stop" signs which in the near future may replace the yellow signs now installed wherever "Stop" streets are established.

Likewise, it was revealed that many cities are eliminating "Stop" signs altogether and substituting in their place signs that read "Yield Right of Way." This is a return to the old principle where a person on the right has the right of way at all times and is consistent with the procedure that applies to sea travel and air travel.

There are so many "Stop" signs now that many motorists do not stop but slow down so that they become law violators. The use of "Yield Right of Way" signs eliminates the insistence of violators because it requires a driver to slow down approaching an intersection so marked. If an accident then occurs the person on the right automatically is free of responsibility for the accident.

One observation which I made is that the City of Providence, Rhode Island, has a simplified accident recording system which is an improvement over the machine system used in many communities but which is expensive and requires the use of punched cards and leased equipment. It is my intention to visit Providence and see the system in operation to determine whether or not we can adopt it in Boston in order to achieve better accident records.

I talked with various traffic officials of large cities and found that their problems are similar to ours and that their activities are, likewise, similar to ours.

I witnessed the enforcement of a pedestrian law in Cincinnati, Ohio, and Buffalo, New York, and found it effective on some streets and ineffective on others. Where the police were in attendance the pedestrian laws were observed but where the police were absent pedestrian activities were similar to ours in Boston.

In Detroit and Buffalo I observed traffic conditions similar to ours caused by the construction of overhead expressways in those cities.

The one phase of activity which I observed in each of the cities I visited which seemed to be in contrast with ours was the subject of roadway painting. In almost every city I found much more extensive roadway painting than we have in Boston. Lane lines throughout the cities; stop lines in addition to pedestrian crosswalks are seen in all of these cities.

We do not have stop lines at our intersections, so that frequently motor vehicles park over into the pedestrian crosswalks and we do not paint lane lines to the same extent that other cities do.

All traffic problems seem to be during the hours of 8 A.M. to 10 A.M. and 4 P.M. to 6 P.M., and only in Cincinnati and Buffalo did I witness traffic congestion on the streets during the day hours equivalent to our own day time hours. Outside of these peak periods in every city during the 8 to 10 morning hours and 4 to 6 evening hours heavy congestion is the rule.

In none of the cities I visited did I find an all-day parking ban, but I found a consistency in regulations similar to ours prohibiting parking during certain hours and on heavily-traveled streets.

I viewed the municipal garages in Chicago, particularly the underground garage at Grant Park and the automatic garage near City Hall and thus gained the position whereby I can speak from personal observations when commenting upon our own off-street parking plans.

I witnessed the effect of the new subway in Toronto, Canada, and rode upon the transit vehicles of all cities I visited.

In substance, however, I found no dramatic instruments adopted by or planned by any community which have resulted in, or expected to result in, substantial relief from traffic congestion. All of the cities visited are depending

upon a balanced program including expressways proposed or under construction; extensive off-street parking spaces and rapid transit subsidies as the sole hope for keeping up with the ever-increasing volumes of vehicular traffic.

In this respect I am sure the City of Boston is not behind the times in any of its traffic activities and it is the envy of many cities because of its subway system and the setup of its Traffic Commission.

The communities visited at city expense were Chicago and Buffalo and Milwaukee. At my own expense I visited Kansas City, St. Louis, Cincinnati, Dayton, Detroit, and Toronto, covering nine cities in the thirteen days, seeing a cross section of large and medium sized communities.

Respectfully yours,

WM. ARTHUR REILLY,
Commissioner.

EXTENSION OF BROOKWAY ROAD.

The Public Improvement Commission has ordered a public improvement consisting of the laying out of an extension of Brookway road, West Roxbury district, as a public highway, from Archdale road approximately 426 feet southerly, bounded and described as follows:

An extension of the highway named Brookway road is hereby laid out, from Archdale road approximately 235 feet southerly, over and including a portion of Archdale road (without construction).

Said highway and the land, exclusive of trees, shrubs, or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Brookway road (highway), 51.20 feet; easterly by the easterly line of Brookway road as hereby laid out, by two measurements, 136.84 feet and 90.94 feet on a curve of 275 feet radius; southerly by the southerly line of Brookway road as hereby laid out, 72.03 feet; and westerly by the westerly line of Brookway road as hereby laid out, by three measurements, 95.08 feet on a curve of 345 feet radius, 87.17 feet, and 63.88 feet.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission determines that no person sustains damages in their estates by the making of the public improvement consisting of the laying out of an extension of Brookway road, West Roxbury district (without construction), from Archdale road approximately 235 feet southerly, over and including a portion of Archdale road, under the order of the commission of September 22, 1954, and awards no damages therefor.

ORDER REVOKED.

The Public Improvement Commission has

Voted, Whereas, an order of the Board of Street Commissioners, approved by the Mayor July 2, 1917, and recorded in Suffolk Registry of Deeds July 3, 1917, provided for the taking of an easement for sewerage purposes in DeStefano road, West Roxbury district, and the construction of 300 linear feet of 10-inch pipe sanitary sewer and 320 linear feet of 10-inch pipe surface drain therein; it is hereby

Ordered, That said order providing for the construction of sewerage works in the above mentioned taking, be, and the same hereby is, revoked and made void.

Ordered, That the assessment liens created by said order of July 3, 1917, be, and the same hereby are, canceled.

ADAMS STREET REPAIRS.

The Public Improvement Commission has

Voted, That this commission, having passed the order of notice relating to the public improvement, hereinafter described, and having caused a copy of said order to be published September 17, 18, 20, and 21, 1954, in the Boston Post and Boston Herald, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public necessity and convenience require, does hereby order that specific repairs be made in Adams street, Dorchester, between Minot street and Gallivan Boulevard, consisting of the reduction in width of the existing sidewalks, as shown on a plan on file in the office of this department.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon November 18 the Mayor approved a contract with Joseph A. Jacobs for razing of the George Putnam School.

Bids, opened November 15, were as follows:

Joseph A. Jacobs, \$4,200; City Building Wrecking Company, \$6,489; Mystic Building Wrecking Company, Inc., \$7,375; American Building Wrecking Company, Inc., \$7,465; Hub Building Wrecking Company, Inc., \$7,475; Domino Building Wrecking Company, \$9,500; New England Building Wrecking Company, \$9,500; New York Building Wrecking Company, \$13,800.

PUBLIC WORKS DEPARTMENT.

Upon November 10 the Mayor approved a contract with Z. & S. Construction Company, Inc., for laying water pipes in Glendower street, Ward 18; Mossdale road, Ward 19; Atwill Road Extension, Haviland road, and Selwyn street, Ward 20, and such additional locations, if any, as may be designated by the Commissioner of Public Works, at an estimated cost of \$4,720. The work to be done under this contract is to be completed March 31, 1955. The following bids were received November 10.

Z. & S. Construction Company, Inc., \$4,720; D. Federico Company, \$4,890; Bagarella Construction Company, Inc., \$5,450.50; Susi & DeSantis Company, Inc., \$5,880; Joseph Capone & Son, \$5,935.

Upon November 18 the Mayor approved a contract as requested in the following letter:

BOSTON, November 16, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested to the award of a contract for masonry repairs to Malden Bridge piers

and abutments to M. Solimando, 584 Columbia road, Dorchester, in the estimated amount of \$4,400.

The South Shore Waterproofing Company has requested that its proposal in the amount of \$1,900 be rejected as it made an error in estimating costs when submitting its bid in the above sum, adding that this figure of \$1,900 in no way even approaches a fair price for the work. Inasmuch as our engineer's estimate for the work was in the sum of \$5,000, it is quite apparent that the \$1,900 price is an abnormally low one for the subject work and does not present a circumstance of which the city ought to take advantage, nor do I feel that to do so would be in the best interests of the city. I therefore propose that the bid of the South Shore Waterproofing Company in the sum of \$1,900 be rejected.

D. Volpe Company, Inc., which submitted a price of \$4,165 to this department for the work does not qualify as an eligible bidder in that this firm failed to deposit a duplicate of its bid with the City Auditor as is mandatory under the Acts of 1909, chapter 486, section 24.

I respectfully request your authorization to award the subject contract to M. Solimando, 584 Columbia road, Dorchester, a Boston contractor whose bid in the sum of \$4,400 represents one of two equal bids by the two contractors who, excepting as aforesaid, submitted the lowest price for the work.

The work to be done under this contract is to be completed within two months from the date of the order to commence work.

The following bids were received November 4, 1954, after advertising in the *City Record* October 23, 1954:

South Shore Waterproofing Company, \$1,900; D. Volpe Company, Inc., \$4,165; M. Solimando, \$4,400; Gunite Restoration Company, Inc., \$4,400; Nick Tracy, \$4,672; National Gunite Corporation, \$4,800; Dane Construction Corporation, \$4,980; L. M. Mercer & Son, \$7,980.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Upon November 18 the Mayor approved a contract with Faletra Brothers, Inc., for construction of pedestrian underpass, cement concrete stairs, and bituminous concrete walks in Brookway Footpath, Ward 19, and bituminous concrete sidewalks in Bradeen Street Footway, and Brookway terrace, Ward 19, at an estimated cost of \$21,665. The work to be done under this contract is to be completed December 31, 1954. The following bids were received November 12:

Faletra Brothers, Inc., \$21,665; M. Solimando, \$23,245.50; Carriere Construction Company, \$24,240.50; John J. Botti, \$24,869; J. A. Singarella Company, \$26,917; Martin J. Kelly Company, Inc., \$28,244.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract dated September 2, 1954, with Baker & Co., Inc., 3475 Washington street, Jamaica Plain, for bituminous concrete pavement in Morton street, Harvard street to about 412 feet north of Cemetery road, from October 23, 1954, to December 18, 1954. This extension was requested because of the fact that

this is a "Chapter 90" contract, and the State Commissioner of Public Works has recommended the extension of time of completion.

AMENDMENTS TO ORIGINAL AWARDS OF DAMAGES.

The Public Improvement Commission has voted amendments to original awards of damages as follows:

Voted, That the amount of \$385 be, and the same hereby is, awarded to Anthony and Frances Carrara for all damages sustained under the order of the Board of Street Commissioners and Mayor of March 27, 1953, for the laying out and construction of Oakmere street, West Roxbury district.

Voted, That the amount of \$75 be, and the same hereby is, awarded to William F. and Margaret E. Mahoney for all damages sustained under the order of the Board of Street Commissioners and Mayor of August 26, 1953, for the laying out and construction of Alward road, West Roxbury district.

Voted, That the amount of \$385 be, and the same hereby is, awarded to Marjorie W. O'Connell for all damages sustained under the order of the Board of Street Commissioners and Mayor of November 21, 1952, for the laying out and construction of Pitsmoor road, West Roxbury district.

Voted, That the amount of \$535 be, and the same hereby is, awarded to John and Agnes Oberling for all damages sustained under the order of the Board of Street Commissioners and Mayor of November 21, 1952, for the laying out and construction of Wyvern street, West Roxbury district.

Voted, That the amount of \$145.33 be, and the same hereby is, awarded to Richard H. Doughty for all damages sustained under the order of the Board of Street Commissioners and Mayor of June 8, 1953, for the laying out and construction of Macdonald street, Hyde Park district.

Voted, That the amount of \$115 be, and the same hereby is, awarded to Carlo and Dorothea J. Talento for all damages sustained under the order of the Board of Street Commissioners and Mayor of September 12, 1952, for the laying out and construction of Buchanan road, West Roxbury district.

Voted, That the amount of \$50 be, and the same hereby is, awarded to Angela A. Collins for all damages sustained under the order of the Board of Street Commissioners and Mayor of August 26, 1953, for the laying out and construction of Alward road, West Roxbury district.

Voted, That the amount of \$450 be, and the same hereby is, awarded to Aleksander and Barbara H. Krewko for all damages sustained under the order of the Board of Street Commissioners and Mayor of February 21, 1953, for the laying out and construction of Eugenia road, West Roxbury district.

LAYING OUT FOOTWAY IN WEST ROXBURY.

The Public Improvement Commission has ordered a public improvement con-

sisting of the laying out and construction of a public footway in the West Roxbury district, between Brookway terrace and Hyde Park avenue, with the name of Brookway Footpath or some other distinctive name, bounded and described as follows:

A public footpath, named Brookway Footpath, is hereby laid out from Brookway terrace to Hyde Park avenue, and ordered constructed.

For the making of the aforesaid improvement an easement for footpath purposes is hereby taken in the following described land, inclusive of structures standing upon or affixed thereto:

A parcel of land, supposed to belong to City of Boston, bounded:

Northwesterly by Brookway terrace, 30.13 feet; northeasterly by the northeasterly line of Brookway Footpath as laid out under this order, 39.71 feet; easterly by land hereinafter described as taken from New York, New Haven & Hartford Railroad, 36.97 feet; and southwesterly by the southwesterly line of Brookway Footpath as laid out under this order, 58.56 feet, containing 1,474 square feet, more or less.

A parcel of land, supposed to belong to New York, New Haven & Hartford Railroad, bounded:

Westerly by land hereinbefore described as taken from City of Boston, 36.97 feet; northeasterly by the northeasterly line of Brookway Footpath as laid out under this order, 122.26 feet; easterly by land hereinafter described as taken from City of Boston, 37.23 feet; and southwesterly by the southwesterly line of Brookway Footpath as laid out under this order, 122.68 feet, containing 3,674 square feet, more or less.

A parcel of land, supposed to belong to City of Boston, bounded:

Westerly by land hereinbefore described as taken from New York, New Haven & Hartford Railroad, 37.23 feet; northeasterly by the northeasterly line of Brookway Footpath as laid out under this order, 260.41 feet; easterly by Hyde Park avenue, 37.02 feet; and southwesterly by the southwesterly line of Brookway Footpath as laid out under this order, 260.04 feet, containing 7,807 square feet, more or less.

Said Brookway Footpath as hereby laid out is bounded:

Northwesterly by Brookway terrace, 30.13 feet; northeasterly by the northeasterly line of Brookway Footpath as hereby laid out, 422.38 feet; easterly by Hyde Park avenue, 37.02 feet; and southwesterly by the southwesterly line of Brookway Footpath as hereby laid out, 441.28 feet, containing 12,955 square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission determines that the undermentioned estates sustain damages by the laying out and construction of Brookway Footpath, West Roxbury district, from Brookway terrace to Hyde Park avenue, under the order of the commission of September 22, 1954, in the amounts hereinafter respectively set against them and awards said amounts therefor:

City of Boston, 1,474 square feet, nothing.

New York, New Haven & Hartford Railroad, 3,674 square feet, \$1.

City of Boston, 7,807 square feet, nothing.

POLICE DEPARTMENT ORDERS.

General Order No. 1,958.

On October 12, 1954, Patrolmen John P. Shepard, Jr., and Maurice R. Wall, of Division 10, were informed by a taxi driver that he had been robbed by two passengers. They placed the victim in the radio patrol car and proceeded to the scene of the crime and commenced a thorough search of the neighborhood. It soon proved fruitful when they saw two men walking together. As the officers approached them they fled and in the ensuing pursuit one suspect fired a shot directly at the officers, missing them, fortunately. Whereupon Patrolman Shepard fired one shot and one of the men was heard to make an outcry, stumble, and manage temporarily to elude capture. His companion was captured at gun point and identified by the taxi driver. Later, on another division, the second man was picked up with a bullet wound in his shoulder. He also was identified by the taxi driver.

As a result of these arrests several other crimes committed in Boston, Cambridge, and Dedham, were solved.

The commissioner is pleased to recognize the efficient police work of these officers and it is hereby ordered that each be granted two days' additional vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,959.

On October 14, 1954, Patrolmen James F. Burke and Joseph F. Flanagan, of Division 10, brought to the station two men they observed riding in a motor vehicle, as being wanted for questioning in connection with several crimes.

Sergt. Herbert T. Lynch and Special Officer Francis S. Davenport, also of Division 10, interrogated one suspect who would admit only that his right to operate a motor vehicle in this state had been revoked. A search of the suspect produced some postage stamps which the sergeant felt, after checking the records, came from a quantity which were stolen in a break in Roxbury in August, together with a large sum of money. Although the suspect at first denied any participation in this theft, the sergeant located a girl friend in whose apartment was found a large number of postage stamps which she stated were given to her by the suspect. Confronted with this evidence the suspect changed his denial and admitted the theft, also the theft of a larger sum of money in another break in Roxbury last January.

In response to further questioning the suspect admitted an attempted break in West Roxbury. In his room was found a slip of paper bearing the names of business establishments, in Chelsea, South Boston, and Mattapan. It is reasonable to believe that in time he would have attempted crimes in these places had he not been apprehended by these officers.

The commissioner is pleased to recognize the efficient police work of these officers and it is hereby ordered that each be granted two days' additional vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

BROOKWAY ROAD EXTENSION.

The Public Improvement Commission has ordered a public improvement to be made, consisting of the laying out of an extension of Brookway road, West Roxbury, as a public highway, from Elven road to Brookway terrace, bounded and described as follows:

An extension of the highway named Brookway road is hereby laid out from Elven road to Archdale road (without construction).

Said highway and the land, exclusive of trees, shrubs or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Brookway road (highway), 55.25 feet; easterly by the easterly line of Brookway road as hereby laid out, 399.86 feet; southerly by the southerly line of Brookway road as hereby laid out, 51.20 feet; westerly by the westerly line of Brookway road as hereby laid out, 10.24 feet; again southerly by the southerly line of Brookway road as hereby laid out, 12.44 feet; again northerly by the northerly line of Brookway road as hereby laid out, 17.87 feet on a curve of 10 feet radius; and westerly by the westerly line of Brookway road as hereby laid out, by two measurements, 373.40 feet and 6.75 feet on a curve of 5 feet radius.

Voted, That this Commission determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out (without construction) of an extension of Brookway road, West Roxbury district, as a highway, from Elven road to Archdale road, under the order of the commission of September 8, 1954, and awards no damages therefor.

CITIES GENERALLY DO NOT CONTROL PRIVATE PARKING RATES.

Review of numerous ordinances and other materials by AMA for a member league shows that cities do not generally exercise any control over rates charged for parking. Supply and demand seems to furnish the regulation needed. Generally, however, applications for a parking lot or garage license require that rates charged be set forth in the application, that rates be posted conspicuously at the entrance to the lot, and that rates cannot be changed without official written notice to the municipality.

FOOTWAY CONSTRUCTION IN WEST ROXBURY.

The Public Improvement Commission has ordered a public improvement consisting of the laying out and construction of a public footway in the West Roxbury district, between Bradeen street and Brookway terrace, with the name of Bradeen Street Footway or some other distinctive name, bounded and described as follows:

A public footway named Bradeen Street Footway is hereby laid out, between Bradeen street and Brookway terrace, and ordered constructed.

For the making of the aforesaid improvement an easement for footway purposes is hereby taken in the following-described land, exclusive of trees, shrubs or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Angelo Grande, bounded:

Northeasterly by Brookway terrace, 8.01 feet; southeasterly by the southeasterly line of Bradeen Street Footway as laid out under this order, by two measurements, 133.38 feet and 35.34 feet; southwesterly by Bradeen street, 8 feet; northwesterly by the northwesterly line of Bradeen Street Footway as laid out under this order, by two measurements, 36.90 feet and 47.59 feet; northeasterly by land hereinafter described as taken from Barletta, 4.14 feet; and northwesterly by land hereinafter described as taken from Barletta and by other land supposed to belong to said Grande, by two measurements, 63.48 feet and 23.01 feet, containing 1,239 square feet, more or less.

A parcel of land, supposed to belong to Maria Barletta, bounded:

Southwesterly by land hereinbefore described as taken from Grande, 4.14 feet; northwesterly by the northwesterly line of Bradeen Street Footway as laid out under this order, 64.86 feet; and southeasterly by land hereinbefore described as taken from Grande, 63.48 feet, containing 125 square feet, more or less.

Trees, shrubs or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Bradeen Street Footway as hereby laid out is bounded:

Southwesterly by Bradeen street, 8 feet; northwesterly by the northwesterly line of Bradeen Street Footway as hereby laid out, by two measurements, 36.90 feet and 135.46 feet; northeasterly by Brookway terrace, 8.01 feet; and southeasterly by the southeasterly line of Bradeen Street Footway as hereby laid out, by two measurements, 133.38 feet and 35.34 feet, containing 1,364 square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission determines that no person sustains damages in their estates by the making of the public improvement, consisting of the laying out of Brookway terrace (without construction), West Roxbury district, as a highway, from Brookway road to Brookway Footpath, under the order of the commission of September 22, 1954, and awards no damages therefor.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 15, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair. Absent, Councillor McLaughlin.

The Reverend George V. Sweeney, of Saint Kevin's Catholic Church, Dorchester, was escorted to the rostrum.

INVOCATION BY REV. GEORGE V. SWEENEY.

O Almighty and Eternal God, Our Father, Lord of Creation, Ruler of the Universe, Perfect Legislator, enlighten the minds and ennoble the hearts of these, Thy servants, to whom Thou hast entrusted the temporal care of Thy people.

Strengthen them, Father, that they may not fail in their great responsibility because of the temptations, the pressures, the obstacles that are the common lot of our elected officials.

Teach them, Father, that they cannot please all the people all the time if they are to act wisely and to act justly, but only Thee, Father, must they please by every thought, word, and deed.

Let not their judgment be swayed by human respect for any person or persons but be determined only by the true interest of the common good.

Give to these men who have such great responsibility in such difficult times the light and the courage to act so that from Thee they may hear the words, "Well done, my good and faithful servant." Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment:

Constable with authority to serve civil process upon filing of bond for the term ending April 30, 1955: John Augustus Sousa, 195 Brooks street, East Boston.

Referred to the Committee on Confirmations.

TAXES ON LAND AND BUILDINGS OWNED BY COMMONWEALTH.

The following was received:

City of Boston,

Office of the Mayor, November 15, 1954.

To the City Council.

Gentlemen:

I transmit herewith communication from the Corporation Counsel relative to your order of August 23, 1954, concerning the preparation of legislation authorizing the City of Boston to levy taxes on land and buildings owned by the Commonwealth or its agencies, during such time as the land is used, rented, or leased to private business.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Law Department, November 8, 1954.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

On August 26, 1954, your honor transmitted to me the following order passed by the City Council on August 23, 1954:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to prepare and present legislation authorizing the City of Boston to levy taxes on land and buildings owned by the Commonwealth or its agencies during such time as the land is used, rented, or leased to private business."

Legislation of the character described in the above-quoted order was sought for many years and finally obtained in chapter 667 of the Acts of 1951, entitled "An Act Relative to the Taxation of Certain Property Owned or Held by the Commonwealth," which amended section 3A of chapter 59 of the General Laws so as to provide that "Real estate owned by or held in trust for the commonwealth or a city or town, if used or occupied for other than public purposes, shall be taxed to the lessee or lessees thereof, or their assigns, or to the occupant or person in possession thereof, in the same manner and to the same extent as if the said lessee or lessees or their assigns or the occupant or person in possession were the owners thereof in fee, free of any trust." To be sure, the statute, by its express terms, is inapplicable to real estate under the jurisdiction of the State Airport Management Board and the Port of Boston Commission (other than the Commonwealth Flats in South Boston—see St. 1954, c. 561). The above-quoted order would seem to be concerned, however, with the general principle, not exceptions to it; but, in view of St. 1951, c. 667, further legislation on the general subject would appear unnecessary.

Respectfully,

WILLIAM L. BAXTER,
Corporation Counsel.

Coun. PIEMONTE offered the following motion: I therefore move now that this communication be remanded to his Honor the Mayor requesting that it be forwarded to the Law Department with instructions that the Law Department draw up legislation so that all lands whether owned by the city, town, or Port Authority or the Airport Authority would be taxed during such term as it was leased for private purposes. The motion was carried.

CERTAIN INFORMATION CONCERNING PARKING METERS.

The following was received:

City of Boston,

Office of the Mayor, November 15, 1954.

To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of October 18, 1954, concerning the answers to certain questions regarding number, location, and revenue from parking meters.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

November 4, 1954.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

During my absence from city business during the past two weeks the Council order of October 18, 1954, was received at this office.

I am at once giving answers to the questions submitted. On the attached sheets are answers to Questions 1, 2, 3, and 4.

In answer to Question 5, the present unexpended moneys received from parking meters may be obtained from the office of Mr. Fox who can also furnish the statement of revenue and expenditures for the year 1953.

Our receipts are turned over to the City Treasurer and accounting summaries, therefore, are made at City Hall.

Respectfully submitted,

WM. ARTHUR REILLY, Commissioner.

October 25, 1954.

LEGISLATION RE SUMNER TUNNEL.

The following was received:

City of Boston,

Office of the Mayor, November 15, 1954.

To the City Council.

Gentlemen:

I transmit herewith communication from the Corporation Counsel relative to your order of October 18, 1954, concerning the preparation of legislation enabling the residents of East Boston to

be entitled to rebate on the toll charge of the Sumner Tunnel and the placing of Sumner Tunnel in the category of state highways.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Law Department, November 9, 1954.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

Your Honor has transmitted to me the following order passed by the City Council on October 18, 1954:

"Ordered, That his Honor the Mayor request the Law Department to prepare legislation, or by other means, to seek relief whereby residents of East Boston would be entitled to a rebate on the toll charge paid in the use of the Sumner Tunnel; and further to prepare legislation placing the Sumner Tunnel in the same category as state highways for the purpose of receiving certain moneys from the gas fund to defray the cost of maintenance."

In my opinion, the provisions of St. 1929, c. 297, s. 10, as amended by St. 1935, c. 455, s. 3, make it constitutionally impossible to rebate a toll or other charge received for use of the Sumner Tunnel. Accordingly, I must request to be excused from drafting legislation for a rebate to East Boston residents of toll charges paid by them in the use of the Sumner Tunnel.

The Sumner Tunnel cannot be placed in the same category as state highways because, for the protection of the bondholders, the Sumner Tunnel is, under St. 1929, c. 297, s. 14, held by the city in its private or proprietary capacity, as its own property. I have, however, caused to be prepared and transmit herewith for the consideration of the City Council a draft of legislation which may be thought to achieve the objective sought.

Respectfully,

WILLIAM L. BAXTER,
Corporation Counsel.

(Annexed hereto is the petition referred to in the above communication.)

Referred to the Executive Committee.

TRANSFER OF LAND TO SCHOOL DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, November 15, 1954.

To the City Council.

Gentlemen:

I submit herewith an order transferring eleven (11) contiguous parcels of real estate acquired by the City of Boston through tax foreclosure proceedings from the Commissioner of Real Property to the School Department. The property is located on Wolcott road in the Hyde Park district of the City of Boston. The School Committee desires to acquire this site to erect a new elementary school building.

Respectfully,

J. B. HYNES, Mayor.

President WHITE read the following communication:

City Planning Board,
Boston, November 15, 1954.

Real Property Department,
809 City Hall Annex,
Boston, Mass.
Attention of Mr. Herman Carp, Commissioner.
Gentlemen:

In accordance with request for report on an appropriation in the amount of \$80,000 to be used for metered off-street parking under the Fitzgerald Expressway ramps in the North End section of Boston, from Causeway street to the East Boston Tunnel connection, I am submitting the following:

The City Planning Board has consistently advocated that provision for off-street parking be made where possible underneath the structure of the Fitzgerald Expressway. Present request for the establishment of some 500 metered parking spaces in the above location is in conformity with the General Plan and with all previous surveys that have been made regarding the need for such parking.

In conformance with section A, chapter 4 of the Ordinances of 1952, the Planning Board has today voted that it recommends that an appropriation in the amount of \$80,000 be transferred from the Parking Meter Fund to the Real Property Department, to be used for metered off-street parking under the Fitzgerald Expressway, from Causeway street to the East Boston Tunnel.

Very truly yours,
THOMAS F. McDONOUGH, Chairman.

On motion of Councillor Ahearn, the foregoing vote was reconsidered.

On further motion of Councillor Ahearn, the order was given its first reading and passage, yeas 6, nays 0:

COMMENDATIONS TO BOSTON COLLEGE LAW SCHOOL, DEAN WILLIAM J. KENEALY, S.J., AND PRESIDENT JOSEPH R. N. MAXWELL, S.J.

Coun. AHEARN offered the following:

Whereas, Boston College Law School is twenty-five years old this year; and

Whereas, Boston College Law School early in its existence aspired to and achieved the highest ideals and standards as a law school and long ago received national recognition by the American Bar Association and the Association of American Law Schools; and

Whereas, Boston College Law School has continued to maintain the highest of educational standards and has made a splendid contribution to our community, and many of its graduates have attained outstanding success on the bench and at the bar both in Massachusetts and throughout the United States; and

Whereas, Said law school is celebrating this anniversary and the occasion of the opening of Saint Thomas More Hall, a new law school building equipped with the finest of accommodations for both students and faculty, and one of the finest law school buildings in the country today; and

Whereas, Much of the recent success of the Boston College Law School can be credited to the vision, planning, and untiring efforts of its present dean, the Very Reverend William J. Kenealy, S.J.; now, therefore, he it

Resolved, That the Boston City Council in meeting assembled hereby extends its warmest greetings to all present at the twenty-fifth anniversary dinner and sends with joy and pleasure its sincerest congratulations to Dean William J. Kenealy, S.J., and to President Joseph R. N. Maxwell, S.J., on the occasion of the twenty-fifth anniversary of the Boston College Law School and wishes to convey to the Reverend Dean and to the Very Reverend President and members of the faculty and students of Boston College Law School the City Council's heartiest felicitations and best wishes.

The resolution was adopted under suspension of the rules.

The reports were accepted, and the orders were severally placed on file.

DEATH OF JAMES W. "JAKE" DRISCOLL.

Coun. McCORMACK offered the following:

Resolved, That the City Council of the City of Boston, in meeting assembled, hereby expresses its deep regret at the untimely passing of James W. "Jake" Driscoll, one of the most outstanding athletes of Boston College, formerly a member of the Boston school system, and former submaster at the M. Gertrude Godwin School, Roxbury, and extends to his family its sincere sympathy and condolence in their sad bereavement.

The resolution was adopted by a unanimous rising vote.

REPORT ON PENDING LEGISLATION WHICH CONCERNS THE CITY OF BOSTON.

Coun. PIEMONTE offered the following:

Ordered, That on or before January 5, 1955, the Corporation Counsel of the City of Boston furnish this Honorable Body with a report of those bills filed with the Legislature which concern the City of Boston; and further

That from time to time thereafter, as the occasion may arise, a report be made to this Honorable Body by the Corporation Counsel of all other legislation filed which affects the City of Boston.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

JUNIOR CIVIL SERVICE EXAMINER, DIVISION OF CIVIL SERVICE, DEPARTMENT OF CIVIL SERVICE AND REGISTRATION, DECEMBER 18, 1954.

Last date for filing applications, Monday, November 29, 1954.

Salary: The minimum salary is \$3,600 a year; the maximum salary is \$4,320 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To construct and mark written examinations for positions more or less nontechnical in nature, including those of subprofessional and junior levels in the administrative field, and to do the necessary research in connection with such work; to mark training and experience sheets of applicants; in connection with appeals to the Director of Civil Service or to the Civil Service Commission with reference to the validity or marking of examinations, to submit detailed reports which shall include authority and supporting data concerning such validity or marking; to conduct written examinations at various examination centers throughout the state; to assist in conducting physical, strength, and practical performance tests; to do clerical work in connection with figuring of scores; and to perform related work as required.

The following are required: ability to construct suitable subjective test questions and objective test items; ability to establish proper standards for marking subjective examinations and to maintain uniformity in the marking of such examinations; knowledge of sources of authoritative reference materials; knowledge of English and general information.

The duties are such that work is required on Saturdays throughout the greater part of the year, and may be required at other times outside of regular office hours.

Entrance Requirements: Applicants must have at least two years of full-time paid employment in which the construction of written examinations was a major duty, such as in the fields of education or personnel work. Substitutions: (1) Education in a recognized degree-granting college or university may be substituted for the required experience on the basis of two years of education* for one year of experience. (2) Full-time paid employment in a civil service agency may be substituted for the required experience on the basis of three years of such employment for one year of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

* One year of such education is equal to 80 semester hours' credit or the equivalent in term hours, quarter hours, points, majors, or courses.

CITY OF BOSTON.**PUBLIC WORKS DEPARTMENT.****CONSTRUCTION OF BUILDINGS.****Invitation for Proposals for Construction of Office Building and Garage, Arborway and Forest Hills Street, Ward 11, Boston, Mass.**

The Commissioner of Public Works of the City of Boston, Room 506 (Contract Office), City Hall Annex, hereinafter referred to as the Awarding Authority, invites sealed proposals for CONSTRUCTION OF OFFICE BUILDING AND GARAGE, ARBORWAY AND FOREST HILLS STREET, WARD 11, BOSTON, MASS. Proposals will be received until 2 P.M., Thursday, December 16, 1954, at Room 506, City Hall Annex, Boston, Mass., and they will be publicly opened and read aloud immediately thereafter in the Hearing Room, Room 401, City Hall Annex.

Proposals must be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of six thousand six hundred (6,600) dollars, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals filed with the Awarding Authority shall be submitted in sealed envelopes plainly marked with the title of the work; division of the work for which bid is submitted; subcontractor's name; and subcontractor's business address. All such bids shall be in the possession of the Awarding Authority and delivered or mailed to the general contractor no later than 2 P.M., Monday, December 13, 1954.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount as specified in the following for the various subbid items of work as listed, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority: resilient floors, \$100; painting, \$100; miscellaneous steel and iron, \$150; roofing and flashing, \$500; plumbing, \$600; heating, \$650; electric, \$500. The bid deposit shall be in a separate envelope, plainly marked, "Bid Deposit."

Specifications and plans may be obtained on and after 11 A.M., Monday, November 29, 1954, at Room 506, City Hall Annex. There will be a charge of five (5) dollars for each set of plans and specifications taken out.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 per cent of the contract price will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids on any item or

items in accordance with the provisions of sections 44A to 44E, inclusive, of chapter 149 of the General Laws, as amended.

PUBLIC WORKS DEPARTMENT.**SEWERAGE WORKS.****Proposals for Ground Water Level Project, in the Vicinity of Copley Square, Boston.**

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for ground water level project, in the vicinity of Copley square, Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Ground Water Level Project, in the Vicinity of Copley Square, Boston," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, DECEMBER 9, 1954, with a certified check for TWO HUNDRED AND FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Nov. 27.) Commissioner of Public Works.

THIRTY-THREE MEASURES AFFECTING CONDUCT OF CITY'S AFFAIRS FILED FOR MAYOR JOHN B. HYNES THROUGH LAW DEPARTMENT—UNDERGROUND GARAGE ON COMMON MOST IMPORTANT—OFF-STREET PARKING ANOTHER—OTHERS PERTAINING TO TAXATION AND REVENUE PROBLEMS—ALSO TO FORE ARE MEASURES SEEKING TO RELIEVE CITIZENS OF HEAVY BURDENS.

CITY AUDITOR ISSUES INSTRUCTIONS TO HEADS OF DEPARTMENTS LOOKING TO CLOSING OF 1954 ACCOUNTS AND APPROPRIATIONS TO START YEAR 1955 ON PROPER BASIS WITH FEW, IF ANY, BALANCES OR ACCOUNTS TO CONFUSE BOOKKEEPERS AND CLERKS WHO KEEP TRACK OF CITY'S FINANCIAL CONDITION.

City Auditor Joseph P. Lally has compiled and issued a list of instructions to heads of departments looking to the closing of accounts for the year 1954 with the least confusion possible. These instructions include the closing of accounts, the purchasing of supplies, etc., needed for the balance of the year, and the use of appropriation balances. The instructions read as follows:

(Continued on page 1474.)

CITY OF BOSTON IS NOW WELL PREPARED TO HANDLE THE SNOW SITUATION FOR WINTER—PUBLIC WORKS DEPARTMENT COMMISSIONER GEORGE G. HYLAND, WITH APPROVAL OF MAYOR HYNES, HAS DIVIDED CITY INTO DISTRICTS AND AWARDED CONTRACTS TO BIDDERS WHO CHOSE AND BID ON SECTIONS EACH DESIRED.

Commissioner George G. Hyland of the Public Works Department has completed arrangements with contractors for the removal of snow during the winter period, 1954-1955. Mayor Hynes has given his approval to the awarding of the contracts so that the city is now well prepared to handle whatever storms nature may visit upon the city, except,

(Continued on page 1475.)

Mayor John B. Hynes, up to the closing hour for the filing of bills with the Legislature, has, through the Law Department, filed 33 bills, several of which will have an important effect on the City of Boston and the citizens. The one of greatest importance to the city is that concerning the building of the "under-the-Common" garage. Another pertains to off-street parking facilities. The complete list of bills filed by Assistant Corporation Counsel William Kerr of the Law Department, for his Honor the Mayor, are as follows:

TEXT OF, AND COMMENT ON, BILLS FILED BY JOHN B. HYNES, MAYOR OF BOSTON, FOR CONSIDERATION BY GENERAL COURT IN 1955.

A BILL SUBJECTING TO LOCAL TAXATION MACHINERY USED IN THE CONDUCT OF CERTAIN BUSINESSES.

SECTION 1. Clause Sixteenth of section 5 of chapter 59 of the General Laws, as most recently amended by section 1 of chapter 435 of the acts of 1954, is hereby further amended by inserting after the word "used", in line 3, as appearing in section 1 of chapter 232 of the acts of 1952, the words:— in the conduct of the business or.

Comment.

Business corporations are locally taxed in Massachusetts for their machinery used in the conduct of the business, except their stock in trade and their personal property directly used in the refrigeration of goods or in the air-conditioning of premises or in a purchasing, selling, accounting, or administrative function. Utility companies, insurance companies, banks, and other corporations not classified as business or manufacturing corporations are not so taxed. The above bill seeks to eliminate this unwarranted difference by subjecting to local taxation, with the same exceptions, machinery used in the conduct of the business of the utility companies, insurance companies, banks, etc.

A BILL REQUIRING THE APPELLATE TAX BOARD TO INCLUDE IN ITS DECISIONS A REPORT SETTING FORTH THE PRINCIPAL REASONS THEREFOR.

SECTION 1. Section 13 of chapter 58A of the General Laws, as most recently amended by section 27 of chapter 654 of the acts of 1953, is hereby further amended by striking out the first three sentences and inserting in place thereof the following sentences:— The board shall in each case heard by it make a decision which shall include a report setting forth the principal reasons for such decision and may also include findings of fact and an opinion. Except in cases heard under the informal procedure authorized by section seven A, the board shall make a report of findings of fact if so requested by either party within ten days of a decision without findings of fact, and may, in its discretion, include in such report an opinion.

Comment.

Most decisions of the Appellate Tax Board set forth no reason for the conclusion reached. The human mind is not accustomed to follow a result

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE PUBLIC IMPROVEMENT COMMISSION, Room 403, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments of streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets, the planting and removal of trees in public ways; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the

location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 112 Southampton street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of Sumner Tunnel, the maintenance of bridges and draw-bridges, and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and

band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE COMPLAINTS DEPARTMENT, 25 City Hall, for complaints concerning any matters in which the citizens of Boston may be interested that need correction or investigation.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE ELECTRICAL INSPECTION DIVISION OF THE BUILDING DEPARTMENT, 1001 City Hall Annex, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division; also for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

BILLS FILED BY MAYOR HYNES FOR CONSIDERATION OF GENERAL COURT IN 1955.

(Continued from page 1461.)

if it does not know the basis thereof and believe it to be sound. The above bill would require the Appellate Tax Board to include in every decision a statement of the principal reasons therefor so that the Assessors may better determine whether to follow the decision in subsequent years.

A BILL PROVIDING FOR THE REIMBURSEMENT OF POLITICAL SUBDIVISIONS OF THE COMMONWEALTH FOR CERTAIN EXCISES PAID OR PAYABLE ON GASOLINE AND CERTAIN OTHER MOTOR VEHICLE FUEL BOUGHT BY THEM.

SECTION 1. Section 7 of chapter 64A of the General Laws, as most recently amended by section 74 of chapter 654 of the acts of 1953, is hereby further amended by striking out the first sentence and inserting in place thereof the following sentence:— Any political subdivision of the commonwealth which shall buy any fuel on which an excise has been paid or is chargeable under this chapter and shall consume the same in its operations, and any person who shall buy any fuel on which an excise has been paid or is chargeable under this chapter and shall consume the same in any manner except in the operation of motor vehicles upon or over highways, whether or not such vehicles are registered under the provisions of section five of chapter ninety, shall be reimbursed the amount of said excise in the manner and subject to the conditions herein provided.

Comment.

This bill would exempt the Metropolitan Transit Authority, the City of Boston, and the other cities, towns, and political subdivisions in Massachusetts from the State Gas Tax. No reason whatsoever appears why the Commonwealth should levy this tax upon its own instrumentalities, especially when they operate primarily on local streets rather than State highways. It is estimated that the enactment of this bill would save the City of Boston \$50,000 annually on its own operations alone.

A BILL INCREASING THE WEEKLY SUBSIDY PAYABLE BY THE COMMONWEALTH TO A MUNICIPALITY PLACING IN A TUBERCULOSIS HOSPITAL OR WARD A PERSON HAVING A LEGAL SETTLEMENT IN SUCH MUNICIPALITY WHO IS SUFFERING FROM TUBERCULOSIS.

SECTION 1. Section 76 of chapter 111 of the General Laws, as appearing in section 3 of chapter 270 of the acts of 1952, is hereby amended by striking out, in the first sentence, the words "a subsidy of five dollars a week" and inserting in place thereof the words:— a subsidy of eighteen dollars a week.

Comment.

Notwithstanding the great rise in the cost of hospitalization in recent years, the State subsidy for tuberculosis patients continues the same as it has been since a subsidy was first provided in 1911, namely, \$5 a week. If the above bill is enacted, the subsidy will be increased to the currently more realistic figure of \$18 a week.

A BILL TO PROVIDE FURTHER FOR THE ESTABLISHMENT OF OFF-STREET PARKING FACILITIES IN THE CITY OF BOSTON.

SECTION 1. Chapter 474 of the acts of 1946 is hereby amended by inserting after section 5A, inserted by chapter 625 of the acts of 1951, the following section:—
Section 5B. To provide, for the purposes of this act, funds in addition to the funds provided by sections five and five A, the city may borrow, from time to time, not exceeding in the aggregate under this section ten million dollars, and may issue and sell at public sale serial bonds or notes of the city therefor, which shall be registered or with interest coupons attached as the collector-treasurer of the city may deem best. Such bonds or notes shall bear on their face the words, City of Boston, Parking Facilities Loan, Act of 1955. Each issue shall constitute a separate loan, and such loans shall be paid in not more than twenty years from

their dates. Debt incurred from time to time under this section shall not be included in determining the limit of indebtedness of the city as established by law, but shall, except as herein provided, be subject to the provisions, applicable to the city, of chapter forty-four of the General Laws, exclusive of the limitation contained in the first paragraph of section seven thereof. Said collector-treasurer may issue temporary notes of the city payable in not more than one year from their dates, in anticipation of the issue of serial bonds or notes authorized by this section, but the time within which such serial bonds or notes shall become due and payable shall not, by reason of such temporary notes, be extended beyond the time fixed by this section. All notes issued in anticipation of the issue of such serial bonds or notes shall be paid from the proceeds thereof.

SECTION 2. This act shall take effect upon its passage.

Comment.

In 1946, the Legislature authorized a \$5,000,000 City of Boston Parking Facilities Loan. With the proceeds of this loan, the City acquired five off-street parking sites and built the structure at Essex and Lincoln Streets. Two other structures were built by persons holding 40-year leases from the City. This provided approximately 2,300 car spaces in downtown Boston, and left a balance of \$500,000.

A minimum of 5,200 more downtown car spaces are required in addition to the arcades beneath the Central Artery and the garage under Boston Common. The land for these additional spaces will cost about \$4,000,000. If the City must build the structures, the expense thereof will be an estimated \$11,500,000 more. The \$5,000,000 additional Parking Facilities Loan authorized in 1951 (which up to the present time has remained unencumbered) will cover the acquisition of the land, leaving \$1,000,000 to be applied to construction. The above bill will provide the remaining \$10,000,000 for construction.

A BILL PROVIDING FOR THE CONSTRUCTION AND OPERATION OF A GARAGE FOR THE PARKING OF MOTOR VEHICLES UNDER BOSTON COMMON IN THE CITY OF BOSTON AND CREATING THE BOSTON COMMON GARAGE AUTHORITY AND DEFINING ITS POWERS AND DUTIES.

SECTION 1. *Declaration of Necessity.* It is hereby declared that the free circulation of traffic of all kinds through the streets of the city of Boston is necessary for the rapid and effective fighting of fires and disposition of police forces in said city and for the health, safety and general welfare of the public, whether residing in such city or traveling to, through or from said city in the course of lawful pursuits; that in recent years the parking of motor vehicles in the streets of said city has so substantially impeded such free circulation of traffic as to constitute at the present time a public nuisance endangering the health, safety and welfare of the general public as well as endangering the economic life of said city; that this parking nuisance is not capable of being adequately abated except by the construction and operation of a garage under Boston Common in said city; that notwithstanding chapter two hundred and ninety-four of the acts of nineteen hundred and forty-six and subsequent acts amendatory thereof such a garage has not been constructed by private enterprise; and that a public exigency exists which makes the creation of the public body politic and corporate hereinafter created and the other provisions of this act a public necessity.

SECTION 2. *Definitions.* As used in this act, the word "authority" shall mean the Boston Common Garage Authority created by section three of this act; and the word "city" shall mean the city of Boston; and the word "mayor" shall mean the chief executive officer of said city.

SECTION 3. *Creation of Boston Common Garage Authority.* There is hereby created a public body politic and corporate to be known as the Boston Common Garage Authority, which is hereby constituted a public instrumentality and authorized and directed to construct and lease for operation, as hereinafter provided and without cost to the city of Boston, a garage for the parking of motor vehicles under said Boston Common. The exercise by the authority of the powers conferred

BILLS FILED BY MAYOR.

by this act shall be deemed and held to be the performance of essential governmental functions; and the authority shall not be liable for any injury, loss or damage suffered by any person or property by reason of any ordinary or gross negligence of the authority or any of its officers, employees or agents.

The authority shall consist of the commissioner of parks and recreation of the city, the commissioner of real property of the city and the chairman of the Boston traffic commission, ex officio, and two other members appointed by the mayor of the city. The two members first appointed by the mayor shall be appointed for terms expiring one and two years, respectively, from May first, nineteen hundred and fifty-five. As the term of any member so appointed, or of any subsequent appointive member, expires, his successor shall be appointed by the mayor for a term of two years. Every appointive member shall continue in office after the expiration of his term until his successor is duly appointed and qualified. Any appointive member may be removed by the mayor for misfeasance, malfeasance or wilful neglect of duty, but only after reasonable notice and a public hearing unless the same are in writing expressly waived. Any vacancy in the office of an appointive member shall be filled by the mayor for the unexpired term. Every appointive member before entering upon his duties shall take an oath before the state secretary to administer the duties of his office faithfully and impartially; and a record of such oaths shall be kept by such secretary.

The members of the authority shall serve without compensation, but shall be reimbursed for expenses necessarily incurred in the performance of their duties. Three members of the authority shall constitute a quorum; and a vote of three members shall be necessary for any action taken by the authority. No vacancy in the membership of the authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the authority.

The mayor shall from time to time designate one of the appointive members as chairman and the other as vice-chairman; and the authority shall elect, and fix the compensation of, a secretary-treasurer who shall not be a member of the authority. The secretary-treasurer shall give bond in the penal sum of one hundred thousand dollars, conditioned upon the faithful performance of the duties of his office, executed by a surety company authorized to transact business in this commonwealth as surety; and approved as to form by the attorney general, which bond shall be filed in the office of the state secretary.

SECTION 4. Powers of the Authority. The authority is hereby authorized and empowered—

(a) To adopt by-laws for the regulation of its affairs and the conduct of its business;

(b) To adopt an official seal and alter the same at pleasure;

(c) To sue and be sued, and to plead and be impleaded, in its own name;

(d) To acquire by conveyance under section five of this act, and hold such interest in the lands constituting Boston Common and in Commonwealth avenue, Arlington street, the Public Garden and Charles street as it may deem necessary for carrying out the provisions of this act;

(e) To prepare plans and specifications for, construct, reconstruct, extend, improve, repair, maintain and insure, at the expense of the authority and without cost to the city, a garage under Boston Common, together with all necessary and convenient approaches thereto above and below ground including an underground passageway from such garage to a point at or near the corner of West and Tremont streets in the city of Boston and including also a two-lane tunnel to such garage from a point on Commonwealth avenue midway between Arlington and Berkeley streets and running in an easterly direction on and under Commonwealth avenue and under Arlington street, the Public Garden, Charles street and Boston Common;

(f) To lease such garage and any extensions or improvements thereof to any person for the parking of motor vehicles and the servicing, as hereinafter defined, of motor vehicles parked but for no other purpose; provided, however, that every lease shall contain schedules of maximum rates to be charged by the lessee for the use by the public of such garage and shall also contain regulations with respect to the use, operation and occupancy of such garage and provisions for the use of the approaches thereto; and provided, further, that no lease shall be for a term longer than three years, nor shall any lease be modified or cancelled, but nothing herein shall be construed to prevent the termination of any lease for the breach of any covenant or condition thereof;

(g) To issue revenue bonds of the authority, payable solely from revenues, for the purpose of paying all or any part of the cost of the garage, which term, as used in this act, shall comprise the cost of preparing plans and specifications for, and constructing, the garage and all necessary and convenient approaches thereto including the underground passageway and the two-lane tunnel aforesaid and all extensions and improvements of such garage and approaches, all engineering, legal, accounting and other expenses necessary or incident thereto and to the financing thereof, the interest accruing prior to the completion of the garage on bonds issued under this act, administrative expenses accruing prior to such completion, and such other expenses as may be necessary or incident to the construction of the garage and all necessary and convenient approaches thereto and of all extensions and improvements of such garage and approaches; and

(h) To make all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, and to employ, in addition to a secretary-treasurer as hereinbefore provided, such attorneys, accountants, engineers and other employees, agents and consultants as may be necessary in its judgment, and to fix their compensation, and to do all acts and things necessary or convenient to carry out the powers expressly granted by this act.

As used in this section, the words "servicing of motor vehicles parked" shall be construed to mean cleaning and polishing the bodies of such vehicles, lubricating such vehicles, changing the oil therein, charging the batteries thereof, repairing or changing the tires thereof, making minor repairs or adjustments thereto, and furnishing therefor air, water, gas, oil and other supplies and spark plugs, lights, inner tubes and other minor parts, but shall not be construed to include the doing of any of such things for any vehicle not parked in the garage.

SECTION 5. City Authorized to Convey Necessary Interest in Common, etc. Notwithstanding any contrary provision of general or special law, the city of Boston, by its mayor, may convey to the authority, without consideration, such interest in the lands constituting Boston Common and in Commonwealth avenue, Arlington street, the Public Garden and Charles street as the authority may deem necessary for carrying out the provisions of this act; provided, that the parks and recreation commission of the city shall, by vote at a regular or special meeting of said commission, assent to such conveyance; and provided, further, that such conveyance is authorized, after two separate readings, by two separate votes of two thirds of all the members of the city council of said city, the second of said readings and votes to be had not less than fourteen days after the first.

SECTION 6. Construction of Garage. The garage which the authority is authorized and directed by this act to construct shall be constructed within the portion of Boston Common bounded westerly by the easterly line of Charles street, northerly by the southerly line of Beacon street, easterly by the Soldiers and Sailors monument and the westerly perimeter of the Parkman bandstand, and southerly by the Central Burying Ground, and shall be so constructed that on the Charles and Beacon street frontages combined there shall be an average setback of not less than ninety feet except at the points of ingress and egress and except that during the period of construction any contractor engaged therein may be permitted to cross and recross said setback at such other points as the commissioner of parks and recreation may approve. In constructing the garage provided for by this act and all extensions and improvements thereof, the authority shall be subject to all provisions of sections forty-four A to forty-four E, inclusive, of chapter one hundred and forty-nine of the General Laws; provided, however, that the performance bond and the labor and materials or payment bond therein required shall each be in the full amount of the contract and executed by a surety company authorized to do business in the commonwealth and having a combined capital and surplus of not less than ten million dollars. The contract shall require that the work of construction be so carried on that the gardens, lawns, trees and shrubs in the area will, after construction, remain in, or be restored to, substantially the same condition as prior to construction except at the points of ingress and egress, that the filling or relocation of the Public Garden pond, or any part thereof, will not be required, and that the Washington monument and the bridge over the Public Garden pond will not be disturbed.

SECTION 7. Leasing of Garage. Before leasing for any period the garage constructed under this act or any extension or improvement thereof, the authority shall invite bids therefor, by advertisements in at least one daily newspaper published in the city, once a week for at least two consecutive weeks, the last publication to be at least seven days before the time specified for the opening of said bids. Such advertisements shall state the time and place where the form of lease may be had and the time and place for opening the bids in answer to said advertisements, and shall reserve to the authority the right to reject all bids. All such bids shall be opened in public. No lease shall be made except to the highest responsible bidder as determined by the authority. Every

lease shall be accompanied by a performance bond executed by a surety company authorized to transact business in this commonwealth as surety, or by a deposit of money, certified check or other security for the faithful performance of all covenants therein on the part of the lessee, which bond or security shall be in such amount as the authority may fix in the advertised invitation for bids but at least equal to one third the total rent to accrue under such lease and in no event less than the rent for six months.

Every bid shall be accompanied by cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the authority in an amount equal to the monthly rental under such bid. All such bid deposits, except those of the three highest responsible and eligible bidders, shall be returned within five days, Saturdays, Sundays and holidays excluded, after the opening of bids. All bid deposits shall be returned upon the execution and delivery of the lease, or, if no lease is made, then at the expiration of ninety days after the opening of bids. Should any bidder to whom an award is made fail to enter into a lease within such time as the authority may fix in the advertised invitation for bids, the amount so received from the bidder through his cash, certified check or treasurer's or cashier's check shall become and be the property of the authority as liquidated damages.

SECTION 8. Temporary Rental of Garage. Nothing contained in this act shall be construed to empower the authority to operate the garage to be constructed under this act or any extension or improvement thereof. If because of litigation, error in the invitation for bids, lack of bidders, rejection of bids, termination of lease for breach of covenant or condition, unsafe or damaged condition of the garage, or other cause the garage is not leased for any period, the authority shall, pending the leasing of the garage, have power to let the garage or such portion thereof as is fit for use to a tenant at will at such rental and upon such other terms as the authority shall determine.

SECTION 9. Exemption from Taxation, etc. The authority and all its real and personal property shall be exempt from taxation and from betterments and special assessments; and the authority shall not be required to pay any tax, excise or assessment to or for the commonwealth or any of its political subdivisions; and, any provision of general or special law to the contrary notwithstanding, no person leasing from the authority the garage provided for by this act or any extension or improvement thereof shall be assessed any tax upon such garage, extension or improvement or on the site thereof. Notwithstanding any contrary provision of general or special law, the authority or any person claiming by, through or under it, may without obtaining a license or permit of any kind, except licenses and permits prescribed by the Boston Building Code and licenses and permits required under section eight of chapter eighty-five of the General Laws, do all things necessary or convenient to the accomplishment of the purposes of this act, including, without limiting the generality of the foregoing, cutting curbs, erecting or maintaining the garage, its extensions, improvements and approaches, and keeping gasoline or other inflammable fluid in such garage or extensions thereof.

SECTION 10. Annual Report. On or before the last day of January in each year, the authority shall deposit with the state secretary an annual report

of its activities for the preceding year and include therein complete statements of its financial condition at the beginning and at the end of such year and a summary of its financial transactions during such year. The authority shall, simultaneously with depositing each such report with the state secretary, file one copy thereof with the mayor of the city of Boston and another copy thereof with the city clerk of said city for the use of the city council thereof.

SECTION 11. Liability for Expenses, etc., of Authority. No expense, liability or obligation shall be incurred by the authority under this act beyond the extent to which moneys shall have been provided under the provisions of this act; and no expense, liability or obligation incurred by the authority under this act shall constitute a debt of the commonwealth or of any political subdivision thereof or a pledge of the faith and credit of the commonwealth or of any such political subdivision. Any member, officer, or employee of the authority who contracts with the authority except for his employment or is interested, either directly or indirectly, in any contract with the authority except for his employment shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

SECTION 12. Revenue Bonds. The authority is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of revenue bonds of the authority for the purpose of paying all or any part of the cost of the garage as such term is defined in section four of this act. The principal and interest of such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rates not exceeding four and one half per centum per annum, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the authority, and may be made redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All revenue bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the commonwealth. The bonds may be issued in coupon or in registered form, or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The authority may

sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than four and one half per centum per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of such bonds shall be used solely for the payment of the cost of the garage, and shall be disbursed in such manner and under such restrictions, if any, as the authority may provide. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of the bonds or in the trust agreement hereinafter mentioned, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds shall exceed the cost of the project as determined by the authority, the surplus shall be used for the retirement of such bonds. Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Revenue bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the commonwealth, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this act.

The authority is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the authority for the purpose of refunding any revenue bonds then outstanding and issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the authority, for the additional purpose of constructing or reconstructing the garage or necessary or convenient approaches thereto or any extensions or improvements of the garage or such approaches. The issue of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the duties of the authority in respect of the same shall be governed by the provisions of this act in so far as the same may be applicable.

While any bonds issued by the authority remain outstanding, the powers, duties or existence of the authority shall not be diminished or impaired in any way that will affect adversely the interests and rights of the holders of such bonds.

SECTION 13. Credit of Commonwealth, etc., Not Pledged. Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the commonwealth or of any political subdivision thereof or a pledge of the faith

and credit of the commonwealth or of any such political subdivision, but such bonds shall be payable solely from the funds herein provided therefor from revenues. All such revenue bonds shall contain on the face thereof in bold face type a statement to the effect that neither the authority nor the commonwealth nor any political subdivision thereof shall be obliged to pay the same or the interest thereon except from revenues and that neither the faith and credit nor the taxing power of the commonwealth or any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds.

SECTION 14. *Trust Agreement.* In the discretion of the authority such revenue bonds or revenue refunding bonds may be secured by a trust agreement by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the commonwealth. Such trust agreement may pledge or assign the revenues to be received, but shall not convey or mortgage the garage, its extensions, improvements and approaches, or any part thereof. Either the resolution providing for the issuance of bonds or such trust agreement may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the preparation of plans and specifications for, and the construction, reconstruction, extension, improvement, repair, maintenance and insurance of, the garage and all necessary and convenient approaches thereto, and the collection, custody, safeguarding and application of all moneys. Such resolution or trust agreement may also contain covenants by the authority in relation to, among other things, (a) the purpose or purposes for which the proceeds of the sale of the bonds will be applied and the use and disposition thereof, (b) the use and disposition of the gross revenues of the authority from the garage and any extensions and improvements thereof, including the creation and maintenance of funds for working capital and for the repair and maintenance of the garage and any and all extensions, improvements and approaches thereof, (c) the amount, if any, of additional revenue bonds payable from the revenues of the authority and the limitations, terms and conditions on which such additional revenue bonds may be issued, (d) the management, maintenance and repair of the garage and any and all extensions, improvements and approaches thereof, (e) the management, accounting and auditing of the income and revenues of the authority, and (f) limitations upon the right of the authority to dispose of any property without providing for the payment of the outstanding revenue bonds. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth to act as depository of the proceeds of bonds or of revenues and to furnish such indemnifying bonds or to pledge such securities as may be required by the authority. Such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, such trust agreement may contain such

other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as a part of the cost of administering the authority.

SECTION 15. *Remedies of Bondholders.* Any holder of revenue bonds or revenue refunding bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under the trust agreement, if any, except to the extent the rights herein given may be restricted by such resolution or trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the commonwealth or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this act or by such resolution or trust agreement to be performed by the authority or by any officer thereof, including the collecting of rent for the use of the garage and extensions, improvements and approaches thereof.

SECTION 16. *Bonds Made Eligible for Investment and Exempted from Taxation.* Revenue bonds and revenue refunding bonds issued under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments and within the limits set by section forty of chapter one hundred and seventy-two of the General Laws, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of a similar nature may properly and legally invest funds, including capital in their control or belonging to them, and such bonds are hereby made obligations which may properly and legally be made eligible for the investment of savings deposits and the income thereof in the manner provided by clause fifteen (c) of section fifty-four of chapter one hundred and sixty-eight of the General Laws. Such revenue bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer of any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or other obligations of the commonwealth is now or may hereafter be authorized by law.

The revenue bonds and revenue refunding bonds issued under the provisions of this act, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation by the commonwealth or any political subdivision thereof.

SECTION 17. *Tax Exemption of Deposits Invested in Bonds.* Section 12 of chapter 63 of the General Laws is hereby amended by inserting after paragraph (n), inserted by chapter 543 of the acts of 1954, the following paragraph:—

(o) Bonds issued by the Boston Common Garage Authority.

SECTION 18. *Disposition of Proceeds of Sale of Bonds.* All moneys received by the authority as proceeds from the sale of revenue or revenue refunding bonds shall be deemed to be trust funds; and the authority shall, in the resolution

authorizing such bonds or in the trust agreement, provide for the immediate payment of such proceeds to any trust company or bank having the powers of a trust company within the commonwealth to hold and apply to the purposes of this act, subject to such regulations as this act and such resolution or trust agreement may provide.

SECTION 19. *Disposition of Income of Authority.* All moneys received by the authority other than as proceeds from the sale of revenue or revenue refunding bonds shall also be deemed to be trust funds; and on the first day of each month after the completion of the garage, all such moneys received during the preceding month shall, after deducting therefrom for the administrative and other expenses of the authority such sums as the resolution or trust agreement may authorize, be set aside in a sinking fund for or, if there is a trust agreement so providing, be paid over to the corporate trustee under the trust agreement to hold as a sinking fund for, the payment of (1) the interest on all revenue and revenue refunding bonds issued under this act as such interest shall fall due, (2) the principal of such bonds as the same shall fall due, (3) the necessary charges of paying agents for paying principal and interest, and (4) the redemption price or the purchase price of bonds retired by call or purchase as provided in the resolution authorizing the issuance of the bonds or in the trust agreement. Subject to the provisions of such resolution or of the trust agreement, such sinking fund shall be a fund for all bonds issued under this act without distinction or priority of one over another.

SECTION 20. *Preliminary Expense.* To provide for the preliminary expenses of the authority in carrying out the provisions of this act, the authority may from time to time borrow from the city of Boston, and said city may from time to time loan to the authority, such sums not exceeding in the aggregate, one hundred thousand dollars as the city council of said city with the approval of the mayor of said city shall deem necessary; and any sum so borrowed by the authority shall be repaid by the authority to said city as soon as the authority receives proceeds from the sale of revenue bonds issued under the provisions of this act.

SECTION 21. *Dissolution of Authority.* When all bonds issued under the provisions of this act and the interest thereon shall have been paid or a sufficient amount for the payment of all such bonds and the interest thereon to the maturity thereof shall have been set aside in trust for the benefit of the bondholders, the garage and all extensions, improvements and approaches thereof, if then in good condition and repair to the satisfaction of the board or officer then having power to lease public off-street parking facilities acquired under chapter four hundred and seventy-four of the acts of nineteen hundred and forty-six as from time to time amended, shall become the property of the city of Boston and shall be held, leased and disposed of as if acquired under said chapter four hundred and seventy-four; and the authority shall be dissolved and all funds of the authority not required for the payment of the bonds and of the interest thereon shall be paid into the treasury of said city for credit to the Parking Facilities Fund.

SECTION 22. *Constitutional Construction.* The provisions of this act shall be liberally construed to effect the purposes thereof; and if any provision of this act

shall be held to be invalid, the remainder thereof shall not be affected thereby.

SECTION 23. Acceptance of Act. This act shall take full effect upon its acceptance by vote of the city council of the city of Boston approved by the mayor of said city and the filing of a certificate of such acceptance with the state secretary.

Comment.

The above bill proceeds upon the assumption that private enterprise will not come forward and build the garage under Boston Common either under the existing law or after the City has prepared plans and specifications therefor pursuant to other proposed legislation. The bill seeks a law which, upon its acceptance by the Mayor and City Council of Boston, would create a separate public Authority comparable to the Mystic River Bridge Authority which would construct the garage out of the proceeds of revenue bonds issued by the Authority and then lease it for periods not exceeding three years for operation by private enterprise. The Authority would consist of the Commissioner of Parks and Recreation, the Commissioner of Real Property, the Chairman of the Traffic Commission, and an unpaid chairman and vice-chairman appointed by the Mayor. The City would give the Authority not exceeding \$100,000 to commence operations and also the necessary interest in City lands. The City would be reimbursed for the \$100,000 upon the issue of revenue bonds by the Authority. The City would be paid nothing for the interest in the City lands, and would receive no income from the garage until all revenue bonds had been paid off, when the Authority would be dissolved and all its assets, including the garage, become property of the City.

A BILL EMPOWERING THE CITY OF BOSTON TO PREPARE PLANS AND SPECIFICATIONS FOR THE GARAGE AUTHORIZED UNDER BOSTON COMMON AND THE APPROACHES THERETO.

SECTION 1. Section 2 of chapter 294 of the acts of 1946 is hereby amended by striking out, in the last sentence, the words "of the department of public works and of the transit commission of said city" and inserting in place thereof the words:—of the commissioner of public works of said city.

SECTION 2. Said section 2 is hereby further amended by adding at the end thereof the following paragraph:—

For the purpose of inviting proposals for such contract and lease, said city acting as aforesaid is hereby authorized, anything in this act to the contrary notwithstanding, to prepare at its expense plans and specifications for the garage and approaches thereto including the underground passageway and, if it is to be included in such contract and lease, the two-lane traffic tunnel; provided, however, that if plans and specifications are so prepared, the contract and lease shall require the lessee to reimburse the city for the cost thereof simultaneously with the execution of such contract and lease.

SECTION 3. This act shall take effect upon its passage.

Comment.

Unlike the Off-Street Parking Facilities Act, the Boston Common Underground Garage Statute does not enable the City to prepare plans and specifications and then invite bids, but requires the prospective bidder to prepare plans and specifications satisfactory to the

City. This is a decided deterrent to bidding. Enactment of the foregoing bill would remedy the defect and thus put the City in a better position to invite bids for this much-needed project.

A BILL PROVIDING FOR THE RECONSTRUCTION BY THE STATE DEPARTMENT OF PUBLIC WORKS OF THE MALDEN BRIDGE, SO CALLED, IN THE CHARLESTOWN DISTRICT OF THE CITY OF BOSTON.

SECTION 1. The state department of public works, hereinafter called the department, is hereby authorized to construct adjacent to or near the Malden bridge, so called, in the Charlestown district of the city of Boston a new bridge, including suitable highway approaches thereto in said city, and upon the completion of such new bridge and approaches to close and remove said Malden bridge; provided, however, that the authority hereby vested in the department shall be exercised only if said city, acting by its commissioner of public works with the approval of its mayor but without further authority than that contained in this act, shall covenant to pay at such times, to such persons, and in such amounts as the department may from time to time in writing order, out of moneys appropriated by said city for the purpose a sum equal to one third of the cost of constructing said new bridge and removing said Malden bridge. Upon completion, said new bridge and the approaches thereto in said city shall become and be the property of said city, and shall be maintained and repaired by said city at its own expense.

SECTION 2. For the purposes of this act, land or rights in land may be acquired by the department in behalf of said city by eminent domain under chapter seventy-nine of the General Laws. Any person whose property is taken or injured by any action of the department under authority of this act may recover from the commonwealth under said chapter seventy-nine such damages therefor as he may be entitled to.

SECTION 3. For the purposes of this act, other than expenses to be defrayed by the city of Boston under its aforesaid covenant, the department may, without further appropriation, expend any funds available under the provisions of chapter four hundred and three of the acts of nineteen hundred and fifty-four or any appropriation heretofore or hereafter made. The department may apply for and receive all payments or contributions toward such construction which may be provided for by any applicable federal law.

Comment.

The Malden Bridge, to which this bill relates, spans the Mystic River connecting the Charlestown district of Boston with Everett; but because of a gerrymander the bridge lies wholly within the territorial limits of Boston so that no other municipality contributes towards the cost of its upkeep. The bridge is part of a direct route to the Revere Beach Parkway from Sullivan Square; and four fifths of the vehicles which use it are not registered from Boston. To accommodate present traffic a new bridge is sorely needed. It would be unfair to saddle Boston's taxpayers with the entire cost thereof; and so the bill seeks to have it built by the State with the City paying only one third.

A BILL PROVIDING FOR THE SERVICING OF MOTOR VEHICLES IN OFF-STREET PARKING FACILITIES OWNED BY THE CITY OF BOSTON.

SECTION 1. Clause (c) of section 1 of chapter 474 of the acts of 1946, as appearing in section 2 of chapter 612 of the acts of 1948, is hereby amended by inserting after the word "vehicles", in the third line, the words:—and the servicing of motor vehicles parked.

SECTION 2. Said section 1 is hereby further amended by adding at the end thereof the following paragraph:—

As used in this section, the words "servicing of motor vehicles parked" shall be construed to mean cleaning and polishing the bodies of such vehicles, lubricating such vehicles, changing the oil therein, charging the batteries thereof, repairing or changing the tires thereof, making minor repairs or adjustments thereto, and furnishing therefor air, water, gas, oil and other supplies and spark plugs, lights, inner tubes and other minor parts, but shall not be construed to include the doing of any of such things for any vehicle not parked on the premises demised.

SECTION 3. This act shall take effect upon its passage, but shall not be construed to affect in any way any lease then in force.

A BILL RELATIVE TO THE REMOVAL OF VEHICLES PARKED OR STANDING IN VIOLATION OF LAW ON PUBLIC WAYS IN THE DOWNTOWN AREA OF THE CITY OF BOSTON.

SECTION 1. The fourth sentence of section 2 of chapter 263 of the Acts of 1929, as appearing in section 1 of chapter 369 of the acts of 1954, is hereby amended by striking out the words "to remove to some convenient place, through the agency of a person or persons in the employ of the police department of the city, but not by an independent contractor" and inserting in place thereof the words:—to remove to some convenient place, through the agency of a person or persons in the employ of the police department of the city or by an independent contractor, as said police commissioner shall from time to time determine—, and further by striking out the words "that the liability so imposed shall not exceed five dollars for removal or six and one quarter cents for each hour, or part thereof, of storage" and inserting in place thereof the words:—that the liability so imposed for removal shall not exceed fifteen dollars, that the liability so imposed for storage shall not exceed the schedule of maximum rates contained in the then latest lease of an off-street parking facility under chapter four hundred and seventy-four of the acts of nineteen hundred and forty-six, as amended.

Comment.

This bill is designed to meet certain objections to the recently accepted towing law by allowing the Police Commissioner to contract with an independent contractor to tow away the offending vehicles, by increasing the limit on the charge for towing from \$5 to \$15 and by changing the limit on the charge for storage from 6½ cents an hour to the schedule of maximum rates contained in the latest lease of a city-owned off-street parking facility.

BILLS FILED BY MAYOR.

A BILL AUTHORIZING THE CITY OF BOSTON TO LIMIT BUILDINGS ACCORDING TO THEIR USE OR CONSTRUCTION TO SPECIFIED DISTRICTS.

SECTION 1. There shall be in the city planning department of the city of Boston or in such other department of said city as the city council of said city with the approval of the mayor of said city shall from time to time determine a board, known as the zoning commission, consisting of nine zoning commissioners appointed by the mayor as follows:—one commissioner from two candidates nominated by the Associated Industries of Massachusetts, one commissioner from two candidates nominated by the Boston Central Labor Union, one commissioner from two candidates nominated by the Boston Real Estate Board, one commissioner from two candidates nominated, one by the Boston Society of Architects and one by the Boston Society of Landscape Architects, one commissioner from two candidates nominated by the Boston Society of Civil Engineers, one commissioner from two candidates nominated by the Greater Boston Chamber of Commerce, one commissioner from two candidates nominated by the Massachusetts Motor Truck Association, Inc., one commissioner from two candidates nominated by the Master Builders' Association of Boston, and one commissioner selected at large by the mayor. All zoning commissioners shall be residents of, or engaged in business in, Boston.

The zoning commissioners initially appointed under this act shall serve, in the case of the commissioners appointed upon nomination of the Associated Industries of Massachusetts, the Boston Central Labor Union, and the Boston Real Estate Board, for a term expiring in three years, in the case of the commissioners appointed upon nomination of the Boston Society of Architects or the Boston Society of Landscape Architects, the Boston Society of Civil Engineers, and the Greater Boston Chamber of Commerce, for a term expiring in two years, and in the case of the commissioners appointed upon nomination of the Massachusetts Motor Truck Association, Inc., and the Master Builders' Association of Boston, and of the commissioner selected at large by the mayor, for a term expiring in one year, from May 1, 1955. As the term of any zoning commissioner initially appointed, or of any subsequent zoning commissioner, expires, his successor shall be appointed in like manner as such commissioner for a term of three years. Any vacancy in the office of a zoning commissioner shall be filled in the same manner for the unexpired term.

The zoning commission shall elect one of its members as chairman and another as vice chairman. The zoning commission shall also elect a secretary, who need not be a member of the commission. The members of the zoning commission shall serve without compensation, but shall be reimbursed for their traveling and other necessary expenses incurred in the performance of their duties.

The zoning commission shall cause to be made a detailed record of all its proceedings, which record shall include the vote of each member participating in its decisions and the absence of a member or his failure to vote.

The zoning commission shall not be subject to the supervision or control of the city planning board or any member thereof; but unless otherwise ordered by the mayor, the zoning commission shall not communicate with the mayor except through the chairman of the city planning board and shall not make any annual or other report except through the city planning board.

SECTION 2. For the purpose of promoting the health, safety, convenience, morals or welfare of its inhabitants, the city of Boston may by zoning rules adopted by its zoning commission regulate and restrict the height, number of stories, and size of buildings and structures, the size and width of lots, the percentage of lots that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures and land for trade, industry, agriculture, residence or other purposes; provided, however, that no rule which prohibits or limits the use of land for any church or other religious purpose or for any religious, sectarian or denominational educational purpose shall be valid.

For any or all of such purposes a zoning rule may divide said city into districts of such number, shape and area as may be deemed best suited to carry out the purposes of this act, and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration or use of buildings, and structures, or use of land, and may prohibit noxious trades within said city or any specified part thereof. All such regulations and restrictions shall be uniform for each class or kind of buildings, structures or land, and for each class or kind of use, throughout the district, but the regulations and restrictions in one district may differ from those in other districts. Due regard shall be paid to the characteristics of the different parts of said city, and the zoning regulations shall be the same for zones, districts or streets having substantially the same character.

Zoning regulations and restrictions shall be designed among other purposes to lessen congestion in the streets; to conserve health; to secure safety from fire, panic and other dangers; to provide adequate light and air; to prevent overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements; to conserve the value of land and buildings; to encourage the most appropriate use of land throughout said city; and to preserve and increase its amenities.

SECTION 3. Zoning rules may be adopted and from time to time be changed by amendment, addition or repeal, but only in the manner hereinafter provided. No zoning rule originally establishing the boundaries of a district or the regulations and restrictions to be enforced therein, and no such rule changing the same as aforesaid, shall be adopted until the city planning board of the city of Boston shall have submitted a report with recommendations concerning such rule or amendment or allowed twenty days to elapse after receipt from the zoning commission of a request for such a report without making such report, nor until after the zoning commission shall have given notice and held a

public hearing with respect to such rule or amendment. Such notice shall be published at least fourteen days prior to such hearing in one or more newspapers of general circulation in the city of Boston and shall (a) refer to this act, (b) give the time and place of the public hearing, and (c) either state the express terms of the proposed rule or amendment or state the general subject thereof and the times when and the place where a copy of the express terms thereof may be obtained. Such public hearing shall be attended by not less than five of the members of the zoning commission; and if less than five members are present at any public hearing, the members actually present may adjourn the same by proclamation to such time and place as they deem advisable, and further notice thereof shall not be necessary. After such notice and hearing, the zoning commission by the concurrent vote of not less than seven of its members, may adopt or reject the proposed rule or amendment or may adopt a rule or amendment in substantial accord with the proposed rule or amendment. Votes of the zoning commission adopting a zoning rule or amendments thereof shall be subject to the same provisions of law in respect to approval by the mayor as orders or votes of the city council of said city, except that the concurrent vote of not less than eight members of the zoning commission shall be necessary to pass such a rule or amendment over the veto of the mayor.

Any owner of property may petition the zoning commission to adopt an amendment of a zoning rule which would affect his property, but shall not be entitled to have his proposed amendment considered by the commission unless he agrees to pay the cost of giving notice of the hearing thereon and the cost of any stenographic report of such hearing and deposits with the commission, to secure the performance of such agreement, such sum as the commission shall determine to be reasonable in the circumstances.

SECTION 4. A zoning rule or any amendment thereof shall apply to any change in the use of a building or structure or of land and to any alteration of a building or structure when the same would amount to reconstruction, extension or structural change, and to any alteration of a building or structure to provide for its use for a purpose or in a manner substantially different from the use to which it was put before alteration, or for its use for the same purpose to a substantially greater extent; but no zoning rule nor any amendment thereof shall apply to existing buildings or structures, nor to the existing use of any building or structure, or of land to the extent to which it is used at the time of the adoption of such rule or amendment, except that any such rule or amendment may regulate non-use of non-conforming uses so as not to unduly prolong the life thereof and except, further, that any such rule or amendment may regulate non-conforming uses upon the expiration of thirty years after the adoption of the rule or amendment to which such use does not conform.

SECTION 5. No zoning rule or amendment thereof shall affect any permit issued or any building or structure lawfully begun before notice of hearing before the zoning commission has first been given; provided, that construction work

under such a permit is commenced within six months after its issue, and the work, whether under such permit or otherwise lawfully begun, proceeds in good faith continuously to completion so far as is reasonably practicable under the circumstances. The issuance of a permit or the beginning of work upon a building or structure, or a change of use, after such notice has been given, shall not justify the violation of a zoning rule or an amendment thereof subsequently adopted as the outcome of such hearing and in substantial accord with such notice; provided, the subsequent steps required for the adoption of such rule or amendment thereof are taken in their usual sequence without unnecessary or unreasonable delay.

SECTION 6. A building, structure or land used or to be used by a public service corporation may be exempted from the operation of a zoning rule or amendment if, upon petition of the corporation, the state department of public utilities shall, after public notice and hearing, decide that the present or proposed situation of the building, structure or land in question is reasonably necessary for the convenience or welfare of the public.

SECTION 7. The building commissioner of said city shall withhold a permit for the construction or alteration of any building or structure if the building or structure as constructed or altered would be in violation of any zoning rule or amendment thereof; and state and municipal officers shall refuse any permit or license for a new use of a building, structure or land which use would be in violation of any zoning rule or amendment thereof.

SECTION 8. The board of appeal provided for in the Boston building code shall act as a board of appeal under this act; and any board or officer of said city or any person aggrieved by reason of being refused a permit by any administrative official under the provisions of this act or by reason of any order or decision of the building commissioner or other administrative official in violation of any provision of this act or any zoning rule or amendment thereof adopted under this act may appeal to said board of appeal within thirty days after such refusal, order or decision by paying to the building commissioner a fee of twenty-five dollars and filing with the board or officer from whose refusal, order or decision the appeal is taken a notice of appeal specifying the grounds thereof. Such board or officer shall forthwith transmit to said board of appeal such notice of appeal and all documents and papers constituting the record of the case in which the appeal is taken.

Said board of appeal shall fix a reasonable time for the hearing of any appeal and give public notice thereof in the "City Record" or a newspaper of general circulation in said city, and also send notice by mail, postage prepaid, to the appellant and to the owners of all property deemed by said board of appeal to be affected thereby, as they appear on the most recent local tax list, and to the city planning board of said city. At the hearing any party whether entitled to notice thereof or not may appear in person or by agent or attorney.

In acting upon such appeal, said board of appeal may, in conformity with the provisions of this act, reverse or affirm in whole or in part, or may modify, any order or decision, and may make such order or decision as ought to be made,

and to that end shall have all the powers of the officer from whom the appeal is taken and may issue or direct the issue of a permit. The concurring vote of four fifths of all the members of said board of appeal shall be necessary to reverse any order or decision of any administrative official under this act, or to decide in favor of the applicant on any matter upon which it is required to pass under any zoning rule or amendment thereof, or to effect any variance in, or exception to, the application of any such rule or amendment.

Said board of appeal shall cause to be made a detailed record of all its proceedings, which record shall set forth the reasons for its decisions, the vote of each member participating therein, and the absence of a member or his failure to vote. Such record, immediately following the board's final decision, shall be filed in the office of the building commissioner of said city and shall be open to public inspection, and notice of such decision shall be mailed forthwith to each party in interest as aforesaid, to the city planning board of said city, and to every person present at the hearing who requests that notice be sent to him and states the address to which such notice is to be sent.

SECTION 9. Upon an appeal from the refusal of the building commissioner or other administrative official to issue a permit under this act or under a zoning rule or amendment thereof adopted under this act, said board of appeal may authorize with respect to a particular parcel of land or to an existing building thereon a variance from the terms of the applicable zoning rule or amendment thereof, where, owing to conditions especially affecting such parcel or such building but not affecting generally the zoning district in which it is located, a literal enforcement of the provisions of the zoning rule or amendment would involve substantial hardship to the appellant, and where desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent and purpose of such zoning rule or amendment, but not otherwise. In authorizing such variance, said board may impose limitations both of time and of user, and a continuation of the use permitted may be conditioned upon compliance with regulations to be made and amended from time to time thereafter.

SECTION 10. A zoning rule or amendment thereof may provide that exceptions may be allowed to the regulations and restrictions contained therein, which shall be applicable to all of the districts of a particular class and of a character set forth in such zoning rule or amendment. Such exceptions shall be in harmony with the general purpose and intent of the zoning rule or amendment and may be subject to general or specific limitations therein contained. If exceptions are so provided for, said board of appeal may, subject to appropriate conditions and safeguards, allow such an exception upon an appeal from the refusal of the building commissioner or other administrative official to issue a permit under this act or under a zoning rule or amendment thereof adopted under this act.

SECTION 11. Any person aggrieved by a decision of said board of appeal, whether or not previously a party to the proceeding, or any municipal board or

officer, may appeal to the superior court sitting in equity for the county of Suffolk; provided, that such appeal is filed in said court within fifteen days after such decision is recorded or, if such decision is required by this act to be confirmed by the zoning commission, within fifteen days after such confirmation. Every person so appealing shall file a bond with sufficient surety, to be approved by the court, for such a sum as shall be fixed by the court, to indemnify and save harmless the person or persons in whose favor the decision was rendered from all damages and costs which he or they may sustain in case the decision of said board is affirmed. Upon an appeal under this section, the court shall hear all pertinent evidence and determine the facts, and, upon the facts as so determined, annul such decision if found to exceed the authority of such board, or make such other decree as justice and equity may require. The foregoing remedy shall be exclusive; but the parties shall have all rights of appeal and exception as in other equity cases.

Costs shall not be allowed against said board of appeals unless it shall appear to the court that the board in making the decision appealed from acted with gross negligence, in bad faith or with malice; and costs shall not be allowed against the party appealing from the decision of the board unless it shall appear to the court that said party acted in bad faith or with malice in appealing to the court.

SECTION 12. The superior court sitting as aforesaid shall have jurisdiction to enforce the provisions of this act, and any zoning rules or amendments thereof adopted under this act, and may restrain by injunction violations thereof.

SECTION 13. Chapter four hundred and eighty-eight of the acts of nineteen hundred and twenty-four, as amended, is hereby repealed.

SECTION 14. This section and sections one to twelve, inclusive, of this act shall take effect upon its passage. Section thirteen of this act shall take effect at the same time as the zoning rule originally dividing the city of Boston into districts under this act and establishing the regulations and restrictions to be enforced in said districts takes effect.

Comment.

Chapter 368 of the Acts of 1954 re-enacted in a new chapter of the General Laws with many perfecting amendments the provisions of law enabling Massachusetts cities and towns, except Boston, to adopt zoning regulations. Boston was still left without home rule in this important local field. Enactment of the above bill would rectify this situation by adapting to Boston said St. 1954, ch. 368, and establish a Boston Zoning Commission modelled after the existing Zoning Adjustment Board. This commission would have power to promulgate zoning rules after due notice and hearing. The existing zoning law would be repealed effective with the promulgation of the new rules.

A BILL AUTHORIZING THE CITY OF BOSTON TO ENACT ORDINANCES FOR THE PURPOSE OF PREVENTING OR REMEDYING IN SAID CITY CONDITIONS WHICH MAY TEND TO CAUSE FIRES OR TO BECOME FIRE HAZARDS.

SECTION 1. Upon the written recommendation of the fire chief of the city of

BILLS FILED BY MAYOR.

Boston, the city council of said city, with the approval of the mayor of said city, may from time to time make, amend and repeal ordinances, not inconsistent with lawful rules and regulations of the state board of fire prevention regulations and other provisions of law, for the purpose of preventing or remedying in said city any condition in or about any building, structure or other premises or on any ship or vessel which may tend to cause a fire or to become a fire hazard. Said chief shall not make under section twenty-eight of chapter one hundred and forty-eight of the General Laws any order or rule inconsistent with any ordinance lawfully made under this section.

Whoever violates any ordinance lawfully made under this section shall be punished by a fine of not more than fifty dollars for each offence or, in the case of a continuing offence, by a fine of not more than fifty dollars for every day during any portion of which the violation continues. In addition, the superior court shall have jurisdiction in equity, upon application of the fire chief of said city, to enforce any ordinance lawfully made under this section.

SECTION 2. This act shall take effect upon its passage.

Comment.

Boston's efforts to promulgate a single comprehensive fire prevention code have been substantially impeded not only by the lack of power in a single body to make all-inclusive regulations, but also by the specific limitations on subject matter imposed by G. L. (Ter. Ed.) c. 148, s. 28, as amended. The proposed law, if enacted, would remove these impediments by enabling the Boston City Council, upon recommendation of the Fire Chief and with the approval of the Mayor, to enact ordinances for the purpose of preventing or remedying any condition which may tend to cause a fire or to become a fire hazard. Any such ordinance would, of course, have to be consistent with constitutional and statute law and also all rules and regulations of the State Board of Fire Prevention Regulations. The bill is in line with an act passed in 1939 (St. 1939, ch. 217) which authorized the City of Boston to regulate by ordinance the inspection, materials, construction, alteration, repair, height, area, location and use of buildings and other structures and also with G. L. (Ter. Ed.) c. 148, s. 9, as amended, empowering cities and towns to make and enforce ordinances and bylaws relative to explosives and explosion hazards.

A BILL PROVIDING FOR AN UNPAID SPECIAL COMMISSION TO DETERMINE THE CITIES AND TOWNS WHICH RECEIVE BENEFIT OR ADVANTAGE FROM THE SERVICE PROVIDED BY THE METROPOLITAN TRANSIT AUTHORITY BUT ARE NOT SUBJECT TO ASSESSMENT FOR DEFICITS INCURRED IN THE OPERATION OF SAID AUTHORITY.

RESOLVED, That an unpaid special commission, consisting of two members of the senate to be designated by the president thereof, five members of the house of representatives to be designated by the speaker thereof, and two persons to be appointed by the governor, is hereby established for the purpose of determining the cities and towns which receive benefit or advantage from the service provided by the Metropolitan Transit Authority but are not subject to assessment for deficits incurred in the operation

of said authority, the proportion of such deficits which such cities and towns should be assessed, and the most equitable method for allocating such proportion among such cities and towns. The commission shall be provided with quarters in the state house or elsewhere, may hold public hearings, and shall have the power to summon witnesses and to require the giving of testimony under oath. Said commission may expend for clerical and other services and expenses such sums as may hereafter be appropriated therefor. Said commission shall report to the general court the results of its investigation and study, and its recommendations, if any, together with drafts of legislation necessary to carry its recommendations into effect, by filing the same with the clerk of the senate on or before the first Wednesday of December in the current year.

Comment.

Municipalities fringing the metropolitan area indisputably derive benefit and advantage from the Metropolitan Transit Authority, but are not subject to be assessed any portion of the deficits incurred in its operations. Passage of the foregoing resolve would establish a special commission to determine what municipalities are involved and to recommend a formula for their assessment.

A BILL PROVIDING FOR A PAYMENT IN LIEU OF TAXES IN THE EVENT OF A SALE OF REAL ESTATE BY A CITY OR TOWN.

SECTION 1. Chapter 44 of the General Laws is hereby amended by inserting after section 63 the following section:—*Section 63A.* Whenever in any year a town, which term, as used in this section, shall include city, shall sell any real estate, the board or officer executing the deed therefor in the name and behalf of the town shall, as a condition precedent to power to deliver such deed, receive from the grantee, as a payment in lieu of taxes allocable to the days ensuing in said year after the date of such deed, a sum which shall be equal to such portion of a pro forma tax computed as hereinafter provided as would be allocable to the days aforesaid if such pro forma tax were apportioned pro rata according to the number of days in such year. Such pro forma tax shall be computed by applying the town's tax rate for such year, or, if such rate is not known, the town's tax rate for the year next preceding such year, to the sale price after crediting any exemption to which, if the deed had been executed and delivered on January first in such year, the grantee would have been entitled under section five of chapter fifty-nine. A recitation in the deed that there has been full compliance with the provisions of this section shall be conclusive evidence of such fact. Sums received under this section shall not be subject to section sixty-three of this chapter or to section forty-three of chapter sixty, but shall be credited as general funds of the town.

Comment.

When in the ordinary course of business real estate is sold by one private individual to another, there is an adjustment of the year's real estate taxes at the time of sale. Since taxes are not assessed on municipally owned real estate, there is no tax adjustment when a municipality sells real estate during the course of a year. Theoretically, the municipality gets a better price because there is no such adjustment; but it is exceedingly doubtful that this is so in actual fact. The purpose of the

above bill is to clarify the matter by providing for a tax adjustment in such cases.

A BILL TO FACILITATE THE CONVEYANCE TO THE CITY OF BOSTON OF REAL ESTATE OWNED BY THE COMMONWEALTH.

SECTION 1. Whenever a state department, commission, board or officer having control of any real estate of the commonwealth shall, with the approval of the governor and council, determine that any such real estate in the city of Boston is no longer needed for the purposes of the commonwealth, such department, commission, board or officer may, in the name and behalf of the commonwealth, sell and convey to the city of Boston such real estate or any part or parts thereof or any interest therein for such price as such department, commission, board or officer, with the approval of the governor and council, shall determine. This act shall apply whether the real estate was acquired by the commonwealth before or after the effective date of this act, and whether by eminent domain, purchase, gift, devise or otherwise.

Comment.

It not infrequently happens that while the Legislature is not in session, it becomes apparent that the Commonwealth no longer needs some real estate owned by it but urgently needed by the City of Boston. Generally, there is no statute enabling the immediate conveyance of the real estate with the result that much valuable time is often lost. In addition, the Legislature's time is consumed by enacting special legislation to cover the subject. The present bill, therefore, proposes an act dealing with the matter in comprehensive fashion. The basic provision of the new law, if enacted, would be this: Whenever any State department shall, with the approval of the Governor and Council, determine that any real estate in Boston owned by the State and under the control of such department is no longer needed for State purposes, such department may sell the real estate to the City of Boston for such price as such department, with the approval of the Governor and Council, shall determine.

A BILL PROVIDING FOR PAYMENTS IN LIEU OF TAXES ON PROPERTY ACQUIRED BY THE COMMONWEALTH ON OR AFTER JULY FIRST OF THE CURRENT YEAR.

SECTION 1. Chapter 58 of the General Laws is hereby amended by inserting after section 17B, as inserted by section 1 of chapter 592 of the acts of 1945, the following:—*Section 17C.* In nineteen hundred and sixty-six and in every year thereafter, the state treasurer shall, not later than November twentieth, pay each town in which on January first of such year the commonwealth shall hold, for any purpose other than highway purposes, real estate acquired by it on or after July first, nineteen hundred and fifty-five, by eminent domain, purchase, gift, devise, lease or otherwise such amount in lieu of taxes as shall be certified by the commission to the state treasurer as hereinafter provided. In every year aforesaid, the commission shall, not later than August first, determine, for each parcel of real estate acquired and held by the commonwealth as aforesaid, the assessed valuation of such parcel on the three assessment dates next preceding the acquisition of such parcel after the deduction of all abatements, if any, pertaining to such valuation, multiply the average of the valuations so determined by the rate provided for under section fifty-eight of

chapter sixty-three, and certify to the state treasurer the resultant amount together with a description of the parcel sufficient to identify it and the name of the town in which it is situated. If real estate subject to this section was not separately assessed or was exempt from taxation on any of said assessment dates the fair cash value of the real estate on such date shall for the purposes of this section be deemed to be the assessed valuation thereof on such date. This section shall not apply to land subject to section three A or section seven A of chapter fifty-nine or section thirteen of this chapter.

Comment.

In the last two decades, Boston has lost much taxable real estate through its acquisition by the Commonwealth. Outstanding examples are the areas acquired for the development of the General Edward Lawrence Logan International Airport and the Port of Boston, where, after construction, the property is, to a great extent, privately occupied. The law presently proposed would, unless modified by some future statute, prevent further loss of tax revenues from State acquisitions by providing for a payment in lieu of taxes to be made by the Commonwealth annually with respect to all land acquired by the Commonwealth for any purpose other than highway purposes after July 1, 1955.

A BILL AUTHORIZING THE CITY OF BOSTON TO BORROW MONEY WITHIN ITS DEBT LIMIT FOR REMODELING, RECONSTRUCTING OR MAKING EXTRAORDINARY REPAIRS TO PUBLIC BUILDINGS OWNED BY SAID CITY.

SECTION 1. Section 7 of chapter 44 of the General Laws, as amended, is hereby further amended by inserting after clause (13) the following clause:—

(13A) In Boston, for remodeling, reconstructing or making extraordinary repairs to public buildings owned by the city, fifteen years.

A BILL RELATIVE TO THE TOTAL CONSTRUCTION GRANT FOR CERTAIN APPROVED SCHOOL PROJECTS IN CITIES, TOWNS AND REGIONAL SCHOOL DISTRICTS.

SECTION 1. Section 9 of chapter 645 of the acts of 1948, as most recently amended by section 2 of chapter 528 of the acts of 1950, is hereby further amended by adding at the end the following paragraph:—

Anything in this act to the contrary notwithstanding, the total construction grant for every school project becoming an approved school project within the meaning of this act after July first, nineteen hundred and fifty-five, whether in a city, town or regional school district, shall be one half of the final approved cost of the project.

A BILL CONCERNING CERTAIN CONTRACTS ENTERED INTO ON BEHALF OF THE CITY OF BOSTON AND THE COUNTY OF SUFFOLK.

SECTION 1. Section 6 of chapter 418 of the acts of 1890, as most recently amended by section 1 of chapter 376 of the acts of 1952, is hereby further amended by striking out the first sentence and inserting in place thereof the following sentence:—All contracts made by any department of the city of Boston or by any officer, board or official of the county of Suffolk having power to incur obligations on behalf of said county in cases where said obligations are to be paid for wholly from the treasury

of the city of Boston, shall, when the amount involved is two thousand dollars or more, or when the contract comes within section thirty of chapter four hundred and eighty-six of the acts of nineteen hundred and nine, as amended, be in writing; and no such contract shall be deemed to have been made or executed until the approval of the mayor of said city has been affixed thereto in writing and the auditor of said city has certified thereon that an appropriation is available therefor or has cited thereon the statute under authority of which the contract is being executed without an appropriation.

SECTION 2. Section 30 of chapter 486 of the acts of 1909, as amended by section 2 of chapter 376 of the acts of 1952, is hereby further amended by striking out the first sentence and inserting in place thereof the following sentence:—Every officer or board in charge of a department in said city and every officer, board or official of the county of Suffolk having power to incur obligations on behalf of said county in cases where said obligations are to be paid for wholly from the treasury of said city, when authorized to erect a new building or to make structural changes in an existing building, shall make contracts therefor, not exceeding five, each contract to be subject to the approval of the mayor; and when about to do any work or to make any purchase, the estimated cost of which alone, or in conjunction with other similar work or purchase which might properly be included in the same contract, amounts to or exceeds two thousand dollars, shall, unless the mayor gives written authority to do otherwise, invite proposals therefor by advertisements in the City Record.

SECTION 3. This act shall take full effect upon its acceptance by vote of the city council of the city of Boston, subject to the provisions of its charter, but not otherwise.

Comment.

Under existing law, every City of Boston and County of Suffolk contract over \$1,000 must be in writing and bear the written approval of the Mayor and a certification by the City Auditor as to the availability of funds and, unless letting without advertising is authorized for reasons published in the "City Record", must also be let only after bids invited by advertisement in the "City Record". The bill would change the law so that only contracts over \$2,000 would be subject to these requirements. The bill is a modification of Chapter 376 of the Acts of 1952, which would have exempted contracts over \$2,500 from the requirements but which was not accepted by the City Council and so never became law.

A BILL TO MAKE PERSONS EMPLOYED BY THE TRUSTEES OF THE GEORGE ROBERT WHITE FUND IN THE CITY OF BOSTON ELIGIBLE FOR MEMBERSHIP IN THE STATE-BOSTON RETIREMENT SYSTEM.

SECTION 1. On and after the effective date of this act, persons employed by the board of trustees of the fund given to the city of Boston by article fourteenth of the will of the late George Robert White and known as the George Robert White Fund shall be deemed to be employees of the city of Boston for the purposes of sections one to twenty-eight, inclusive, of chapter thirty-two of the General Laws and of the State-Boston retirement system established thereunder.

SECTION 2. Any person employed by said board of trustees on the effective date of this act who, on such effective date, is not a member of the State-Boston retire-

ment system, shall become a member in service of such system as of such effective date unless within three months after such effective date he files with the Boston retirement board on a prescribed form a notice of his election not to become a member and a duly executed waiver of all present and prospective benefits which might otherwise accrue to him if he became a member; provided, however, that no person so becoming a member of said system shall be entitled to credit for service rendered prior to the effective date of this act whether while an employee of a governmental unit or while employed by said board of trustees unless, prior to January first, nineteen hundred and fifty-eight, or within such further time as the Boston retirement board, in the event of obvious hardship, may, in its discretion, allow, he shall have paid into the annuity savings fund of the State-Boston retirement system in one sum, or in instalments, upon such terms and conditions as said retirement board may prescribe, make-up payments in a sum equal to the aggregate of (a) the amount of all accumulated deductions at any time paid him under section sixteen of chapter five hundred and twenty-one of the acts of nineteen hundred and twenty-two, together with regular interest thereon from the date of such payment, (b) the amount of all accumulated regular deductions at any time withdrawn by him under the State-Boston retirement system, together with regular interest thereon from the date of such withdrawal, (c) the amount which his accumulated regular deductions would have totalled on the effective date of this act if during the period he was employed by said board of trustees since January first, nineteen hundred and forty-seven, he had been recognized as an employee of the city of Boston and a member of the State-Boston retirement system, together with regular interest on such amount from such effective date, and (d) if he was employed by said board of trustees prior to said January first, the amount which his accumulated deductions would have totalled on said January first, had he, during the period he was so employed prior to said January first, been recognized as an employee of the city of Boston and a member of the Boston retirement system, together with regular interest on such amount from said January first. In the event any retirement allowance becomes effective for any person becoming a member of the State-Boston retirement system under this section before the completion of the make-up payments prescribed by this section, such person shall, in addition to credit for his actual membership service, be entitled to credit for that proportion of his service rendered prior to the effective date of this act which the total amount of his make-up payments actually made, exclusive of interest accruing thereon after such effective date, bears to the total amount of what his make-up payments would have been had he made payment thereof in one sum on such effective date.

SECTION 3. Any person employed by said board of trustees on the effective date of this act who, on such effective date, is a member of the State-Boston retirement system and who, at any time during the period between January first, nineteen hundred and forty-seven, and such effective date, was employed by said board of trustees may, within six months after the effective date of this act or within such further time as the Boston retirement board, in the event of obvious hardship, may, in its discretion, allow, pay into the annuity savings fund of the State-Boston

BILLS FILED BY MAYOR.

retirement system in one sum, or in instalments, upon such terms and conditions as said retirement board may prescribe, make-up payments in a sum equal to the amounts which would have been withheld from his compensation for services as such employee during said period had said services been recognized by the Boston retirement board as rendered by an employee of the city of Boston, together with regular interest thereon. Upon the completion of said make-up payments, such member shall receive the same credit for said services as would have been allowed had said services been recognized by the Boston retirement board as rendered by an employee of the city of Boston. In the event any retirement allowance becomes effective prior to the completion of such make-up payments, such member shall, in addition to credit for his actual membership service, be entitled to credit for that proportion of service rendered by him as aforesaid which the total amount of his make-up payments actually made, together with regular interest thereon to the date his retirement allowance becomes effective, bears to the total amount of what his make-up payments, together with regular interest thereon to such latter date, would have been had he made payment thereof in one sum on such latter date.

SECTION 4. This act shall take full effect upon its acceptance by vote of the city council of the city of Boston, subject to the provisions of the charter of said city, but not otherwise.

Comment.

Persons employed by the Trustees of the George Robert White Fund, being paid out of the income of the Fund and not from the general revenues of the City, have never been recognized as City employees for retirement purposes. The above bill, as its title indicates, would remedy this situation by making such persons eligible for membership in the State-Boston Retirement System.

A BILL PROVIDING FOR THE TRANSFER OF LONG ISLAND IN BOSTON HARBOR FROM WARD ONE TO WARD SIXTEEN OF THE CITY OF BOSTON.

SECTION 1. Notwithstanding any general or special law to the contrary, if on or before the last day of June in the current year the city council of the city of Boston with the approval of the mayor of said city votes to transfer the territory in said city known as Long Island from ward one to ward sixteen of said city, said territory shall for all purposes be deemed to have been within the limits of said ward sixteen on and since the first day of January in the current year and to continue within said limits until there is new division of said city into wards.

SECTION 2. This act shall take effect upon its passage.

Comment.

At the present time Long Island in Boston Harbor constitutes a part of Ward 1. When Long Island was reached only by boat, there was no great objection to this; but since the construction of the viaduct between Moon Island and Long Island, with the consequent discontinuance of boat service, great inconvenience has resulted to voters by having Long Island in Ward 1. The above bill would alleviate the condition by transferring Long Island to Ward 16.

A BILL REPEALING THE PROVISION OF LAW REQUIRING SPECIAL LICENSES FOR OPERATORS OF MOTION PICTURE MACHINES IN CHURCHES, SCHOOLS, HOUSES AND PUBLIC INSTITUTIONS IN THE CITY OF BOSTON TO BEAR THE WRITTEN APPROVAL OF THE BUILDING COMMISSIONER OF SAID CITY.

SECTION 1. Chapter 143 of the General Laws is hereby amended by striking out section 85, as most recently amended by section 7 of chapter 553 of the acts of 1941, and inserting in place thereof the following section:—*Section 85.* Notwithstanding any provision of sections seventy-two to eighty-four, inclusive, the commissioner of public safety, upon application accompanied by a fee of three dollars, may grant special licenses for operators of motion picture machines in churches, schoolhouses or public institutions which in his opinion are in safe condition for said exhibitions, and he may prescribe regulations for the proper conduct of the same.

Comment.

Under existing law, special licenses for operators of motion picture machines in churches, schoolhouses, or public institutions in municipalities other than Boston require no approval after issuance by the State Commissioner of Public Safety; but "no such license shall be valid for use in the city of Boston unless it also bears the written approval of the building commissioner of said city." The above bill would strike out the words just quoted which, in the opinion of the building commissioner, serve no useful purpose but often cause inconvenience to the operator.

A BILL RELATIVE TO THE TERM OF CERTAIN LICENSES FOR GASFITTERS IN THE CITY OF BOSTON.

SECTION 1. Section 121 of chapter 479 of the acts of 1938 is hereby amended by striking out paragraph (d) and inserting in place thereof the following paragraph:—

(d) Every original license issued under this section shall take effect upon its issuance and shall expire on such date, not later than one year after its effective date, as said board shall determine. Upon the expiration of a license heretofore or hereafter issued under this section, the commissioner shall, upon payment of the required fee renew the same except that, unless otherwise ordered by said board, he shall not renew the license of any person whose registration has been cancelled or whose license has been revoked or suspended. Every renewal license issued under this section shall take effect on such date, not later than one month after its issuance, and expire on such date, not later than one year after its effective date, as said board shall from time to time determine. The registration of any person whose license has not been renewed within one year after its expiration shall be cancelled.

SECTION 2. This act shall take effect upon its passage.

A BILL ENABLING THE RESTORATION OF CERTAIN RETIRED VETERANS TO ACTIVE DUTY IN THE SERVICE OF THE CITY OF BOSTON.

SECTION 1. If at any time within three months after the effective date of this act the office or position held by a person retired between June tenth and September eighth in the year nineteen hundred and fifty-four by the mayor of the city of Boston under section fifty-eight of chapter thirty-two of the General Laws, or a similar office or position in

the service of said city, is vacant, the appointing authority for such office or position may, upon the written request of such retired person and with the written approval of said mayor, any provision of general or special law to the contrary notwithstanding, appoint such retired person to serve in such office or position until attaining the maximum age for the group in which he would be classified were he a member of the State-Boston retirement system unless sooner removed for cause. Notwithstanding the provisions of section ninety-one of chapter thirty-two of the General Laws, such person shall be paid the compensation attached to such office or position, provided he files with the collector-treasurer of said city a written statement wherein he waives and renounces for himself, his heirs and his legal representatives his right to receive a retirement allowance for the period during which such compensation is payable; but the retirement of such person shall not otherwise be affected by such appointment; and no deduction for retirement purposes shall be made from such compensation.

SECTION 2. This act shall take effect upon its passage.

Comment.

Between June 10, 1954, and September 8, 1954, many veterans who had been in the City's service for thirty years and were members of the Boston Retirement System retired to guard against a failure of the Legislature to amend Chapter 627 of the Acts of 1954 to restore their right to retire under the veterans' noncontributory retirement statute, which had been taken away by said Chapter 627. The purpose of the foregoing bill is to permit the re-employment of these veterans within a limited time if circumstances warrant it.

A BILL PROVIDING FOR THE PAYMENT BY MUNICIPALITIES OF INCREASED SUMS FOR THE FUNERAL AND BURIAL EXPENSES OF CERTAIN POOR AND INDIGENT PERSONS AND FOR STATE REIMBURSEMENT THEREFOR IN UNSETTLED CASES.

SECTION 1. Chapter 117 of the General Laws is hereby amended by striking out section 18A, as amended by section 1 of chapter 668 of the acts of 1945, and inserting in place thereof the following:—*Section 18A.* Whenever—

(1) a person over the age of twelve years, in this section called an adult, shall have died leaving an estate of less than three hundred dollars, or a person under that age but over the age of six months, in this section called a child, shall have died leaving an estate of less than two hundred dollars, or a person under the age of six months, in this section called a baby, shall have died leaving an estate of less than one hundred dollars, and

(2) his kindred shall be unable to pay the amount by which the expense of his decent funeral and burial exceeds his estate and

(3) the funeral director engaged in conducting his funeral and burial shall have filed with the board of public welfare an affidavit stating that the total expense of the funeral and burial of such person by whomsoever incurred, did not exceed, in the case of an adult, three hundred dollars and, in the case of a child, two hundred dollars and, in the case of a baby, one hundred dollars, and

(4) such funeral director shall have removed the body, procured a death certificate and burial permit, embalmed

and dressed the body, furnished a suitable burial garment, furnished a suitable casket with, except in the case of an unnamed baby, a metal plate bearing the name of the deceased engraved thereon, furnished an outer case of pine wood, conducted a funeral for the deceased, procured a clergyman, of the religion that the deceased professed, to officiate at such funeral and, unless the interment is in a cemetery beyond ten miles, furnished a hearse for transporting the body of the deceased to the cemetery and a suitable conveyance for transporting the immediate family of the deceased to and from the cemetery,

then the town liable for the burial of such person shall pay such funeral director for such funeral and burial, if the deceased was an adult, the sum of one hundred and fifty dollars and, if the deceased was a child, the sum of one hundred dollars and, if the deceased was a baby, the sum of fifty dollars and, except in the case of a baby, such additional sum, not exceeding, in the case of an adult, seventy-five dollars, and in the case of a child, fifty dollars, as may be expended for procuring a burial place or transporting the body to a cemetery beyond ten miles, opening the grave, and obtaining the use of interment devices; provided, that there shall be deducted from the aggregate amount so payable by the town the amount by which the aggregate of the deceased's estate and the amount his kindred are able to pay exceeds, in the case of an adult, seventy-five dollars and, in the case of a child or baby, fifty dollars.

SECTION 2. Section 17 of said chapter 117, as most recently amended by section 2 of said chapter 668, is hereby further amended by striking out the last sentence and inserting in place thereof the following:—The expense thereof may be recovered of their kindred, if any, chargeable by law for their support in the manner provided in this chapter; and if the expense of their funeral and burial is not paid by such kindred, the commonwealth shall, subject to the provisions of section forty-two of chapter one hundred and twenty-one, reimburse the town for all sums lawfully paid by it under section eighteen A.

SECTION 3. This act shall apply only to funerals and burials for the conduct of which funeral directors are engaged on or after its effective date. The provisions of sections seventeen and eighteen A of chapter one hundred and seventeen of the General Laws as in effect immediately prior to the effective date of this act shall continue to apply to funerals and burials for the conduct of which funeral directors are engaged before the effective date of this act.

Comment.

Existing general relief laws put a limit of \$150 on expenses incurred by municipalities for the burial of poor persons over the age of twelve and a limit of \$40 on such expenses for poor persons under that age. These limits include the expense of procuring a burial place. It is common knowledge that a decent burial cannot be had today within these limits. The bill seeks to have the limit raised to \$225 in the case of persons over twelve, to \$150 in the case of children between six months and twelve years, and to \$50 in the case of babies under six months, with permission given the deceased's estate or kindred to expend an additional \$50 in the case of a child or baby and an additional \$75 in other cases.

A BILL EXTENDING TO CERTAIN ALIENS THE BENEFITS OF THE OLD AGE ASSISTANCE LAW, SO CALLED.

SECTION 1. Section 1 of chapter 118A of the General Laws, as amended, is hereby further amended by inserting after the first sentence the following sentence:—Adequate assistance shall also be granted under like supervision to all other deserving persons in need of relief and support sixty-five years of age or over who shall have resided in the commonwealth not less than five years during the nine years immediately preceding the date of application for such assistance and who shall have resided in the commonwealth continuously for one year immediately preceding said date of application.

Comment.

Aliens in need of relief and support are today not eligible under State law for old age assistance, with the result that the cost of the general relief furnished them must be borne entirely by the municipalities without contribution from the State and Federal Governments. Generally speaking, the Federal Government contributes 50 per cent and the State 33 per cent of the cost of old age assistance. The purpose of this bill is to render aliens eligible for old age assistance so that municipalities may get the benefit of the Federal and State contributions just mentioned.

A BILL ESTABLISHING A FEE FOR THE ISSUANCE OF A CERTIFICATE OF INSPECTION OF A BUILDING.

SECTION 1. Section 28 of chapter 143 of the General Laws, as most recently amended by chapter 648 of the acts of 1947, is hereby further amended by adding at the end thereof the following sentence:—An inspector issuing a certificate under this section shall charge a fee of five dollars therefor; and the money so received shall be paid into the treasury of the governmental unit paying the salary of such inspector.

A BILL PROVIDING FOR THE MAINTENANCE BY THE PORT OF BOSTON COMMISSION OF PUBLIC LANDING PLACES FOR SAID PORT.

SECTION 1. Section 3 of chapter 91A of the General Laws, as most recently amended by section 6 of chapter 608 of the acts of 1953, is hereby further amended by adding at the end of the first paragraph the following sentence:—The commission shall maintain for the port of Boston at such place or places within or near said port as the commission shall think proper such public landings as the commission shall deem necessary.

SECTION 2. For the purposes of section one of this act, the port of Boston commission shall take in the name of the commonwealth under chapter seventy-nine of the General Laws all common landing places belonging to the city of Boston; but no damages shall be paid to said city for such taking.

SECTION 3. This act shall take full effect upon its acceptance by the city council of the city of Boston, subject to the provisions of the charter of said city, but not otherwise.

A BILL RELATIVE TO THE PROSECUTION OF WORKMEN'S COMPENSATION CLAIMS BY RETIREMENT BOARDS.

SECTION 1. Paragraph (c) of subdivision (2) of section 14 of chapter 32 of the General Laws, as appearing in chapter 542 of the acts of 1951, is hereby amended by striking out the last sentence and inserting

in place thereof the following sentence:—Under the circumstances set forth in said section seventy-three, the duty of the board to prosecute shall be mandatory except in cases where no provision has been made for payment of compensation by insurance with an insurer.

A BILL PROVIDING FOR THE ACQUISITION BY THE COMMONWEALTH OF THE BRIDGE AT THE SOUTHEASTERLY END OF NEPTUNE ROAD IN THE EAST BOSTON DISTRICT OF THE CITY OF BOSTON.

SECTION 1. For the purpose of improving the General Edward Lawrence Logan International Airport, the commissioner of airport management shall, with the approval of four members of the state airport management board, take in the name of the commonwealth by eminent domain under chapter seventy-nine of the General Laws the parcel of land in the East Boston district of the city of Boston which would lie between the northwesterly and the southeasterly boundary lines of parcel eleven C shown on department of public works division of waterways plan numbered ACC. 4796 if such boundary lines were extended northeasterly one hundred feet; provided, however, that such taking shall be made expressly subject to any and all rights of the United States of America in such land; and provided, further, that no damages shall be paid to the city of Boston for such taking.

SECTION 2. So long as the metropolitan district commission shall have the care and control of World War Memorial Park under chapter five hundred and twenty-eight of the acts of nineteen hundred and fifty-three, said commission shall have the care and control of the land to be acquired by the commonwealth under section one of this act and shall have the care, control and maintenance of the bridge upon and over such land.

SECTION 3. This act shall take full effect upon its acceptance by the city council of the city of Boston, subject to the provisions of the charter of said city, but not otherwise.

Comment.

This bill concerns the bridge carrying Neptune Road, East Boston, over the former Boston, Revere Beach and Lynn Railroad tracks to World War Memorial (or Wood Island) Park. That park now belongs to the Commonwealth. Since the bridge cannot fairly be said to service any area other than the park, the bill seeks to have the Commonwealth take over the bridge as an incident of the park.

A BILL PROVIDING FOR THE REGULATION OF PARKING IN OFF-STREET PARKING AREAS AND FACILITIES OPERATED BY THE CITY OF BOSTON.

SECTION 1. Section 2 of chapter 263 of the acts of 1929, as most recently amended by section 1 of chapter 369 of the acts of 1954, is hereby further amended by adding at the end the following sentence:—For the purposes of this act and of section twenty-two A of chapter forty, and section twenty A of chapter ninety, of the General Laws, off-street parking areas and facilities operated by the city shall be deemed to be ways under the control of the city.

SECTION 2. This act shall take effect upon its passage.

Comment.

The purpose of this bill is to establish the power of the Boston Traffic Commission to make its parking meter rules

applicable to municipally operated off-street parking areas.

A BILL RELATIVE TO THE USE OF WAYS IN THE CITY OF BOSTON FOR PLAY-GROUND PURPOSES.

SECTION 1. Chapter 45 of the General Laws is hereby amended by striking out section 17A, as amended by chapter 80 of the acts of 1953, and inserting in place thereof the following section:—*Section 17A.* For the purpose of promoting recreation, play or sport, the city of Boston, by written order of the chairman of its traffic commission promulgated upon written request of its commissioner of parks and recreation and written approval of such request by its police commissioner, any other city by ordinance and any town by by-law may provide for the closing to vehicular traffic, during periods of time specified in such order, ordinance or by-law, of any public way or part thereof within the limits of such city or town, except a state highway or a parkway or boulevard, having due regard in every instance to the rights of abutting owners and the general public in the use of such way or part thereof.

Comment.

In Boston, streets are closed to traffic and used for recreational purposes on order of the Parks and Recreation Commission with the approval of the Traffic Commission. This procedure is overly cumbersome for the matter involved. Further, both commissions meet only periodically. Quicker action is generally required. The bill, therefore, would substitute an order of the Chairman of the Traffic Commission promulgated on request of the Chairman of the Parks and Recreation Commission with the approval of the Police Commissioner.

NEW BRIDGE OVER MYSTIC RIVER OPENED.

The new high-level bridge over the Charles River connecting the Mystic River Bridge with the John F. Fitzgerald Highway, has been opened. It will permit the permanent discontinuance of the Warren Bridge, which is the low-level drawbridge connecting Beverly street, City Proper, with the City Square area of Charlestown, via Warren avenue.

The opening of the new bridge provides a valuable addition to the highway system, which, coupled with the Charlestown Bridge, will provide adequate highway facilities for the foreseeable future in this section of Boston. On Friday, November 26, the Warren Bridge was permanently closed.

At the present time it is costing the city approximately \$60,000 a year for the maintenance and operation of the bridge, and, if it were deemed necessary to keep this bridge in service, immediate steps would be necessary for the construction of a new drawspan and approaches, at a cost of approximately \$3,000,000. For the past two years the bridge has been used by passenger cars only, as it was declared unsafe for the passage of truck traffic.

The Warren Bridge was opened as a toll bridge in December, 1828, by Isaac Warren and others. It continued to operate as a toll bridge until 1836 and at various intervals until 1858, when it was declared a free bridge, and it has been operated as such up to the present time.

CITY AUDITOR'S INSTRUCTIONS TO DEPARTMENT HEADS.

(Continued from page 1461.)

AUDITING DEPARTMENT.

Boston, December 1, 1954.

To: Department Heads.

Subject: 1954 Fiscal Year Closing Information.

In order to assure an early and orderly closing of 1954 accounts, a schedule of deadline dates has been established for the performance of the various acts which affect the closing. Because of these deadlines, to which there will be strict adherence, department heads must anticipate departmental requirements for the balance of the year and make certain that the necessary paper work is completed on or before the dates specified.

A revised manual of instructions concerning the standard classification of expenditures and expenditure and budget account coding for the City of Boston and the County of Suffolk has been prepared and is available. Because of the number of changes in both departmental and budget account coding, it is most necessary that all concerned immediately determine the change, if any, of the appropriation account code and the changes in budget account coding. The most significant changes have affected coding for special appropriations. With few exceptions, all such appropriations now have the same code as the controlling department, and a budget coding has been assigned in either the general classification for Structures and Improvements or for Land and Non-Structural Improvements to Land. These changes will become effective January 1, 1955.

Your attention is directed particularly to the instruction pertaining to the 1955 Unliquidated Reserve. Invoices presented for payment in 1955 for supplies or materials delivered or services rendered in 1954 will definitely not be approved for payment unless sufficient reserve has been established from 1954 appropriations to provide for payment therefor.

Your cooperation by compliance with these deadlines and instructions will be greatly appreciated. Additional copies are available. Will you please request enough copies so that all employees of your department concerned with any matter affected may be fully informed.

Very truly yours,

JOSEPH P. LALLY,
City Auditor.

AUDITING DEPARTMENT.

1954 Fiscal Year Closing Information.

INVOICES, 1954.

DECEMBER 1—Final date for submission of requisitions to Purchasing Division for purchase of supplies and materials to be charged to 1954 appropriations.

DECEMBER 10—Final date for submission of requisitions to Printing Section for printing, binding, and office supplies to be charged to 1954 appropriations.

DECEMBER 10—Final date for submission of service orders to Auditing Department for services to be performed and completed before December 31, 1954, and charged to 1954 appropriations.

DECEMBER 10—Final date for submission of requisitions to Auditing Department for purchase of postage to be charged to 1954 appropriations.

INVOICES, 1955.

JANUARY 10—Final date for submission to Auditing Department of departmental and non-order invoices relating to 1954 purchases or services to be charged to 1954 appropriations.

JANUARY 10—Request in writing to the City Auditor that unliquidated encumbrances on contracts executed prior to December 31, 1954, be carried forward to 1955.

JANUARY 10—Request in writing to the City Auditor that unliquidated encumbrances on purchase orders and services orders issued prior to December 11, 1954, on which deliveries have been made or services rendered but for which no invoices have been submitted by the vendor, be included in the 1955 Unliquidated Reserve. Indicate order numbers on every item. Gas, electric, and telephone bills for periods ending in December, 1954, for which no invoices have been received, should be estimated and included in this request.

JANUARY 10—Remit to the Auditing Department all receiving notices in your files. If no delivery or service has been made, indicate clearly on the receiving notice that the purchase or service order to which it relates is to be canceled or superseded. If partial delivery of supplies or materials has been made, indicate approval for payment for what has been received and cancel balance of order.

PAYROLLS, 1954.

DECEMBER 28—Closing date of last weekly payroll period to be included in compensation to be reported on 1954 Withholding Tax Statement Forms for weekly paid employees.

DECEMBER 31—Closing date of last semi-monthly and monthly payroll period to be included in compensation to be reported on 1954 Withholding Tax Statement Forms for employees paid on semi-monthly or monthly payrolls.

PAYROLLS, 1955.

JANUARY 4—Submit two requisitions with payroll for week ending on this date. Charge 60 per cent of the gross total to the 1954 appropriation and charge 40 per cent of the gross total to the 1955 appropriation. Use a separate requisition for each charge. Indicate at the bottom of the payroll the division of the total between the 1954 and 1955 appropriations.

JANUARY 10—Final date for submission to Auditing Department of payrolls for regular or overtime service to be charged to 1954 appropriations.

INCOME TAX REPORTS, 1954.

DECEMBER 10—Final date for submission to Printing Section of requisition for Withholding Tax Statement Forms and Withholding Tax Payroll Summary Forms.

INCOME TAX REPORTS, 1955.

JANUARY 7—Final date for submission to the Collector-Treasurer of fourth-quarter report of withholding tax deductions. A separate report should be submitted for each payroll designation. Upon completion and submission of this report, make out a Withholding Tax Statement Form for every employee to whom compensation was paid, even though no withholding tax deduction was made. It will not be necessary to complete any-

thing on the Withholding Tax Statement Form pertaining to employee number, social security number, or social security information. Indicate marital status where possible; otherwise leave blank. Insert each employee's name and complete address. Insert under the Income Tax Information section of the Withholding Tax Statement the gross compensation during 1954 before any payroll deductions, and the total income tax withheld. If no income taxes were withheld, insert the word "none." When notification has been received from the Collector-Treasurer that the fourth-quarter report has been checked and verified, separate the Withholding Statement Forms into three packages as follows:

- Copy A —for District Director.
 Copy B } —for Employee.
 Copy C }
 Copy D —for Commonwealth of Massachusetts.

Distribute Copy B and Copy C to each employee as soon as possible. For employees who have left the service, mail the forms to the last known address.

Submit the package of Copy A (for District Director) forms to the Collector-Treasurer together with an adding machine tape of the income tax deductions withheld and reported on the forms in the package. At the top of the tape indicate the name of the department, the particular payroll designation, and the number of forms contained in the package. Submit the package of Copy D (for Commonwealth of Massachusetts) forms to the Collector-Treasurer.

SPECIAL NOTE: The law now requires that information returns to the Commonwealth of Massachusetts for income tax purposes be submitted on the same basis as is required by the federal government.

Submit separate packages for each separate payroll designation.

JANUARY 17—Final date for submission to the Collector-Treasurer of packages of Copy A and Copy D of the Withholding Tax Statements.

MISCELLANEOUS.

Department clerks should check open commitments in files in Auditing Department as soon as possible.

All transfer requests affecting 1954 obligations should be dated December 31, 1954, regardless of submission date.

Check appropriation balances before end of year in order to determine requirements. In the event transfers are necessary and no unencumbered funds are available within the department appropriation, forward the transfer form with the request that funds be provided from available sources.

JOSEPH P. LALLY,
City Auditor.

CIRCULAR LETTER NO. 30.

CITY OF BOSTON,
 MAYOR'S OFFICE, November 23, 1954.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant one half day, without loss of pay, to employees in your department for Christmas shopping.

Respectfully,

JOHN B. HYNES, *Mayor.*

MAYOR HYNES APPROVES SNOW REMOVAL CONTRACTS AWARDED BY PUBLIC WORKS COMMISSIONER HYLAND.

(Continued from page 1461.)

perhaps, in cases where some extreme and unexpected conditions arise. The city has been divided into areas with certain contractors bidding for and being allotted the work in those districts. The contracts are to expire March 31, 1955.

The list of contractors and the snow removal districts are as follows:

PUBLIC WORKS DEPARTMENT,

BOSTON, November 16, 1954.
To the Mayor of Boston.

I respectfully recommend that contracts for removing snow during the 1954-1955 winter period be awarded to the following contractors in Areas 1 to 5 and in Areas 10 to 13 at the price per cubic yard designated:

Area No.	Contractor.	Price Per Cubic Yd.
1	Charles Callahan Co.	\$0 70
2	Dooley Brothers, Inc.	0 94
3	Walsh Co., Inc.	0 95
4	Hugh Nawn, Inc.	0 90
5	J. A. Susi & Sons, Inc.	0 90
10	Joseph P. McCabe, Inc.	0 70
11	A. Singarella & Sons, Inc.	0 85
12	Carriere Construction Co.	0 80
13	J. F. Stack & Co.	0 95

The above contractors, in my opinion, represent the best qualified bidders who have sufficient experience, organization, and equipment to do the required work, and it is in the best interest of the city that the contracts be awarded as recommended. Likewise, we are following our usual policy of awarding only one district to each contractor.

It is understood that the contracts will expire on March 31, 1955. Under the provisions of chapter 182 of the Acts of 1951, contracts may be awarded in a current year for the first three months of the succeeding year as long as said contracts affecting the latter-referenced period are awarded "upon like or more favorable terms and conditions" than the contract in effect in a current year. The above-referenced proposed snow removal contracts comply with the terms of chapter 182 in that they are being awarded for the months of January, February, and March of 1955, under the same terms and conditions in effect during the current year.

The above prices represent bids that were opened in this office November 15, 1954, after publicly advertising for proposals in the *City Record* issue of November 6, 1954. Attached hereto is list of bids received in all the districts.

GEORGE G. HYLAND,
Commissioner of Public Works.

LAND TAKING IN WEST ROXBURY.

The Mayor has approved the following order and votes of the Public Improvement Commission:

In Public Improvement Commission of the City of Boston, August 23, 1954.

Ordered, That due notice be given that this commission is of the opinion that public necessity requires the taking, for Public Works Department purposes, of a parcel of land near Gardner street, West Roxbury district, supposed to belong to Richard S. Noone, bounded southwesterly by land of the City of Boston; northwesterly by land now or formerly of Association of Evangelical Lutheran Church for Works of Mercy; northeasterly and southeasterly by land now or formerly

of Gerald E. Bruen; substantially as shown on plans in the office of this commission, that it intends to pass orders for making said taking, and that it appoints 10 o'clock A.M. of Wednesday, September 8, 1954, and the office of this commission, 401 City Hall Annex, as the time and place for a public hearing in the matter.

A true copy of an order passed by said commission on said day.

Attest:

MICHAEL J. CORRAO,
Secretary.

In Public Improvement Commission of the City of Boston, November 17, 1954.

Whereas, The Public Improvement Commission has passed the aforesaid order of notice and has caused a copy of said order to be published August 27, 28, 30, 31, 1954, in the *Boston Post* and *Boston Herald*, two daily newspapers published in the City of Boston, and has given the public hearing, notice of which was given in said order; and

Whereas, The Public Works Department of the City of Boston, with the approval of the Mayor, has selected, designated, and requested the Public Improvement Commission of said city to take for said city, for Public Works Department purposes, the land hereinafter described, in that part of Boston formerly West Roxbury; it is

Voted, That the Public Improvement Commission of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for Public Works Department purposes, the following described land:

A parcel of land, supposed to belong to Ava M. Noone and Richard S. Noone, bounded:

Southwesterly by land supposed to belong to City of Boston, 851.50 feet; northwesterly by land supposed to belong to Association of the Evangelical Lutheran Church for Works of Mercy, by fifteen measurements, 51.62 feet, 34.99 feet, 33.84 feet, 67.68 feet, 84.08 feet, 32.14 feet, 96.25 feet, 53.85 feet, 32.80 feet, 34.89 feet, 74.30 feet, 62.48 feet, 25 feet, 53.15 feet, 29.92 feet; northeasterly by land supposed to belong to Holyhood Cemetery Association, 818 feet; and southeasterly by the same, by four measurements, 15.90 feet, 94.45 feet, 186.10 feet, and 279.20 feet; containing 492,397 square feet, more or less.

Said parcel is shown on a plan marked "City of Boston, Gardner Street, High Street, West Roxbury, November 2, 1954, James W. Haley, Chief Engineer, Survey Division, Public Works Department," and on file in the office of said department.

Voted, That this commission determines that the undermentioned persons sustain damages in their estates by the taking in fee of land, for Public Works Department purposes, situated near Gardner and High streets, West Roxbury district, under the order of the commission of November 17, 1954, in the amount hereinafter mentioned, and awards said amount therefor:

Ava M. Noone and Richard S. Noone, 492,397 square feet, \$5,875.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Carriere Construction Company has been directed to perform the following extra work under the contract for bituminous concrete pavement in Bateman street, Deforest street, Grassmere road, Hallron street, and MacDonald street, dated July 6, 1954.

In Hallron street, deliver to city yard 38 feet of VA4 circular edgestone at \$3.42 per lineal foot, hauling to be paid for under Item 5c of contract. In Deforest street, abandon one catch basin, includ-

ing excavation and backfill and plugging existing outlet, for lump sum of \$45; re-grade 36 square yards of sidewalk at 20 cents per square yard, and reset approximately 144 lineal feet of forms at 10 cents per lineal foot.

Estimated cost of extra work, \$196.56.

John J. Amara & Sons have been directed to perform the following extra work under the contract for corner cut-backs on Arlington street, Edgewater Drive, Franklin street, etc., dated September 13, 1954:

In Peabody square, remove and dispose of 150 feet of granite ornamental curb at \$1.75 per foot. In Gallivan Boulevard and Adams street, remove four stumps buried in sidewalk on new line of edgestone at \$25 each.

Estimated cost of extra work, \$362.50.

J. D'Amico, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Billings street, Gould street, and Hemlock road, dated August 2, 1954:

In Hemlock road, deliver 44 lineal feet of circular edgestone (VA4) to city yard at \$3.68 per lineal foot, cost of hauling to be paid for under Item 5c of the original contract.

Estimated cost of extra work, \$161.92.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Brendan F. Sullivan for alterations at the High School of Commerce from November 15, 1954, to December 15, 1954. This extension was requested because of delay in obtaining hardware.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with N. Bevilacqua & Son, dated October 21, 1954, for sewerage works in outlet for Dell terrace in private land to Lincoln street, Hyde Park, from November 20, 1954, to January 20, 1955. This extension was requested because the contractor was awarded two contracts the same day and was requested to finish the other one before starting Dell terrace.

Approval has been given for the extension of the time of completion of the contract with S. J. Tomasello Corporation, 25 Huntington avenue, dated August 17, 1954, for bituminous concrete pavement in Washington street, from Dover street to Northampton street, from November 9, 1954, to December 18, 1954. This extension was requested because this is a "Chapter 90" contract and the State Commissioners of Public Works have recommended the extension of time of completion.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

James A. Susi has been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Alward road, Andover road, Lantern Lane, Ledgedale road, Parklawn road, President road, and Wedgewood road, dated June 30, 1954.

In Ledgedale road, omit the furnishing

and laying of 10 cubic yards of loam spaces (Item 25-a) at \$5 per cubic yard. Substitute approximately 540 square feet of artificial stone sidewalk at contract-unit price of 39 cents per square foot.

Estimated cost of substituted work, \$210.60; estimated cost of omitted work, \$50; estimated increase in cost, \$160.60.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 22, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair, and all the members present. Rabbi Meyer J. Strassfeld, of Temple Agudath Israel, Dorchester, was escorted to the rostrum.

INVOCATION

BY RABBI MEYER J. STRASSFELD.

Let us pray. Almighty God and Father of all flesh, at the opening of the deliberations of our City Council, we pray to Thee and beseech Thy aid and guidance; show us, O Lord, the path upon which we must tread; grant us the vision to reach decisions which will be of benefit to all the people of our beloved city. Enahle us to put aside all our personal prejudices so that we may arrive at a just and equitable solution to the many problems confronting our city government.

At the same time, O Lord, we pray that Thou bless, guard, protect and help the Mayor of our city, the members of the City Council, and all the duly elected and appointed officials of our city and state governments. Enable them to lead us into the path of righteousness and justice according to the dictates of Thy will for the benefit of all the inhabitants of our city, regardless of race, color, or creed.

We also thank Thee, Almighty God, for the bountiful blessings which Thou hast bestowed upon our beloved country. Continue, O Lord, to protect us against our enemies both from within and without.

Permit us to serve as a beacon of light to all humanity. Let our clarion call of liberty, justice, and religious freedom pierce the various curtains which are separating brother from brother, and nation from nation.

Bless us and all mankind with brotherly love and eternal peace. Amen.

The meeting was opened with the salute to the Flag.

REMOVAL OF ROBERT C. YOUNKIN AS CONSTABLE.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1954.
To the City Council.
Gentlemen:

You are hereby notified that I have this day removed Robert C. Younk as a constable of the City of Boston for the cause assigned in my order of removal on file with the City Clerk.

Respectfully,

J. B. HYNES, Mayor.

TRAFFIC CONDITIONS AT LAKE STREET AND COMMONWEALTH AVENUE.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of November 8, 1954, concerning the surveying of traffic conditions at Lake street and Commonwealth avenue.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
November 15, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to the City Council order requesting that the Traffic Commission make a survey of traffic conditions at Lake street and Commonwealth avenue, I wish to report that the real difficulty in this area is being experienced by the Boston College Law School where its entrance and property is in the Park Department reservation around what was formerly the old reservoir.

It is almost entirely a street-lighting problem, as there are no street lights whatever in this section. A traffic light installed at Commonwealth avenue and Lake street would have to be coordinated with the existing flasher now only a few yards away at the foot of the hill on the Newton line.

We shall make observations of the traffic during the rush hours to determine whether or not a light or a change in the traffic pattern may be helpful here.

We recently placed a traffic light at the corner of Lake street, Washington street, and Brock street, realizing the heavy traffic which now crosses this area from Soldiers Field road and we shall further consider the Lake Street-Commonwealth Avenue intersection.

Meanwhile, however, we make mention of the street lighting problem which is already known to the Public Works Commissioner and the Commissioner of Parks, in whose hands this situation may be counted on to be satisfactorily remedied.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

RESTRICTION ON USE OF RESIDENTIAL STREETS BY CERTAIN TRUCKS.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of October 18, 1954, concerning the traffic of business vehicles over residential streets with a view to making recommendations restricting the use of residential streets by certain trucks.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
November 15, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to City Council order of October 18, 1954, requesting a study of present traffic of business vehicles over residential streets, I wish to submit the following report.

A comprehensive study of this type would entail the employment of a large number of persons who would make traffic counts on residential streets throughout the city. The policy of this commission, since its inception in 1929, regarding the exclusion of heavy trucks from residential streets has been based upon a procedure of meeting each situation individually, based upon observations by our limited staff and complaints from local residents.

As a result of this procedure many streets have been studied and heavy trucks have been excluded where warrants existed and where alternate routes were available.

The section of our rules which prohibits the use of public ways by commercial traffic applies to commercial vehicles of over two and one half tons capacity only, but does not exclude light delivery trucks. A heavy truck having a destination on a residential street is not affected by a heavy trucking ban.

The exclusion of trucks from one street usually results in additional trucks using an adjacent parallel street so that it is impossible to make blanket prohibitions affecting large areas.

Trucks have become a part of our traffic problem and some provision must be made for them on existing streets. To eliminate them from some residential streets under present circumstances would result in overloading other residential streets.

We believe that the list of streets from which our rules exclude heavy vehicles approximates the maximum that can be done along these lines without serious interference with the normal movement of commercial vehicles.

The total elimination of commercial vehicles from residential streets would result in an impairment of the economy of the city. Our city is not laid out so that we can designate specific truck routes that would be adequate to serve both the commercial interests and the residential character of various areas.

Like most cities, we have had to face this situation in a piecemeal fashion, making the best arrangement possible in each individual community where the problems of truck traffic have become serious.

The rapid increase in the transportation of heavy freight over the road has been such that many streets formerly entirely residential in character have been subjected to heavy truck traffic. In some cases we have been able to provide relief but in many other cases there is no choice available to us which would permit the relief desired by residents.

The truck has become a familiar vehicle on all streets today, and our present generation has had to adjust itself to this condition. Obviously, some residential sections have been seriously affected by this development and the result has been that residential characteristics have been almost entirely eliminated. This is particularly true in the downtown area from Massachusetts avenue to the water front, which area includes the residential sections of Beacon Hill, the West End, North End, and South End. In these districts there are mixed occupancies: some commercial and some residential.

Regulations have already been made which minimize as much as possible truck traffic on the residential streets, but we realize that these restrictions are not always adequate or satisfactory.

In conclusion, I can only say at this time that the Traffic Commission is constantly dealing with this problem in accordance with the extent of its resources.

Several proposals have been considered, including one which would restrict all truck traffic to evenings. In our opinion this would result in more unsatisfactory conditions than now exist because experience has shown that high costs

would result to the carrier and ultimately to the buyer of merchandise and, of course, truck movements would then be going on during hours when the sleep of residents would be disturbed.

During the daytime the truck traffic constitutes a hazard to children who play in the streets or sidewalks. Most truck drivers are careful and cooperative in endeavoring to promote public safety by safe driving. Likewise, they are cooperative in traveling on streets which are suited to truck traffic.

As far as we can determine, there is no city which has been able to work out a truck traffic pattern which offers protection to residential areas and at the same time service to them by heavy trucks.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

TAXES ON LAND AND BUILDINGS OWNED BY COMMONWEALTH.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1954.
To the City Council.
Gentlemen:

In accordance with a request contained in an order adopted by your Honorable Body on August 23, 1954, and again on November 15, 1954, I transmit herewith communication from the Corporation Counsel and proposed legislation relative to the levying of taxes on land and buildings owned by the Commonwealth and other governmental agencies.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Law Department, November 19, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

It has come to my attention that by a motion carried in City Council on November 15, 1954, your Honor has been requested to instruct me to draw up legislation "so that all lands whether owned by the city, town, or port authority or the airport authority would be taxed during such term as it was leased for private purposes." Accordingly, I have caused to be prepared and submit for the consideration of the City Council a bill which, if enacted, would strike from G. L. (Ter. Ed.) c. 59, s. 3A, as inserted by St. 1951, c. 667, the last sentence providing that "This section shall not apply to real estate under the supervision of the commissioner of airport management appointed by the state airport management board as provided in section fifty-nine B of chapter six; nor shall it apply to real estate under the jurisdiction of the Port of Boston Authority," and inserting in place thereof the following sentence: "This section shall not apply to real estate subject to section twelve of Part I of chapter four hundred and ninety of the acts of nineteen hundred and nine," which,

it may not be inappropriate for me to add, is the statute which has long provided for the taxation of the lands in Boston known as the Commonwealth Flats if leased for business purposes.

If the enclosure meets with the approval of the City Council, it should take appropriate steps to have the same signed and filed by its own officers.

Respectfully,

WILLIAM L. BAXTER,
Corporation Counsel.

(Annexed hereto is the petition referred to in the above communication.)

TRANSFER OF APPROPRIATION TO PUBLIC WORKS DEPARTMENT, CENTRAL OFFICE.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1954.
To the City Council.
Gentlemen:

Because of certain personnel changes made during the year in the central office of the Public Works Department, the original appropriation made for payroll purposes in this office for the year 1954 will be insufficient. In order to provide funds to cover the full year requirements, I submit herewith an order providing for the transfer of the necessary funds within the Public Works Department.

I respectfully recommend the adoption of this order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Works Department, Sanitary Division, 1, Personal Services, \$3,200, to the appropriation for Public Works Department, Central Office, 1, Personal Services, \$3,000, 3, Supplies and Materials, \$200.

Referred to the Executive Committee.

APPROPRIATION FOR PENAL INSTITUTIONS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1954.
To the City Council.
Gentlemen:

In connection with the establishment by the Metropolitan District Commission of the new sewerage system and filter beds authorized under the provisions of chapter 643, Acts of 1951, certain structures and a portion of the grounds at the House of Correction at Deer Island have been taken by the Commission. In so doing, it has been agreed that reimbursement will be made by the Commission to the city in an amount sufficient to replace or restore the facilities taken.

Several conferences have been held in an endeavor to arrive at a satisfactory figure, but, to date, no definite agreement has been reached. In order to establish an equitable basis for the determination of the amount of damages to be recovered, it has been decided to employ the services of an architect to survey the work which must be done and to prepare plans and specifications and cost estimates covering said work. It is believed that in this manner a definite agreement can be reached with the Commission relative to the amount to be recovered. When this agreement has been secured, it is planned to use the amount of the damages recovered to restore the facilities which have been disturbed.

I submit herewith an appropriation order providing for a sum sufficient to cover the employment of architectural services and respectfully recommend the adoption of this order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That under the provisions of section 53 of chapter 44 of the General Laws, the sum of \$10,000 be, and hereby is, appropriated from the special account, "Sales of City Property," to be expended by the Penal Institutions Department for construction of buildings.

Referred to the Committee on Appropriations and Finance.

PAYMENT OF SUM OF MONEY TO FEDERAL NATIONAL LINEN SERVICE COMPANY.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1954.
To the City Council.
Gentlemen:

Early in 1952, the then Superintendent of Public Buildings placed an order with the Federal National Linen Service Company, 1310 Columbus avenue, Boston, for the furnishing of hand towels to all offices in City Hall Annex and the Auditor's office during the first six months of 1952. Sub-

sequently, he placed a similar order for the last six months of 1952. There was, and still is, an adequate appropriation to cover both orders; but, while the service company filed both orders, it was only paid for the first because the second order, if it had been included in the first as it properly might have been, would have resulted in a contract exceeding \$1,000 without compliance with the statutory requirements for such a contract.

Chapter 229 of the Acts of 1954 has authorized the city to pay the Federal National Linen Service Company not exceeding \$875 in discharge of the moral obligation involved. As the contract price of the company's service under the second order was \$875, the amount of the payment should be the maximum allowed by the statute. Accordingly, I transmit herewith for your consideration and adoption an order authorizing and directing the Collector-Treasurer to pay to the Federal National Linen Service Company, under said St. 1954, c. 229, the sum of \$875, the same to be charged to the appropriation already in existence.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the Collector-Treasurer be, and he hereby is, authorized and directed to pay to Federal National Linen Service Company, under chapter 229 of the Acts of 1954, the sum of \$875, the same to be charged to 1952 unliquidated reserve.

Referred to the Executive Committee.

REPORT OF COMMITTEE FOR LIAISON BETWEEN BOSTON CITY COUNCIL AND CERTAIN ORGANIZATIONS.

Coun. FOLEY, Chairman of the Committee for Liaison between Boston City Council and Certain Organizations, appointed by the president on November 8, 1954, made the following partial report:

In conformity with the order which required the committee to report within a month such progress as the committee had made, as chairman of the committee I hereby report that the committee has met once; that Mr. Hill, chairman of the Municipal Affairs Committee of the Chamber of Commerce, is arranging a luncheon to be attended by the Executive Committee of the Chamber of Commerce and the members of the Ad Hoc Committee. The luncheon is tentatively scheduled for one week from today.

Secondly, the chairman of the committee has been in receipt of communications from the chairman of the Boston Citizens Council, the president of the Greater Boston Chamber of Commerce, the chairman of the Municipal Affairs Committee of the Greater Boston Chamber of Commerce, the head of the Boston Real Estate Board, and the head of the Boston Retail Board of Trade. In all cases, the communications have not only accepted the idea as a good one, but they have been uniformly enthusiastic about the proposal to establish closer relations between those bodies and the Boston City Council and its continued work along this line.

Adjourned at 8.21 P.M., on motion of Councillor Piemonte, to meet on Monday, November 29, 1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

DETROIT SAFETY PROGRAM PAYS OFF.

Detroit produces more automobiles than any city in America. It used to produce more traffic accidents and deaths as well. Long ranked as America's most dangerous city to drive in, the Motor City has made remarkable progress in the past thirteen years under city government-business leadership. At least 1,829 people are now alive in the city as a result of the work of the Traffic Safety Association of Detroit. Most of the success is attributed to a progressive municipal traffic engineering program. Detroit claims the first police traffic squad, the first one-way streets, the first traffic signals, the first pedestrian safety zones, and the first blueprints for a municipal parking garage.—*American Municipal Association Report.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

SEWERAGE WORKS.

Proposals for Sewerage Works in Hackensack Road, West Roxbury, Between Payson Road and Hackensack Circle, and Hackensack Court, West Roxbury, from Hackensack Road 260 Feet South-easterly.

The Commissioner of Public Works of the City of Boston, Room 506 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Hackensack road, etc., West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 506 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Hackensack Road, etc., West Roxbury," and left at Room 506 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of WEDNESDAY, DECEMBER 15, 1954, with a certified check for THREE HUNDRED AND FIFTY (350) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 506, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND.

(Dec. 4.) Commissioner of Public Works.

BOSTON POLICE TRAFFIC DIVISION.

CITY OF BOSTON.

HOSPITAL DEPARTMENT (SANATORIUM DIVISION).

INVITATION FOR PROPOSALS FOR INTERIOR PAINTING IN VARIOUS BUILDINGS AT THE SANATORIUM DIVISION OF THE BOSTON CITY HOSPITAL, 249 RIVER STREET, MATTAPAN, MASS.

The City of Boston, by the Board of Trustees, Hospital Department, and of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invites sealed proposals for interior painting in various buildings at the Sanatorium Division of the Boston City Hospital, 249 River street, Mattapan, Mass.

Proposals will be received until 12 o'clock noon, Monday, December 20, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on forms obtained at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

Specifications may be obtained after 12 o'clock noon on Monday, December 6, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of six hundred (600) dollars, shall be submitted with the copy of the proposal filed at the office of the Assistant Superintendent, Sanatorium Division, 249 River street, Mattapan, Mass. The bid deposit shall be in a separate envelope, properly marked.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

A performance bond in the sum of 100 per cent of the contract price will be required of the successful bidder, of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority.

The Awarding Authority reserves the right to waive any informalities, and to reject any or all bids, if it be in the public interest so to do.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

rowing at Mt. Vernon Street,
Ward 5, from West Cedar Street
to Charles Street.

The Commissioner of Public Works of the City of Boston, Room 506, (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for corner cutback at Chestnut street and West Cedar street, Ward 5, and sidewalk narrowing at Mt. Vernon street, Ward 5, from West Cedar street to Charles street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 506 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Corner Cutback at Chestnut Street and West Cedar Street, Ward 5, and Sidewalk Narrowing at Mt. Vernon Street, Ward 5, from West Cedar Street to Charles Street," and left at Room 506 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of WEDNESDAY, DECEMBER 15, 1954, with a certified check for TWO HUNDRED AND FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 506, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

COMMITTEE TO REVIEW PROVISIONS OF HOUSING ACT TO MEET CONDITIONS SET BY NATIONAL CHIEF OF URBAN DEVELOPMENT APPOINTED BY MAYOR HYNES—CHAIRMAN OF PLANNING BOARD DESIGNATED AS CHAIRMAN—TO COLLABORATE WITH STATE BOARD AND OTHER CITIES ON STATE LEGISLATION.

The following communication has gone forward from the office of the Mayor to the persons enumerated below:

DEAR SIR:

The Housing Act of 1949, as amended by the Housing Act of 1954, requires that each locality must develop a workable program for review and certification by the Administrator of the Housing and Home Finance Agency in order for the locality to be eligible for the following:

1. Additional public housing.
2. Financial assistance for additional urban redevelopment or renewal projects.
3. Liberal F.H.A. mortgage insurance benefits.

PLANS MADE TO MEET EMERGENCY SNOW CONDITIONS OF WINTER—CONTRACTORS, TO THE NUMBER OF 22, CHOSEN BY COMMISSIONER HYLAND AS A "STAND-BY" GROUP—MAYOR APPROVES LETTER OF REQUEST.

Public Works Commissioner George G. Hyland has, with the approval of Mayor Hynes, made arrangements with 22 contractors to stand by for emergencies that may arise when unusual snow conditions leave the city stornbound. These contractors will be called upon, when necessary, to perform such labor as will be required whenever and wherever needed. The letter of request reads as follows:

PUBLIC WORKS DEPARTMENT.

November 24, 1954.

To the Mayor of Boston.

Because of the unusual conditions which often arise following snowstorms and the prolonged periods during which the equipment and necessary labor provided by contractors must be kept at

PROPOSALS FOR RELIEVING BOSTON REAL ESTATE OF HEAVILY EXCESSIVE TAX BURDEN MADE BY PUBLIC WORKS COMMISSIONER GEORGE G. HYLAND BEFORE CITIZENS' SEMINAR AT BOSTON COLLEGE, COLLEGE OF BUSINESS ADMINISTRATION—LEVY OF ADDITIONAL ONE-CENT GASOLINE TAX WOULD AID NOT ONLY BOSTON BUT ALL OTHER CITIES AND TOWNS OF STATE WITH \$1,400,000 OF A TOTAL \$9,000,000 REVENUE COMING TO BOSTON TO CUT TAX RATE—M.D.C. COSTS ALSO HEAVY PROPORTIONALLY.

The following is the address by Commissioner George G. Hyland on December 7 before the Citizens' Seminar at the College of Business Administration of Boston College:

I welcome this opportunity to talk about the Public Works Department to such a representative group of Boston taxpayers and those interested in Boston's future. Your presence here is evidence of your interest in our problems and our work. We welcome any constructive criticism or help of any kind that might result from the conducting of this Citizens' Seminar by Boston College. However, before you can help or criticize, you must know our problems. I intend, therefore, to present an outline of our duties, responsibilities, and accomplishments, and submit suggestions to reduce costs.

The Public Works is one of the largest municipal departments, employing 2,080 persons, and expending approximately \$18,000,000 annually, which includes bond issues averaging \$4,000,000 for street construction, sewerage works, and bridge construction work. Our functions, in many ways, directly affect every resident in the city as well as businessmen, their employees, and customers.

We are responsible for the following functions, all of which are of a public works nature:

Operation of the water system.

The sewerage system.

Construction, maintenance, repair, and cleaning of 730 miles of public streets.

Collection and disposal of an average of 1,500 tons of refuse daily.

Construction and maintenance of 65 bridges, in their entirety, including 12 drawspans, and the partial construction and maintenance of 32 other bridges jointly with the adjacent municipalities and railroads that serve Boston.

Maintenance and operation of the Sumner Tunnel.

We are also responsible for other related functions, such as the lighting of all public streets and parks; plowing and removal of snow, and the sanding of streets during the winter months; the issuance of permits to open and occupy public streets; the assigning of street names, and the placing of street signs; the assigning of street numbers to buildings; the assessing of betterments on properties for sewerage and street improvements; the laying out of private ways as public highways, and the taking of property for municipal purposes. That pretty well spells out our functions.

PLANS MADE TO MEET EMERGENCY SNOW CONDITIONS.

(Continued from page 1493.)

work, the cost, in some instances, will be more than \$1,000, necessitating, under the provisions of the city charter, written contracts with the firms which have been engaged.

I consider it to the city's advantage to have the department in a position to call upon contractors to furnish labor and equipment, when and where required, when emergency occasions arise, and I respectfully request the authority of your Honor to dispense with advertising and to award contracts to the following-named firms and individuals to furnish labor and equipment when considered necessary for the years 1954 and 1955, to supplement the regular forces of the Public Works Department engaged in snow removal activities:

Cronin & Horigan, Inc., 111 Woodhaven street, Mattapan.

M. DeMatteo Construction Company, 200 Hancock street, Quincy.

James A. Freaney, Inc., 1 West street, Hyde Park.

Anthony J. Ryan, Inc., 942 Washington street, Dorchester.

Theodore Walker, 281 Hyde Park avenue, Jamaica Plain.

Central Construction Company, Inc., 228 Southampton street, Roxbury.

D. A. Rossano Construction Company, Inc., 401 Border street, East Boston.

Rufio Construction Company, Inc., 1 Allen road, Brighton.

Construction Units, Inc., 294 Washington street.

Ward General Contracting Company, 157 Hampden street, Roxbury.

Coleman Brothers Corporation, 40 Central street.

William G. Balch, 14 Humphreys place, Dorchester.

P. V. Barone Corporation, 70 Glencoe street, Brighton.

J. D'Amico, Inc., 49 Ellison avenue, Dorchester.

Joseph J. Struzziery, 115 Kittredge street, Roslindale.

S. J. Tomasello Corporation, 25 Huntington avenue.

J. A. Singarella Company, 15 Bay street, Dorchester.

Pacella Brothers, Inc., 247 Washington street, Dedham.

Peerless Contracting Company, Inc., 17 Saint Ann street, Jamaica Plain.

J. F. White Contracting Company, 201 Alewife Brook Parkway, Cambridge.

C. & R. Construction Company, 75 Bradeen street, Roslindale.

Atlantic Roads Company, Inc., 358 Medford street, Charlestown.

From a canvass conducted by the department, it has been ascertained that the firms named can furnish the equipment necessary to do the required snow removal work. Furthermore, advertising for bids would not, in my opinion, be practicable on account of the uncertainty of the amount of work to be done, and also because the contract involves the rental of equipment and the hiring of labor only, and the rates paid are in accordance with the prevailing rates established in this area for this type of work.

In the event this work becomes necessary, payment will be made in accordance with the schedule of rates established by this department as will be specifically set forth in the contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

COMMITTEE TO REVIEW HOUSING ACT ON URBAN DEVELOPMENT.

(Continued from page 1493.)

In accordance with a suggestion made by Mr. Kane Simonian, the Chief of Urban Redevelopment, I am appointing the following-named committee to review the provisions of the Housing Act, as amended, to investigate the requirements of a workable program, to collaborate with the State Board of Housing and with neighboring cities concerning amendments to existing state enabling legislation.

The committee will consist of the following members:

The Chairman of the Planning Board.

The Chairman of the Housing Authority.

The Corporation Counsel.

The Building Commissioner.

The Health Commissioner.

The Coordinator of Rehabilitation and Conservation.

Each of the committee members referred to above may designate an assistant if the individual referred to cannot give time to this committee.

I hereby designate the Chairman of the Planning Board to be temporary chairman of this committee and I authorize him to call upon Mr. Kane Simonian for whatever information may be needed by the committee.

It is imperative that the City of Boston benefit in whatever way possible through the operation of the amended Housing Act. I hope the committee will meet soon to discuss whatever action should be taken in this respect.

Respectfully,

J. B. HYNES,
Mayor.

PROPOSAL FOR RELIEVING BOSTON'S REAL ESTATE.

(Continued from page 1493.)

Now, what have we accomplished in the past five years?

1. Reduction in Personnel.

At the present time, there are 2,080 employees in the department, whereas, on January 1, 1950, there were 2,465 employees. This reduction of 385 represents an annual reduction in payrolls of approximately \$1,232,000, based on the present average annual wage of \$3,200 per employee.

2. Refuse Collection and Disposal.

The cost of this important service in 1950 was \$2,738,000, and the cost this year will total \$2,613,000 or \$125,000 less than the cost in 1950, despite the fact that the wages of the contractors' employees engaged on this work have increased from \$1.38 an hour in 1950 to \$1.82½ during the current year. This work is performed entirely by contract and not by city employees as is the practice in most large cities.

Until April of 1951, garbage collected in the Dorchester area was hauled in scows to Spectacle Island. Since then, the garbage has been sold to a hog farmer, with the result that in the past 3½ years, we received \$111,000 in revenue and saved about \$91,000 on the scow contract for a total gain to the taxpayer of over \$200,000.

3. Elimination of the East Boston Ferry.

In 1951, we had a deficit of \$305,000 resulting from the operation of the East Boston Ferry, and for the three-year period previous to that time, we had an annual deficit averaging in excess of \$300,000. We made a study and found that it was costing the taxpayers of Boston approximately 40 cents for each passenger using the ferry, and 87 cents for each truck. The passenger paid a 1-cent toll and the truck an average of 20 cents. We, therefore, discontinued this expensive and unnecessary service on December 31, 1952, at an annual saving of approximately \$300,000.

4. Street Construction Work.

We have improved our street construction work by providing safeguards to insure good workmanship and compliance with the specifications.

Prior to 1950, practically all roadway construction work was paid on a square-yard basis. If a contractor laid the pavement to a depth less than specified, he was paid the full bid price. This system actually encouraged a contractor to cheat, and it was neither fair to him or the taxpayers. Therefore, we changed it and specified that payment for all asphaltic material laid in a roadway would be paid on a tonnage basis up to the maximum depth specified in the contract. This system encourages a contractor to lay to the full depth required as he will be paid only for the actual tonnage of material laid, and if he lays less than the required depth, he will, of course, be paid proportionately less tonnage than for the full depth.

As a double check on a contractor's workmanship, we remove cores from all new pavements and we can tell exactly the depth of material laid and whether the contractor complied with the specifications. If not—and this now happens only in rare instances—we institute corrective measures to protect the city.

5. The Sumner Tunnel.

The Sumner Tunnel will carry approximately 11,000,000 vehicles this year or about 250,000 in excess of last year. This facility is now paying a good return to the city on its original investment of \$19,600,000.

What can be done in the future to cut expenses or improve the services performed by the department?

We are looking for ways to relieve the real estate owners from the present heavy tax burden and I present herewith recommendations which, if adopted, may afford substantial relief.

1. Personnel.

Reduction in personnel presents one of the best opportunities to reduce expenses. Our personnel item amounts to about 55 per cent of our budget. Personnel can be reduced without suspending or discharging any city employee, as approximately 5 per cent of our employees leave the service each year due to deaths, retirements, and resignations, and a gradual reduction can be made by not filling unessential jobs.

2. Highways and Bridges.

There are 730 miles of streets in Boston to construct and maintain, the cost of which totals approximately \$4,000,000 annually, and is paid entirely from real estate taxes. In addition, the

same source pays for the maintenance and operation of 97 bridges, including 12 drawspans. It is not equitable to assess the entire cost of the maintenance of local highways against real estate and a share of this cost should be borne by the motorist using those streets.

Highways and bridges that are metropolitan in character or those which can be considered as being an integral part of the through system of highways should be transferred to the Metropolitan District Commission or the State Department of Public Works, and the cost of maintenance and operation paid out of the Highway Fund, which now totals about \$52,000,000 a year, of which about 16 per cent or \$8,300,000 is paid by Boston motorists.

Comprehensive surveys should be made jointly by the State Department of Public Works and the City Planning Board of Boston, to determine such highways and bridges, and a concerted effort should be made to transfer them to state control.

Chapter 690 of the Acts of 1945, in substance, authorized the transfer to the State Department of Public Works of all municipally-owned bridges located on a so-called "through route." The Attorney-General ruled that the expression "through route" referred to numbered routes only. Boston is penalized by this ruling, as most of its principal bridges, while on through routes, are not on numbered routes and, therefore, were not declared eligible for transfer to the control of the Commonwealth. Steps should be taken to obtain a reversal of the Attorney-General's ruling. I question if it was the intent of the Legislature that only bridges on numbered routes should be transferred to the state, as I believe that if it was, they would have used the words "numbered route" rather than the words "through route," which appear in the act. The necessity for replacing some of the existing bridges with new structures in the near future at an enormous cost, along with the continuing high maintenance and operating costs, make this objective a must.

3. Additional Gasoline Tax.

Levy an additional 1-cent gasoline tax, the revenue to be paid to the 351 cities and towns, and applied to the maintenance of local streets and roads that are now maintained entirely from real estate taxes. Boston has 10 per cent of all cars registered in the state and it is estimated we pay 16 per cent of the gas tax. A 1-cent gas tax statewide will produce about \$9,000,000 annually and, therefore, we would receive approximately \$1,400,000 a year from such an assessment.

Incidentally, an examination of water surpluses over the past 12 years will give you an idea of the additional burdens that real estate must carry without knowing it.

This year, we do not expect to have any sizable surplus in the Water Account, which is all the more serious when you consider that for the period 1948 to 1953, we had surpluses ranging from a low of \$320,000 to a high of \$872,000, and for the period of 1942 to 1947, the surpluses ranged from \$1,126,000 to \$2,474,000.

The annual surplus in the Water Account is used to pay off obligations

on outstanding bonds of any kind and, therefore, if the surpluses are not there, the payments must be made directly from real estate taxes. It is apparent, therefore, that water surpluses have a direct bearing on our tax rate. I am not unmindful of the fact that, in many cases, the real estate owner also pays the water bills.

1. Metropolitan District Commission.

Boston pays approximately 40 per cent of the cost of operating the Metropolitan District Commission or about \$5,100,000 annually, divided as follows:

Parks.....	\$1,200,000
Water.....	3,300,000
Sewer.....	600,000

I am not criticizing the present or past Metropolitan District Commissions, but I believe we should have more to say about its operation. A three-man, full-time board, with one member appointed by the Mayor of Boston, would provide for better control and give Boston more to say than it has at present.

5. Improvement of Services Rendered.

Further improving of the services rendered by this department will consist of:

(1) Providing the modern all-enclosed bodies on refuse trucks in all districts of the city. They are now used in 11 of the 17 districts of the city, and this was done while providing a satisfactory service at a lower cost than in 1950.

(2) Providing incinerators for sanitary refuse disposal.

(3) Constant increase in efficiency of operations by increased use of mechanical equipment used for street sweeping, sewer cleaning, snow removal, etc.

(4) Extension of the contract system to include, where practical, functions now performed by city employees that could be done as efficiently and far more economically by contractors. The Public Works Department reduced the cost of refuse collection service many hundreds of thousands of dollars annually by having this work done in all sections of the city by contractors.

I hope that I have explained some of our problems so that you will have a clear understanding of them, and I trust that I have planted a few seeds that might, some day, bear fruit.

TRAFFIC COMMISSION RULINGS.

James D'Amico, \$3,232; John J. Botti, \$3,540; James A. Freaney, \$3,690; Leo J. Nawn, \$4,990.

PUBLIC WORKS DEPARTMENT.

Upon December 6 the Mayor approved a contract with Hersey Manufacturing Company, the only bidder, for furnishing labor and material necessary to repair or rebuild and test 1,000 3/4-inch Hersey water meters for the Public Works Department (Water Division), at an estimated cost of \$11,600. The work to be done under this contract is to be completed March 31, 1955. The proposal for doing the above work was opened November 23.

Upon December 6 the Mayor approved a contract with Charles Todesca for artificial stone sidewalks in Beacon street, southerly side, Ward 5, from Exeter street to Massachusetts avenue, at an estimated cost of \$13,449. The work to be done under this contract is to be completed December 31, 1954.

The following bids were received November 23:

Charles Todesca, \$13,449; Joseph Amara & Son, \$13,849; John J. Amara & Sons, \$14,309; Brighton Construction Company, Inc., \$14,319; Rufo Construction Company, \$15,470; J. A. Susi & Sons, Inc., \$15,814; Faletra Brothers, Inc., \$17,476.50; P. V. Barone Corporation, \$19,114; John J. Botti, \$21,134.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing custodians' equipment for Boston public schools. Bids, opened Thursday, October 21, were received from the following concerns:

Allied Maintenance Products, Inc., American Floor Surfacing Machine Company, Atlas Floor Surfacing Machine Corporation, Edward Bass Electric Company, Belmont Abrasives, James Bliss & Co., Clapper Company, Continental Car-Na-Var Corporation, Finnell System, Inc., George T. Johnson Company, Kent Agency of Massachusetts, O. P. Killiam & Son, Masury-Young Company, Merit Paper & Chemical Corporation, New England Engine Parts Company, Power Lawn Mower Service Company, Rexair, Rubin Hardware Company, Sawtle Brothers, M. D. Stetson Company, Waltham Paper Products, Inc., Westinghouse Electric Supply Company.

Awards were made to the lowest responsible bidders, as follows:

American Floor Surfacing Machine Company, \$1,633.50.

Finnell System, Inc., \$1,999.

O. P. Killiam & Son, \$1,883.40.

M. D. Stetson Company, \$2,875.50.

Westinghouse Electric Supply Company, \$1,125.

The School Committee has approved a proposal for furnishing rock salt for Boston public schools. Bid, opened Tuesday, November 23, was awarded, as follows:

Thomas F. Culkeen, \$2,930.40.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing supplies and labor. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.**Purchasing Division.**

BOSTON, November 24, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the letter approved by you on January 26, 1954, authority is requested at this time to award contracts, without public advertisement, to the following-named companies for furnishing perishable foods to the various city departments from December 1, 1954, to March 31, 1955:

Saul Fleishman, doing business as Fleishman Egg Company, 7 Merchants Row, Boston, Mass.

M. J. McCarthy & Co., 29 and 30 Front street, Charlestown, Mass.

Respectfully yours,

JOHN V. MORAN,

Purchasing Agent.

BOSTON, November 29, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for 100 dozen adult

kitted bedgowns. In the past, these bedgowns have been furnished to the hospital by Sherman Mills, Inc., who is the manufacturer of the particular type which has proved best suited for use by the hospital, both from the standpoint of quality and serviceability. On a recent publicly opened bid, Sherman Mills, Inc., was the only company who bid according to specifications requested on bedgowns.

Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Sherman Mills, Inc., for furnish 100 dozen adult knitted bedgowns at \$21.75 per dozen. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$2,175, less 1 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, November 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Treasury Department has submitted a requisition for one (1) Moore Light Duty Imprinter-Detacher, as per specifications.

Moore Business Forms, Inc., the manufacturer of the above equipment, and the only source of supply, has submitted an informal written quotation. Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Moore Business Forms, Inc. Delivery of equipment is to be made no later than March 31, 1955. It is my opinion, that in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$2,207.40, net, thirty days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, November 30, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Auditing Department has submitted a requisition for the following: 1,500,000 payroll cards, Form P14299, Manila; 100,000 payroll cards, Form P14299, Manila, red stripe; 150,000 accounts payable cards, Form P17234-R, Manila.

Remington Rand, Inc., the manufacturer of these cards, has submitted an informal written quotation. Inasmuch as this company is not only the manufacturer, but is also the only source of supply, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Remington Rand, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$2,113.50, f.o.b. factory, net, thirty days. Freight is not to exceed \$100.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, November 30, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On August 23, 1954, your Honor approved the awarding of contracts for furnishing rock salt to the Public Works Department from October 1, 1954, to December 30, 1954, as a result of publicly opened bids on August 5, 1954, to the following companies:

Eastern Salt Company, \$28,200; Chemical Corporation, \$14,100; Thomas F. Culkeen, \$6,820.

Because of insufficient funds, contracts were executed only for Chemical Corporation and Thomas F. Culkeen.

The Public Works Department, however, will require more rock salt for the winter season than the amount provided for in the executed contracts. Eastern Salt Company has submitted in writing a guaranteed price of \$14.10 a ton until March 31, 1955, which is the same price submitted by this company in the publicly opened bids of August 5, 1954.

Authority is therefore requested to dispense with publicly advertising for prices and to award a contract, without public advertisement, to Eastern Salt Company for furnishing 2,000 tons of rock salt to the Public Works Department from January 1, 1955, to March 31, 1955, inclusive.

Approximate total amount of contract will be \$28,200, net, thirty days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

FIRE DEPARTMENT.

BOSTON, December 6, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your Honor's permission is requested to execute a contract, without publicly advertising for bids, with Thomas D. Russo, Inc., 75 Bradeen street, Roslindale, for removal of two defective three thousand-gallon underground fuel oil tanks at the Fire Alarm Signal Station, and installation of two new Massachusetts Standard three thousand-gallon fuel oil tanks underground, for a sum not to exceed \$1,795.

I am in receipt of three bids for doing this work as follows:

Thomas D. Russo, Inc., \$1,795; Fred Williams, Inc., \$1,850; S. J. Lucido Company, \$1,945.

This is emergency work, and Thomas D. Russo, Inc., has proper and adequate facilities for completing the work within a short period of time.

In my opinion no advantage would be gained by the City of Boston in publicly advertising the work, inasmuch as the price quoted by Thomas D. Russo, Inc., is reasonable. It is also my opinion that no lower price could be obtained by the Fire Department for said work.

Respectfully yours,

FRANCIS X. COTTER,
Fire Commissioner.

HOSPITAL DEPARTMENT.

Sanatorium Division.

BOSTON, September 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

During the August 31 hurricane, many trees at the Sanatorium Division were up-

rooted or left in a precarious position. Many large limbs and branches were broken.

Fred Ralston & Co., Inc., 22 Linden street, Allston, who were recommended to us by the City of Boston Park Department, have made a survey of our problem. They estimate that it will cost between \$12,000 to \$15,000 for the removal of uprooted, dead, and fallen trees and branches.

They would charge us at the same rates for men and equipment as are being charged to the state municipalities, townships, and utility companies throughout the Greater Boston area. The rates are as follows:

Foremen, \$3.35 per hour.

Climbers and laborers, \$2.85 per hour.

Truck (up to 1½-ton), \$2.50 per hour.

Truck (2½-ton), \$3.50 per hour.

Trucks (2½-ton) with winches, \$4 per hour.

Power saws, \$2.50 per hour.

Rates for foremen, climbers, and laborers are for the first nine (9) hours in any one day, Monday through Saturday. Time and one half will be charged for all hours over the first nine. Double time will be charged for foremen, climbers, and labor for all Sunday and holiday work.

Your approval is respectfully requested to award a contract, without public advertising, to Fred Ralston & Co., Inc., in an amount not to exceed \$15,000. This contract is to be charged to the appropriation "Hurricane Emergency, 6-52-51."

Respectfully yours,

RICHARD J. CONDON,
President, Board of Trustees.

BOSTON, November 3, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

Your approval is respectfully requested to award a contract, without public advertising, to J. W. Gately Sons for replacing of awnings which were destroyed in the hurricane, in an amount not to exceed the sum of \$2,519.

Five bids were obtained for doing this work, as follows:

J. W. Gately Sons, \$2,519.

Dorchester Awning Company, Inc., \$2,650.

Silva Tent and Awning Company, Inc., \$2,685.

George T. Hoyt Company, \$2,840.

McLellan Awning and Shade Company, \$2,912.

This work will be charged to the appropriation "Hurricane Emergency, 6-52-51."

Respectfully yours,

RICHARD J. CONDON,
President, Board of Trustees.

BOSTON, November 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

Your approval is respectfully requested to award a contract, without public advertising, to the Brisk Waterproofing Company, Inc., for pointing and waterproofing work on the nurses' home at the Sanatorium Division at a cost of \$12,050.

Three bids were received as follows:

Brisk Waterproofing Company, Inc., \$12,050; Sommers Waterproofing Corporation, \$12,450; National Gunit Corporation, \$14,031.

Five other concerns were contacted, but failed to submit bids.

Extensive damage was done to the nurses' home during the hurricanes, and it is essential that the building be waterproofed on the outside before any plastering or painting work is started on the inside.

This work will be charged to our regular budget appropriation, Item 1-06-21-265.

Respectfully submitted,

RICHARD J. CONDON,
President, Board of Trustees.

PARKS AND RECREATION DEPARTMENT.

Boston, December 2, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We have presently a one-year agreement for operation of the refreshment privilege in the George Wright Golf Clubhouse. The licensee is Timothy J. McKeon, Jr., doing business as McKeon & Casby, of 1108 Boylston street, Boston. The license terminates on December 31, 1954.

Mr. McKeon has conducted the concession in a very satisfactory manner for the past year. In fact, from the comments received from members of the George Wright Golf Course, the service rendered is satisfactory to everyone. In previous years we had received many complaints regarding the operation of this concession by other licensees.

For these reasons we believe nothing would be gained by advertising for bids, and I therefore respectfully request your approval to dispense with public advertising for bids and to award a license to Timothy J. McKeon, Jr., doing business as McKeon & Casby, 1108 Boylston street, Boston, Mass., for the refreshment privilege in the George Wright Golf Clubhouse for a period of three years beginning January 1, 1955, and terminating on December 31, 1957, at the rate of \$200 per year during the term of the license.

Respectfully yours,

FRANK R. KELLEY,
Commissioner.

Boston, December 6, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

This department has an agreement with the Bay Realty Company, Inc., 70 Bristol street, Boston, for furnishing steam for the heating and operation of our laundry and bathhouse building on Dover street. The present agreement was made for a one-year period which ends on December 15, 1954.

For a number of years the Fire Department furnished steam to our Dover Street Building from its own building in the rear, but this arrangement had to be discontinued when the Fire Department moved to its new location on Southampton street. The Bay Realty Company, Inc., then took over the abandoned Fire Department building and by contract with the Parks and Recreation Department has been furnishing the necessary steam for the operation of our Dover Street Building.

The agreement now expiring was made for the sum of \$42,600 for the year, payable at the rate of \$3,500 per month. Under the terms of the agreement the company furnishes all employees and fuel to operate the steam plant and in addition assumes the responsibility for workmen's compensation, public liability insurance, repairs and maintenance of the boilers, reserve for depreciation, etc., and furnishes the service to us at cost plus only an overhead of 10 per cent to cover super-

vision and maintenance of the power plant, taxes, light, etc.

We have now engaged an architect to draw plans for a new bath and laundry building adjacent to the present building, which will contain its own steam plant. When the building is completed, the contract with the Bay Realty Company, Inc., will be terminated upon 30 days' notice, as provided under the terms of the contract.

Accordingly, I respectfully request permission to award a contract, without publicly advertising for bids, to the Bay Realty Company, Inc., 70 Bristol street, Boston, for furnishing steam to the Dover Street laundry and bathhouse, for a one-year period commencing December 15, 1954, and terminating on December 15, 1955, the first payment to be made on or after January 1, 1955. The amount of the contract is to be charged to Item 229 in the 1955 budget of the Parks and Recreation Department in the total sum of \$42,600, payable monthly at the rate of \$3,500.

Respectfully yours,

FRANK R. KELLEY,
Commissioner.

Boston, December 6, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The three-year agreement between the City of Boston Parks and Recreation Department and William Taylor of 93 Buchanan road, Roslindale, Mass., for the golf professional's concession and sports shop concession at the George Wright golf course, terminates on December 31, 1954.

It has been the practice for a number of years to grant Mr. Taylor a three-year license for these two concessions. The City of Boston is one of very few cities that do not hire a golf professional and pay him a substantial salary for his services on the public golf course and in addition allow him certain privileges in the sale of sports equipment. Because we are not faced with this salary problem, we have allowed Mr. Taylor to operate the golf instruction and sales concession for the sum of \$50 per year.

Your permission is therefore respectfully requested to enter into another three-year agreement with Mr. William Taylor of 93 Buchanan road, Roslindale, for the golf professional and sports shop privilege at the George Wright golf course and clubhouse, for the sum of \$50 per year beginning January 1, 1955, and terminating on December 31, 1957.

Respectfully yours,

FRANK R. KELLEY,
Commissioner.

PUBLIC WORKS DEPARTMENT.

Boston, November 24, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Following each snowstorm, it is necessary for this department, in connection with keeping the highways and streets of the city open for travel, to supplement departmental forces and equipment by utilizing the services and equipment of outside firms and individuals.

The equipment we hire consists of trucks for plowing and hauling, loaders, tractors, etc., and the service includes the manpower necessary to operate such equipment. The employment of this extra equipment is of an emergency nature,

and the cost cannot be reasonably estimated in advance since the extent and nature of winter storms is not predictable. In the event of a heavy or protracted storm, payments for these supplementary services may, in the aggregate, exceed \$1,000.

In view of this possibility, and as the rates to be paid for services and the rental of equipment are established by this department, nothing would be gained by advertising.

I therefore respectfully request your authority to dispense with public advertising and to pay all bills incurred on snowstorms during the winter season 1954-1955 without issuing service orders therefor, and also ask that I be authorized to pay such bills as may exceed \$1,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

REAL PROPERTY DEPARTMENT.

Buildings Division.

Boston, December 7, 1954.

HON. JOHN B. HYNES,
Mayor of Boston,

DEAR MR. MAYOR:

This department extended invitations to several reputable painting concerns to submit bids for painting work at the Haymarket Health Department building.

Bids were received from four painting contractors with the following result:

Joseph G. Gazzola, 3 Fruit and Produce Exchange, Boston, \$3,360.

J. M. Kennedy & Company, Inc., 127 West Brookline street, Boston, \$3,340.

John S. Leonard, 367 Bowdoin street, Dorchester, \$3,545.

Joseph P. Sullivan, 43 Tyndale street, Rosindale, \$4,158.

As time is an important factor in this situation, and in my opinion nothing could be gained by publicly advertising, as the low bidder's estimate is a very fair one, I respectfully request that permission be granted to award a contract to the Joseph G. Gazzola concern of 3 Fruit and Produce Exchange, Boston, in the sum of three thousand three hundred sixty (3,360) dollars.

Respectfully,

GEORGE P. DONOVAN,
Assistant Commissioner.

WELFARE DEPARTMENT.

Boston, December 1, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The Overseers of the Public Welfare respectfully request permission to award a contract to Brink's, Inc., of Boston, for the delivery and collection of moneys as required by the various units of the Public Welfare Department.

Brink's, Inc., is a very reliable company and the only one available for the purposes desired. Therefore, it is requested that this contract be awarded without advertising. The amount of this contract will not exceed \$1,200 per year.

This contract shall become operative January 1, 1955, and shall continue up to and including December 31, 1955.

Very truly yours,

WILLIAM G. O'HARE,
Secretary.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

P. V. Barone Corporation has been directed to perform the following extra work under the contract for bituminous concrete pavement in Centre court, Chestnut square, Glenvale terrace, Hartford court, Mendell Way, Quinn Way, Quinn Way Extension, Sumner park, and Wilton street, dated July 26, 1954:

In Chestnut square, from Glenvale terrace to 57 feet southerly, furnish and erect approximately 57 feet of 4-foot chain-link fence, complete in place, at \$3.25 per linear foot.

In Chestnut square, from Glenvale terrace to 45 feet northerly, furnish and erect approximately 45 feet of 4-foot chain-link fence on curved wall, complete in place, at \$3.85 per linear foot.

Estimated cost of extra work, \$358.50.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Bagarella Construction Company, Inc., for sewerage works in Bellevue Hill road, West Roxbury, from December 1, 1954, to January 30, 1955. This extension was requested because time is required to allow the sewer trench to consolidate before repaving over it.

Approval has been given for an extension of time for the completion of the contract with Charles Callahan Company, 50 Call street, Jamaica Plain, for bituminous concrete pavement in Asticou road, Avon street, Brookdale street, etc., from November 30, 1954, to December 15, 1954. This extension was requested because an additional street was added to the contract by the Commissioner of Public Works (Article 4a) and it will take until the above requested extension time to complete same.

Approval has been given for an extension of time for the completion of the contract with Roslindale Contracting Company for sewerage works in Groveland street, between Manchester street and land of Boston Housing Authority, Dorchester, from October 29, 1954, to December 28, 1954. This extension was requested because the contractor was not allowed to start work until after the sewer taking was completed on September 16, 1954.

CHANGES IN SOCIAL SECURITY LAW.

Changes in the Social Security Act now make Old Age and Survivors Insurance benefits available to all municipal employees, except firemen and policemen. The procedure varies, however, for those who are eligible for membership in existing retirement systems and those who are not.

The most important point to remember is that the municipality must take the initiative to secure OASI coverage for its employees and must act through the state government. Proper enabling legislation and contractual clauses in state documents are "musts." They secure coverage as part of the state's contract with the Bureau of Old Age and Survivors Insurance, U. S. Department of Health, Education and Welfare.

RELOCATION OF CENTRE STREET.

The Public Improvement Commission has ordered that a public improvement be made, consisting of the widening and relocation of Centre street, West Roxbury district, as a highway, from Grove street to Northdale road, bounded and described as follows:

The highway named Centre street is hereby widened, from Grove street to Northdale road, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees, shrubs or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Mary W. Nelligan, Ellen W. Godvin, Elinor L. Graham, Trustees of Thomas F. Welch, bounded:

Easterly by the westerly line of Centre street as it existed prior to this order, 40 feet; southerly by land hereinafter described as taken from Duncan, .25 foot; westerly by the westerly line of Centre street as widened under this order, 39.99 feet on a curve of 257.49 feet radius, and northerly by other land supposed to belong to said trustees, .1 foot, containing 5 square feet, more or less.

The aforesaid taking is a part of a parcel of land registered in the Land Court, Registered Title Certificate No. 53412, Book 263, page 12.

A parcel of land, supposed to belong to Harold G. Duncan, bounded:

Easterly by the westerly line of Centre street as it existed prior to this order, 40 feet; southerly by land hereinafter described as taken from City of Boston, .77 foot; westerly by the westerly line of Centre street as widened under this order, 39.95 feet on a curve of 257.49 feet radius, and northerly by land hereinafter described as taken from Trustees of Welch, .25 foot, containing 20 square feet, more or less.

The aforesaid taking is a part of a parcel of land registered in the Land Court, Registered Title Certificate No. 31721, Book 154, page 121.

A parcel of land, supposed to belong to City of Boston, bounded:

Easterly by the westerly line of Centre street as it existed prior to this order, by two measurements, 9.61 feet and 30.39 feet; southerly by other land hereinafter described as taken from City of Boston, 2.62 feet; westerly by the westerly line of Centre street as widened under this order, 39.91 feet on a curve of 257.49 feet radius, and northerly by land hereinafter described as taken from Duncan, .77 foot, containing 68 square feet, more or less.

The aforesaid taking is a part of a parcel of land registered in the Land Court, Registered Title Certificate No. 58237, Book 287, page 37.

A parcel of land, supposed to belong to the City of Boston bounded:

Easterly by the westerly line of Centre street as it existed prior to this order, 40.92 feet; southerly by land hereinafter described as taken from McKinnon *et al.*, 7.96 feet; westerly by the westerly line of Centre street as widened under this order, by two measurements, 13.48 feet and 26.88 feet on a curve of 257.49 feet radius, and northerly by other land hereinafter described as taken from City of Boston, 2.62 feet, containing 215 square feet, more or less.

The aforesaid taking is a part of a parcel of land registered in the Land Court, Registered Title Certificate No. 58237, Book 287, page 37.

A parcel of land, supposed to belong to James B. McKinnon and Mildred J. McKinnon, bounded:

Easterly by the westerly line of Centre street as it existed prior to this order, by two measurements, 64.27 feet and 85.99 feet; westerly by the westerly line of Centre street as widened under this order, 171.13 feet on a curve of 721.02 feet radius and northerly by land hereinafter described as taken from City of Boston, 7.96 feet, containing 1,148 square feet, more or less.

Said Centre street as hereby widened is bounded:

Northeasterly by Centre street as widened under the order of the Public Improvement Commission and Mayor of September 24, 1954, 124.44 feet; easterly by the easterly line of Centre street as hereby widened, 281.99 feet; southerly by the southerly line of Centre street as hereby widened, 35.11 feet, and westerly by the westerly line of Centre street as hereby widened, by three measurements, 45.69 feet, 171.13 feet on a curve of 721.02 feet radius, and 159.72 feet on a curve of 257.49 feet radius.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission determines that the undermentioned persons sustain damages in their estates by the making of the public improvement, consisting of the widening and construction of Centre street, West Roxbury district, as a highway, from Grove street to Northdale road, under the order of the commission of October 20, 1954, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

TUITION OF NON-RESIDENT PUPILS

The following communication was presented:

City of Boston
Law Department

August 31, 1954

Henry J. Smith, Esquire
Business Manager
School Committee of the City of Boston

15 Beacon Street, Boston, Massachusetts

Dear Mr. Smith:

This is in reply to your letter of August 9, 1954, inquiring whether, even though the City of Boston may not be required to furnish free public education for children residing on Federal areas within the geographical limits of the City of Boston (compare Opinion of the Justices, 1 Metc. 580, 583, Schwartz v. O'Hara Township School District, 375 Pa. 440, School District No. 20 v. Steel, 46 S. D. 589, and Rockwell v. Independent School District, 48 S. D. 137, also Commonwealth v. Clary, 8 Mass. 72, 76-77, Mitchell v. Tibbets, 17 Pick. 298, 301-302, Newcomb v. Rockport, 183 Mass. 74, and Employers'

Liability Assurance Corp. Ltd. v. DiLeo, 298 Mass. 401), the School Committee may permit such children to attend the Boston public schools without the payment of tuition.

Were it not for Mass. St. 1953, c. 621, I would feel constrained by Haverhill v. Gale, 103 Mass. 104, 105, and Wrentham v. Fales, 185 Mass. 539, 540, to answer the question in the negative as I did on August 1, 1952, in a letter to the Commandant of the First Naval District and again on October 20, 1952, in a letter to the national Director of School Assistance in Federally Affected Areas. The principle of the Haverhill and Wrentham cases, however, is explicitly inapplicable where there is specific legislation like Mass. St. 1953, c. 621, which was plainly intended to authorize all cities and towns in this State to provide in cooperation with the Federal Government educational facilities for children residing in Federal areas. Accordingly, on the authority of Mass. St. 1953, c. 621, I answer your question in the affirmative and say that the School Committee may permit such children to attend the Boston public schools without the payment of tuition so long as Mass. St. 1953, c. 621, and Public Law 874 of the 81st Congress to which it is correlated, remain in effect.

It may not be inappropriate for me to add that the State Commissioner of Corporations and Taxation has confirmed my understanding that by reason of Section 2 of Public Law 819 of the 76th Congress (the so-called Buck Act), the Commonwealth of Massachusetts collects taxes on income from transactions occurring or services performed in Federal areas within the geographical limits of the City of Boston. Since School Aid under Chapter 70 of the General Laws of Massachusetts is payable from such taxes as well as other income taxes, some portion of the revenues of the City may fairly be said to be derived, albeit indirectly, from the Federal areas in question; and so Mass. St. 1953, c. 621, cannot be held to be an unconstitutional gratuity to an area wholly outside the State's power to tax. Incidentally, tax revenues so derived by the Commonwealth may undoubtedly be expended for the free public education of children residing on the Federal areas in Boston so that, if Federal assistance is not available to Boston under the other provisions of Public Law 874 of the 81st Congress (as amended by Public Law 248 of the 83rd Congress), which I understand to be the case because of the slight financial burden of such education upon Boston, Federal assistance is not available under Section 6 of said Public Law 874 as so amended. I am of opinion, however, that notwithstanding the title of Mass. St. 1953, c. 621, it authorizes cooperation with the Federal government so long as Public Law 874 remains in effect even though due to the small im-

fact in a particular situation no Federal assistance is actually afforded.

Yours very truly,

(Signed) William L. Baxter
Corporation Counsel.

Placed on file.

The following was offered:

ORDERED, That so long as Mass. St. 1953, c. 621, and Public Law 874 of the 81st Congress to which it is correlated remain in effect, children residing on Federal Areas within the territorial limits of the City of Boston be, and they hereby are, permitted to attend the Boston Public Schools without the payment of tuition.

Mr. Lee: Mr. Chairman, arguing those motions, I do want to point out that we send about \$1,800,000,000 of our Massachusetts money to the Federal Government each year through income taxes and otherwise. That is almost ten times our state budget, which is somewhere around \$180,000,000, although it may be up to \$200,000,000 now. That money, of course, is used to buy food which otherwise would go into our mouths from the Administration's favorites in the Middle West and to throw that food into storage warehouses where it spoils or up in the hill-sides to the tunes of billions of dollars.

Now we ask them to pay a few measly dollars for the very real services we give to their children or the children living on their properties, and we are under no obligation to teach these children, are we, Mr. Superintendent? We can tell them to run their own schools, can we not?

Superintendent: I suppose we could, Mr. Chairman.

Miss Fitzgerald: Mr. Chairman, isn't it true, Mr. Superintendent, that we have not asked the fed-

eral government to pay tuition? We have asked the parents of the children to pay the tuition and have been unable to get it from them.

Superintendent: That is true. It is from the parents, Mr. Lee.

Business Manager: It is from the parents yes—had tuition.

Superintendent: It is not the government.

Mr. Lee: In a large military camp the Federal Government runs its own schools.

Superintendent: That's right.

Chairman: There have to be so many families or so many pupils and they will run a school of their own, Mr. Lee, but these are just isolated families at these different stations.

Mr. Lee: If these parents did pay us, the Federal Government would not be bound to reimburse them?

Superintendent: That's right.

Mr. Musco: Mr. Chairman, inasmuch as we don't have a large military establishment in Boston, and inasmuch as I feel, and probably some of the other members feel, that we have a moral obligation to teach these youngsters, I see no reason at all to question this.

Chairman: It was due to a misunderstanding. I think Mr. Lee thought that it was the Federal Government that was refusing to pay.

Mr. Lee: I did think so, yes.

The following was offered:

ORDERED, That the rates of tuition for non-resident pupils in the Boston Public Schools, exclusive of state-aided schools and classes and exclusive also of children residing on Federal areas within the territorial limits of the City of Boston, are hereby established as follows for the school year 1954-55.

Latin and Day High Schools, per year	\$100.00

OLD NORTH CHURCH

Miss Fitzgerald offered the following resolution:

WHEREAS, The steeple of the Old North Church, rich in historical background, has been destroyed by the hurricane on Aug. 31, 1954; and

WHEREAS, This steeple is rich in tradition in American history and holds a hallowed place in the hearts of the people of Boston; therefore, be it

RESOLVED, That the pupils of the Boston Public Schools be offered the opportunity to make a voluntary contribution toward the restoration of the steeple of the Old North Church.

On roll call, the preamble and resolution were adopted by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Messrs. Lee and Musco — 4.

NAYS — 0.

ABSENT—Mr. Ward — 1.

Miss Fitzgerald: Mr. Chairman, may I ask that my remarks in support of this resolution be included in the public record?

Chairman: Question comes on spreading on the record the remarks relevant to the Lantern League and the Old North Church as made by Miss Fitzgerald.

Mr. Lee: Does that include what other members said?

Miss Fitzgerald: What any member said.

Secretary: All members?

Miss Fitzgerald: Yes.

Mr. Musco: Mr. Chairman, I wonder if it would be a good idea to do this? I know the State has done the same thing; that is, appointed Governor Christian A. Herter as Chairman. We might select an assistant superintendent to act as chairman for the Boston public schools.

Superintendent: It is a very good idea. Do you have some suggestions, Mr. Musco?

Mr. Musco: I took it for granted that the assistant superintendent's name would be Mr. Ohrenberger.

Superintendent: Mr. Ohrenberger would be very agreeable to me.

The following are the Conference notes of this date pertaining to voluntary contributions from pupils for the restoration of the steeple of the Old North Church:

Miss Fitzgerald: Mr. Chairman, a representative of the Lantern League, which is responsible for the preservation of the Old North Church as an historic shrine, called me very recently and asked if the School Committee would be willing to consider an order which would designate a day and time for the school children of Boston to contribute on a voluntary basis to the restoration of the steeple, and of course all of us recognize the historic significance of the church. The school children of Boston have been approached in the past by groups which sought to preserve the U. S. S. Constitution, and they came forward at that time and participated in the preservation of that historic ship.

I would like at this time to offer a resolution which I would like to read to the members, and I would very much appreciate formal action in favor of it.

Chairman: The U. S. S. Constitution is the same as "Old Ironsides" as referred to by Mr. Lee. They are the same, aren't they, Mr. Lee?

Mr. Lee: Yes.

Miss Fitzgerald (reading):

WHEREAS, The steeple of the Old North Church, rich in historical background, has been destroyed by the hurricane on August 31, 1954; and

WHEREAS, This steeple is rich in tradition in American history and holds a hallowed place in the hearts of the people of Boston; therefore, be it

RESOLVED, That the pupils of the Boston Public Schools be offered the opportunity to make a voluntary contribution toward the restoration of the steeple of the Old North Church.

Miss Fitzgerald (continuing): Mr. Superintendent I would like you, if it is possible, to designate a day in this school year as "Old North Church Day" or "Paul Revere Day" on which the youngsters would be asked to bring in their nickles and dimes for a contribution to this shrine.

Chairman: Any objections to the Superintendent designating a day? Would you do that, Mr. Superintendent?

Superintendent: Yes.

Mr. Lee: I don't object. Wouldn't the classroom teachers need to explain a little bit about what is involved?

Superintendent: Mr. Lee, we will be very glad to incorporate something significant in the circular that goes out for classroom use.

Miss Fitzgerald: Mr. Superintendent, is it possible for you to indicate now what day or days you might get the best result?

Superintendent: Mr. Chairman, I would like to talk with Mr. Ohrenberger on it; and if you want to leave it with me, we will choose a day which we think is suitable and also a day that might yield the greatest amount of money voluntarily on the part of the pupils.

Chairman: A couple of days before Christmas?

Superintendent: No, I think it should be before the 12th of October.

Mr. Ohrenberger: We have a drive at the present time, Mr. Superintendent. The Junior Red Cross is in the process of being expedited, and the Community Fund drive, so I think perhaps—well, I will talk with you and select a day.

Superintendent: Some time in October?

Mr. Ohrenberger: Probably close to the holiday might have some significance.

Superintendent: We might tie it up with Columbus.

Miss Fitzgerald: I would like to ask or suggest that when you arrive at the day you inform Mr. Arthur Monks of Brookline, who is the gentleman representing the Lantern League who contacted me.

Chairman: Where does he represent the Lantern League—in Brookline or Boston?

Miss Fitzgerald: In Boston. He is handling their public relations, and I think it would be good public relations for us if we would inform him.

Superintendent: We will let him know.

Mr. Lee: I see no approval so far for the drives by the Junior Red Cross and the Community Fund.

Chairman: Would you repeat that?

Mr. Lee: There has been no approval so far from the Committee for approval of the Community Fund drive.

Superintendent: Answering Mr. Lee, Mr. Chairman, the Junior Red Cross is not a drive but rather a membership drive, and it has been traditional to have a membership drive for the Junior Red Cross for a great number of years.

I can go back to at least 1934 as a head master. That is twenty years. Perhaps it went back before that, Mr. Lee, so that we are going along with that as a part of the general procedure of the School Department unless we hear to the contrary.

Now apropos of the Community Fund drive, Mr. Chairman, Mr. Ohrenberger and I have been discussing that. The School Committee a year ago agreed upon one united drive for all charitable contributions, and unless the School Committee wishes to change that procedure, then we would follow it as being the plan that is in existence until changed by the School Committee, and perhaps plan for one drive for all charities.

Now the Old North Church is not in that particular type of drive.

Mr. Lee: I would like to discuss the Community Fund with you and ask some questions at some future time. So now we are back on the Old North Church Lantern League, and the Superintendent has said there would be some message or some significant message go out evaluating the Old North Church and the historical episode of the lanterns, which is a good thing.

I think it might be pointed out that Mr. Revere and his associates were very much against the government interfering with the commerce of the citizens. They didn't like to have to export only to England.

They didn't like to have large taxes paid to England—that is, to our own mother government, to our own government, if we traded with the tea-producing nations. He was one who was against controls by his own government.

I think it is nice to revive the revolutionary spirit among our youngsters so they will never submit to controls in the free transactions of the people by their government.

It would be nice to quote from Franklin Delano Roosevelt in your message. He said at one time:

"Now to bring about government by oligarchy masquerading as democracy, it is fundamentally essential that practically all authority and control be centralized in our national government. The individual sovereignty of our states must first be destroyed, except in mere minor matters of legislation. We are safe from the danger of any such departure from the principles on which this country was founded just so long as the individual home rule of the states is scrupulously preserved and fought for whenever they seem in danger."

I think to provide the independent spirit of our citizens and the revolutionary spirit against the encroachment of their own government is a very fine thing to do.

Paul Revere was more or less of a labor leader, I would say, and was courted by people like John Hancock because he had followers among the waterfront workers; and when he called the caulkers of the ships together, the word became so established politically that the word "caucus," today misspelled, is synonymous with a political gathering. It was originally a meeting of the workmen who caulked the ships along the waterfront.

But so long as we send a significant message in which we point out that Mr. Revere and his associates fought a war to rid themselves of the control by their own government over the transactions of the citizens and that spirit can be quickened by our youngsters so they will fight should our government try to interfere with the good things that we do for each other and for which we receive payment, then it would be a very worthwhile message.

Chairman: Would you see that those thoughts are incorporated in this message?

Superintendent: We will be very glad to. Mr. Ohrenberger, will you read the minutes of the meeting and use them in the circular?

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Secretary

Oct. 4, 1954.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 9:58 o'clock P. M., the Chairman presiding.

Present: Mr. Carr, Mr. Lee and Mr. Musco.

APPROVAL OF MINUTES

The readings of the minutes of the meetings of Aug. 31, and Sept. 20, 1954, was omitted, the Committee approving them as printed.

RESOLUTION

Mr. Musco offered the following preamble and resolution:

WHEREAS, Miss Eunice C. Hearn, Assistant Superintendent of Schools, has retired from the Boston school system after forty-eight years of outstanding service as a teacher, a principal, and an assistant superintendent; and

WHEREAS, Miss Hearn has been a leader in the school community, a wise counselor, a skilled administrator, and an authority on elementary education; and

WHEREAS, The members of the School Committee have acknowledged her superior professional ability and high moral character; therefore, be it

RESOLVED, That the School Committee hereby records its grateful appreciation to Miss Hearn for her many years of devoted service in the elementary schools, the keystone of education. Superintendent Haley acceded to the wishes of the Elementary Principals and placed her, as an expert organizer, in charge of the revision of courses of study in Grades I-VI.

While principal of the Norcross School she organized, to the smallest detail, large testimonial banquets to retiring school executives. Her dynamic leadership, her loving understanding of happy young children in the early days of school, her gracious and sympathetic heart always striving for perfection for associates, her teachers, and her pupils have enriched those who came in contact with her. Her life exemplified the high ideals in which she firmly believed. Her congenial personality and her wise counsel have been a source of strength during her years of unselfish devotion to the Boston public schools.

Her conscientious service to the Boston School Committee, to the school children of Boston, to her friends and associates, and to the Boston public schools to which she has devoted unselfishly her mind and her heart, coupled with her splendid talents, in her long distinguished career as an educator shall remain as exemplar to those who will follow.

Her calm and dignified presence in the classroom, her powers of analysis and advice in the council chambers merit our sincere and deep respect. Her study and research have given rise to powerful educational ideas and theories. Her life has been one of disciplined pursuit to develop the field of elementary education rich in sound policies. Her sensitive imagination and powers of analysis have enabled her to anticipate and to discount events. Her thought preceded accomplishment; her good was positive, never negative. The gracious loveliness of finely wrought phrases must stand aside as she leaves the educational field, which has been so dear to her heart.

It is not only the joys and sorrows of the classroom but also the actualities of a fruitful life for a task well-done that will bring many years of happiness to her. These are our thoughts of Miss Hearn as she leaves us, "the gracious lady" of the Board of Superintendents of the Boston Public Schools.

On roll call the preamble and resolutions were adopted by the following vote:

YEAS—Mr. Carr, Mr. Lee and Mr. Musco—3.

NAYS—0.

ABSENT—Miss Fitzgerald and Mr. Ward—2.

Accepted.

APPOINTMENTS AND TRANSFERS

The following transfers and nominations by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(TRANSFER OF HEAD MASTER)

Dorothy M. Lyons McEnany, head master, Dorchester High School, to the same position in

the Jeremiah E. Burke High School for Girls, Oct. 25, 1954.

On roll call the rules were suspended and the transfer approved by the following vote:

YEAS—Mr. Carr, Mr. Lee, and Mr. Musco—3.

NAYS—0.

ABSENT—Miss Fitzgerald, and Mr. Ward—2.

The following extract from the Conference notes of this date were ordered spread on the record of the open meeting:

Miss Fitzgerald: Mr. Chairman, I just want to repeat again the objections which I expressed at the previous meeting which were that I think that Dorothy Lyons McEnany has done a very good job of handling the combined Dorchester High School, and I think that she can remain as head master of the school, which has both boys and girls, with no problems arising in the future.

I would hope that the transfer did not go through, since I think that, if it did, the solution of appointing a man to head the Dorchester High School would frustrate one of the top women now on the head masters' list for appointment who has all the qualifications to handle the Jeremiah E. Burke High School. I just wish to voice my objections to the transfer.

Chairman: Thank you very much. Any questions on this matter?

Mr. Lee: Mr. Chairman, now you remember when this came up a couple of weeks ago I thought Miss Fitzgerald's points were very well taken—enough so that I did not want to vote for the Superintendent's recommendation for the transfer then, and that left us with a tie vote and no action.

Since then I have talked with our absent colleague, Mr. Ward, personally and found he was familiar with all arguments in the case, with Miss Fitzgerald's argument which I expressed to him and also with the contrary views to the effect that a man is by and large likely to be better or in some minds likely to be better in a mixed high school; and of course he was familiar with the Superintendent's recommendation.

But the long and short of that was that he said that if he was present he would vote for the transfer, and I said, "Do you think you might be swayed by the arguments that I have tried to convey to you and which Miss Fitzgerald would convey more strongly?" However, he had been in touch with different sides of the situation and said that he definitely would vote for the transfer.

So, in the light of that, I don't see any point in my continuing to vote against this transfer, merely to postpone an action which would occur when Mr. Ward comes back. I wouldn't be benefiting anybody. Furthermore,

I am mindful that this is not a question of black and white or of right or wrong. You have two possibilities, involving two persons—both of whom are excellent.

So that I see no further point in my merely delaying the decision which is, in effect, visible. So, with that understanding, I at this time would like to vote in favor of the transfer.

Miss Fitzgerald: Mr. Chairman, just one further thing. I do think it is a matter of right and wrong and a matter of black and white; and it is very similar to the recent discussion we had at the State House on the fact that women would pay higher insurance rates for driving automobiles than men driving would because women are, according to reports given at the State House, poorer drivers. I don't think women are poorer head masters of mixed schools, and I just object to the transfer being made on those grounds.

Mr. Lee: Mr. Chairman, I can only speak for my own actions in the light of Mr. Ward's position. To me it isn't quite such a clear-cut case, of good or evil, as Miss Fitzgerald thinks it is—which she has every right to think. To me it is a question of two alternatives of school policy, and I cannot bring myself to believe that following one alternative is very bad or following the other one very good. I thought there was a small margin of difference in favor of Miss Fitzgerald's view, and you know how I voted with her at the last conference.

Chairman: That is right.

Mr. Lee: But in view of the fact that I am convinced of Mr. Ward's position and that for me to vote to hold up the transfer would simply delay what will happen in a week or so anyway, I feel no further compunction in my own conscience to hold up the matter longer.

PLEDGE TO THE FLAG

Mr. Lee: Mr. Chairman, you may recall that when Mr. Museo brought in an amendment to the Pledge to the Flag of the United States some time ago, I suggested some other amendments, in addition to that, which did not meet with the favor of this Committee; and during that discussion of the pledge recited by our children I stressed what seemed to me a very important need: to concentrate attention on our local government and things close at hand rather than only the more distant government.

Now Mr. Daley, you may recall, when we were discussing the history of Massachusetts, mentioned a book called "Government in Massachusetts Yesterday and Today" by a Mr. Wilbur B. Armstrong, which, by the way, is an excellent book and is being used in our schools.

I noticed in the beginning of that book—and I must say it was not in the forefront of my consciousness—that there is set forth a pledge to the Commonwealth. It is headed, "Pledge of Obedience"; and I would like to read it to you. It says,

"I pledge obedience to the laws of this State and the nation of which it is a part that our lives may be secure, our liberties preserved, and our rights maintained. God save the Commonwealth of Massachusetts."

Now, as I have said at other times, Mr. Chairman, I think we are on the brink of an age where we are coming back and anchoring our consciousness closer to home. And so I merely want to suggest that we give some cognizance to that "pledge of obedience," as it is designated. I think this would be a very good step to take.

I am not going to make a motion that it be a mandatory part of our school ceremonies. I shy away from mandatory pronouncements of one's own beliefs. I think beliefs better come of their own accord and not be imposed, but I would hope that you gentlemen of the Committee would like to have the Superintendent look over this pledge of obedience which is confined to the Commonwealth or which is the official pledge suggested for the Commonwealth, and consider whether it could not properly be woven into the attention of our youngsters.

I would certainly like to see us keep our lives and our affairs and our consciences close to home and give our attention to that for which we are most responsible, namely, the government of our local Commonwealth—with at least as much emphasis as on the government of the Federal Republic.

If it meets with your approval, I want to make a recommendation for the perusal of this by the educational staff with a view to its being brought to the attention of our youngsters.

Chairman: I have no objections. Do you want to refer it to the Superintendent to take it up with the Board of Superintendents? Do you have any objections, Mr. Museo?

Mr. Museo: Now, before we do anything publicly on it, Mr. Chairman, I would suggest that it be studied very carefully because of the problems that might arise, and then a full report can be given to the Committee.

Superintendent: Very well.

Chairman: If there are no objections we will refer that to the Superintendent.

REQUEST FOR ENROLLMENT FIGURES

Mr. Museo: Mr. Chairman, I recall one more report, I believe, that the Superintendent or his staff was going to make to the Committee. It was on the teacher shortage and the October 1st enrollment figures. Has anything come through on that, Mr. Superintendent?

Superintendent: Mr. Chairman, Mr. Museo, the census blanks, as we call them, are coming in this week. We will be in a position, I hope, within about two weeks to give you a pretty clear picture of the number of appointments. That is what you have in mind, isn't it?

Mr. Museo: Yes.

Superintendent: We will be in a few weeks, I believe, on the number of appointments, and certainly I am for making them just as fast as the members will permit according to regulations.

Mr. Museo: In the meantime, if we do need some of these teachers, we will appoint them as we need them?

Superintendent: Just as we appointed tonight, next week we will appoint if there are vacancies.

INVOCATION

BY REV. HOWARD E. POMEROY.

Almighty God, our Heavenly Father, Maker and Ruler of men, in the stillness of this moment at the beginning of our deliberations, lift up our minds and hearts to Thine Own Holy Presence that we may clearly discern the infinite wisdom, justice, righteousness, and love with which Thou dost govern this universe.

As we wait upon Thee, we realize the greatness of our responsibilities, we are conscious of our dependence upon Thee, and we pray that Thou wilt bestow upon us the wisdom and understanding, the insight and patience we need in dealing with the issues which now confront us.

Reveal to us Thy holy will and so direct us by Thy spirit that all our acts and ordinances shall be meet and convenient for the general good.

We pray, O Lord, for this city in which we live, for its Mayor, for the heads and the members of the various departments and boards, for its citizens, its youth, its aged, its workers, its home makers, and all who work and toil and live here.

We pray, Our Heavenly Father, Thou wilt be with us in this day as Thou hast been with our fathers, and that we, like them, may build not only for this present moment but for the generations to come.

Unto Thee be all the glory and all the praise, world without end. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

ORDER FOR LOAN OF \$1,500,000 AND ORDER FOR COOPERATION AGREEMENT ON NEW YORK STREETS AREA PROJECT.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1954.
To the City Council.
Gentlemen:

The adoption by your Honorable Body on Monday last of an order approving a Land Assembly and Redevelopment Plan for the New York Streets Project has enabled the Corporation Counsel to complete drafts of the other orders necessarily incident to proceeding with that project. Accordingly, transmitted herewith for your consideration and adoption is the necessary loan order, and also the order enabling the execution of the necessary cooperation agreement.

While the loan order authorizes the borrowing of \$1,500,000, it does not necessarily follow that this entire sum will be expended. For example, when the city transfers the lands within the project area which it holds for school purposes or under tax title foreclosure, it will either receive a credit approximating \$100,000 or will receive a reimbursement of like amount for such conveyance. Then, again, street and sewer improvements and the like, if done by the city, will result in a credit exceeding \$400,000. Further, it is possible that, as the project proceeds, the federal authorities will allow a \$275,000 credit for the Central Artery. The loan order, however, must be in the entire amount so that an appropriation is currently available to enable the execution of the cooperation agreement.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That it be, and hereby is, estimated that such part of the cost of acquiring and developing the land assembly and redevelopment project for the so-called New York Streets area in Boston in accordance with the Land Assembly and Redevelopment Plan approved by order passed in City Council on November 22, 1954, and approved by the Mayor on November 23, 1954, as will not be met by loans, contributions or grants from the Federal Government or otherwise will be one million five hundred thousand dollars (\$1,500,000); and be it further

Ordered, That under the provisions of Section 26CC of Chapter 121 of the General Laws, as amended, the sum of one million five hundred thousand dollars (\$1,500,000) be, and the same hereby is, appropriated, to be expended in aid of

the Boston Housing Authority for defraying such part of the acquisition and development costs of said land assembly and redevelopment project, to which the Federal Government, pursuant to the federal legislation, shall have rendered or agreed to render financial assistance, as will not be met by loans, contributions, or grants from the Federal Government or otherwise; and that to meet said appropriation the Collector-Treasurer be, and he hereby is, authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City to said amount.

Ordered, That the City of Boston enter into an Agreement with the Boston Housing Authority in the following form, and that the Mayor of the City of Boston be, and he hereby is, authorized and empowered to execute and deliver such Agreement in the name and behalf of the City of Boston:

THIS AGREEMENT, entered into this day of 19 , by and between the Boston Housing Authority (herein called the "Authority"), a public body, politic and corporate, duly organized and existing under the provisions of the Housing Authority Law of the Commonwealth of Massachusetts as set forth in Sections 261 to 267W, inclusive, of Chapter 121 of the General Laws of Massachusetts (herein called the "state Housing Authority Law") and having its usual place of business in Boston, Suffolk County, Massachusetts, and the City of Boston (herein called the "City"), a municipal corporation duly organized and existing under the laws of the Commonwealth of Massachusetts,

WITNESSETH THAT

Whereas, An order passed by the City Council of the City on November 22, 1951, and approved by the Mayor of the City on November 23, 1951, approved a Land Assembly and Redevelopment Plan for the "New York Streets" project, which provides for the undertaking by the Authority under the state Housing Authority Law of a land assembly and redevelopment project in that decadent and substandard area in the City bounded generally by Washington Street, Dover Street, Albany Street and the right-of-way of the New York, New Haven and Hartford Railroad and more particularly described in said Land Assembly and Redevelopment Plan which is hereby incorporated by reference as though fully set forth herein; and

Whereas, To carry out and complete said Land Assembly and Redevelopment Plan the Authority will need a capital grant from the United States under Title I of the federal Housing Act of 1949 (Public Law 171 of the 81st Congress); and

Whereas, It is provided in Section 101 of said Housing Act of 1949 that every contract for a capital grant under Title I of said Act shall require local grants-in-aid in connection with the project involved which, with an exception not presently pertinent, will be at least equal to one-third of the net project costs involved; and

Whereas, Section 110 of said Housing Act of 1949 defines "local grants-in-aid" to mean assistance

"in the form of (1) cash grants; (2) donations, at cash value, of land (exclusive of land in streets, alleys, and other public rights-of-way which may be vacated in connection with the project), and demolition or removal work, or site improvements in the project area, at their cost; and (3) the provision, at their cost, of parks, playgrounds, and public buildings or facilities (other than low-rent public housing) which are primarily of direct benefit to the project and which are necessary to serve or support the new uses of land in the project area in accordance with the redevelopment plan; PROVIDED, That, in any case where, in the determination of the Administrator, any park, playground, public building, or facility is of direct and substantial benefit both to the project and to other areas, the Administrator shall provide that, for the purpose of computing the amount of the local grants-in-aid for such project, there shall be included an allowance of an appropriate portion (as determined by the Administrator) of the cost of such park, playground, public building, or facility. No demolition or removal work, improvement, or facility for which a State, municipality, or other public body has received or has contracted to receive any grant or subsidy from the United States, or any agency or instrumentality thereof, for such work, or the construction of such improvement or facility, shall be eligible for inclusion as a local grant-in-aid in connection with the project or projects assisted under this title"; and

Whereas, The City is authorized by the state Housing Authority Law to make, and agree to make, such local grants-in-aid; and

Whereas, To carry out and complete said Land Assembly and Redevelopment Plan the Authority needs such local grants-in-aid from the City;

NOW, THEREFORE, IT IS HEREBY AGREED BY AND BETWEEN THE PARTIES HERETO AS FOLLOWS:

1. Immediately upon receipt of funds pursuant to this Agreement or pursuant to a loan and grant

contract between the Authority and the United States under the federal Housing Act of 1949, the Authority will undertake said land assembly and redevelopment project in accordance with said Land Assembly and Redevelopment Plan and commence and carry out as expeditiously as possible each successive phase of the project as funds are made available.

2. To defray the actual net project cost of the project as finally determined in accordance with the federal Housing Act of 1949 and approved by the Housing and Home Finance Administrator of the United States in accordance with the aforesaid loan and grant contract, the Authority will comply with all necessary conditions, statutory or otherwise, to obtain a capital grant from the United States under Section 103 of the federal Housing Act of 1949 in the maximum amount allowed by law.

3. The City will make local grants-in-aid to the Authority in a total amount equal to one third of the actual net project cost of the project as finally determined in accordance with the federal Housing Act of 1949 and approved by the Housing and Home Finance Administrator of the United States in accordance with the aforesaid loan and grant contract, notwithstanding what the present estimate of that cost may be.

4. The Authority shall from time to time make demand upon the City for payments on account of its obligation under Paragraph 3 hereof but not exceeding in the aggregate one million three hundred seventy-eight thousand five hundred and seventy-four dollars (\$1,378,574), which is the present estimate of said obligation; and within one month after each such demand the City will pay to the Authority each amount so demanded. Upon completion of the aforesaid land assembly and redevelopment project by the Authority and the final determination and approval as aforesaid of the actual net project cost thereof, the City will make such additional cash payment as may be necessary to bring the total local grants-in-aid for the aforesaid land assembly and redevelopment project up to an amount equal to one third of said actual net project cost as so finally determined and approved; and if upon such completion and final determination and approval, the local grants-in-aid theretofore made by the City shall total an amount in excess of one third of said actual net project cost as so finally determined and approved, such portion of the excess as was paid in cash shall be refunded by the Authority to the City.

5. If the City donates to the Authority any land within the project area other than land in the streets, alleys and other public rights-of-way which may be vacated in connection with the project, or if the City does for the Authority any demolition or removal work in the project area or makes at the request of the Authority and according to said Land Assembly and Redevelopment Plan any site improvements in the project area (which term, as here used, shall be construed to include street and sewer construction and water, fire alarm, and police signal system changes), the City's obligations under paragraphs 3 and 4 hereof shall be reduced by the amount which the Authority shall, with the approval of the Housing and Home Finance Administrator of the United States, determine to be the cash value of such donated land and the cost of such demolition or removal work and of such site improvements. The City's obligation under said paragraphs 3 and 4 shall be further reduced by such portion of local grants-in-aid furnished to the project by other parties as may be allowed by the Housing and Home Finance Administrator of the United States prior to the completion of the project and the determination of the actual net project cost thereof.

6. The City, acting by its Mayor, will recommend to the proper board or officer the vacating of such streets, alleys, and other public rights-of-way within the project area as may be necessary in the carrying out of said Land Assembly and Redevelopment Plan and the laying out as public streets or ways of all streets and ways, with their adjacent sidewalks, within the project area; and the Authority agrees not to sue the City for any damages for any such vacating or laying out; and the Authority further agrees to reimburse the City for any such damages paid to others.

7. The City, acting by its Mayor, will recommend to the proper boards or officers such action as may be necessary to waive, change or modify local building, zoning and sanitary codes and regulations to the extent necessary or desirable to permit carrying out said land assembly and redevelopment project.

8. The City shall cooperate with the Authority by such other lawful actions and in such other lawful ways as may be necessary in connection with the undertaking and carrying out of said land assembly and redevelopment project in all its phases, including the relocation of families to be displaced from the project area.

9. No agreement heretofore entered into between the City and the Authority shall be construed to apply to the project covered by this Agreement.

In Witness Whereof the Authority and the City have respectively caused this Agreement to

be duly executed in triplicate as of the day and year first above written.

COMMENDATION TO RIGHT REVEREND FREDERIC J. ALLCHIN.

Coun. WHITE offered the following:

Whereas, The Right Reverend Frederic J. Allchin, pastor of Saint Mary's Church in Charlestown, is observing the golden anniversary of his ordination to the Holy Priesthood; and

Whereas, Monsignor Allchin has spent practically all his life in the City of Boston, being born in Boston in 1878, and receiving his early education at Saint Thomas Church in Jamaica Plain. He attended Lowell School in Jamaica Plain, was graduated from English High School in 1895 and Boston College in the class of 1900. On the completion of his studies at St. John's Seminary, he was ordained in 1904 by the late Bishop Brady; and

Whereas, Monsignor Allchin, having served as a curate at Mary Immaculate of Lourdes, Newton Upper Falls, and Saint Paul's Church, Dorchester, was assigned in 1927 as the first pastor of the New Parish of Saint Theresa's in Everett and proceeded to build a new church for this parish; and

Whereas, His appointment as pastor of St. Mary's Church in Charlestown in 1937, followed by his being named a monsignor with the title of Domestic Prelate in 1945, his later appointment by Archbishop Cushing in the reorganization of the present Holy Name Society in this diocese with the wonderful Holy Name convention and parade in 1947; therefore be it

Resolved, That the Boston City Council, in meeting assembled, hereby extends to the Right Reverend Frederic J. Allchin, Pastor of St. Mary's Church in Charlestown its profound gratitude for the deep religious services rendered by him to all his parishioners and for the many benefactions he has bestowed on his fellowmen in the many communities in which he has served and we join with all the devoted citizens in this city in hearty congratulations on the fiftieth anniversary of his ordination to the Holy Priesthood.

The resolution was adopted under suspension of the rules.

PARTICIPATION IN BOWL GAME BY BOSTON COLLEGE FOOTBALL TEAM.

Coun. WHITE and all the members of the Council offered the following:

Resolved, That the Boston City Council, in meeting assembled, respectfully requests the Gator Bowl Committee in Jacksonville, Florida, to seriously consider the 1954 Boston College football team, one of the standout teams of the East and Northeast, for invitation to participate in the bowl game to be played on New Year's Day in that city.

The resolution was adopted under suspension of the rules.

HIGH SPEED RAILROAD SERVICE FROM HYDE PARK STATION TO DOWNTOWN BOSTON.

Coun. FOLEY and HAILER submitted the following:

Ordered, That his Honor the Mayor be requested to bring to the attention of the directors and management of the New York, New Haven & Hartford Railroad the large scale development of the Hyde Park district of Boston as a residential area in recent years; its location far from downtown Boston; and the consequent urgent necessity for high speed mass transportation from Hyde Park Station to downtown Boston; and be it further

Ordered, That the management and directors of the New York, New Haven & Hartford Railroad be requested to provide service from Hyde Park Station to downtown Boston in the form of self-propelled high speed cars popularly known as "Budd" cars.

Passed under suspension of the rules.

HIGH SPEED MTA SERVICE FROM HYDE PARK STATION.

Coun. FOLEY and HAILER offered the following:

Ordered, That the Trustees of the Metropolitan Transit Authority be requested, through his Honor the Mayor, to investigate the possibility of servicing the Hyde Park area of Boston with high speed mass transportation on the present roadbed of the New York, New Haven & Hartford Railroad on a lease or rental arrangement with the said New York, New Haven & Hartford Railroad from the Hyde Park Station.

Passed under suspension of the rules.

CERTAIN INFORMATION CONCERNING PREMATURE DIVISION, BOSTON CITY HOSPITAL.

Coun. PIEMONTE offered the following:

Ordered, That his Honor the Mayor be requested, under the provisions of section 17F of chapter 376 of the Acts of 1951, and any amendments pursuant thereto, and under any authority vested in the City Council, to furnish the City Council, at the meeting of the Council next ensuing after one week from receipt of this order, answers in writing to the questions set forth in the following:

1. The plans now underway in the Boston City Hospital with respect to the premature division of the Boston City Hospital.

2. How such accommodations will compare with other hospitals.

3. The amounts of moneys provided in each of the years 1952, 1953, 1954, either by budget, supplementary budget, or by transfer, specifying in each instance the source and amounts for prenatal, maternity, nursery, and particularly premature babies units of the Boston City Hospital, setting forth in detail allocations for supplies, medical equipment, general care, and physical accommodations for the same.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. FOLEY, for the Committee on Public Lands, submitted the following:

On the message of the Mayor and order (referred October 25) for conveyance to the Commonwealth of Massachusetts of all rights in tidewaters above the easterly side of the highway bridge over Fort Point Channel, the Committee on Public Lands, having considered the same, respectfully recommends passage of the order in the following new draft.

For the Committee,

WILLIAM J. FOLEY, JR., Chairman.

Ordered, That the hereinafter described conveyance be, and the same hereby is, authorized under chapter 638 of the Acts of 1954, to wit, the conveyance by the City of Boston (by its Mayor) to the Commonwealth of Massachusetts, without consideration, of all rights of the City of Boston in the tidewaters above the easterly side of the highway bridge over Fort Point Channel at Dorchester avenue in the City of Boston with a proviso that if by January 1, 1965, said tidewaters shall not have been declared to be nonnavigable waters within the meaning of the constitution and laws of the United States, such rights shall, upon entry by the Mayor of the City of Boston in the name and behalf of the City of Boston subsequent to January 1, 1965, revert in the City of Boston.

The report was accepted, and the order was given its first reading and passage, yeas 8, nays 0:

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

If surface barrier slopes along parkways and highways are planted with deep turf and dense vines or bushes and trees, the sounds from traffic will be reduced from 45 to 60 per cent, the United States Bureau of Roads points out. Trees and shrubs, especially the evergreens, curb the noise on highways by absorbing the sound and disintegrating it. The evergreens, it is said, disperse echoes and aid in making sound-proof highways.

POLICE DEPARTMENT ORDERS.*General Order No. 1,962.*

A Board of Merit, consisting of Superintendent Edward W. Fallon, Deputy Superintendents James F. Daley and James J. Hinchey, has brought to the attention of the Police Commissioner the following outstanding cases in which police officers of this department have especially distinguished themselves in the performance of their duty during the year 1954.

The commissioner therefore makes the following awards:

The Walter Scott Medal for Valor and a Department Medal of Honor to Patrolman Harold F. MacDonald, Division 10.

Patrolman Harold F. MacDonald, of Division 10, is hereby awarded the Walter Scott Medal for Valor and a Department Medal of Honor for meritorious duty performed on November 25, 1953.

At 7 P.M., Wednesday, November 25, 1953, while Patrolman MacDonald and his partner, Patrolman Francis J. Cardoza, were cruising in Huntington avenue, they received a radio broadcast to be on the lookout for two armed holdup men who had just held up at gun point a cleansing shop on Division 16, and may be using a motor vehicle. Shortly after they observed a motor vehicle traveling at a high rate of speed and they pursued this car along Huntington avenue, into Ruggles street, and forced it to the side of the road in Tremont street. As they left the police car to approach the vehicle, the occupant on the passenger side jumped from the car with a revolver in his hand, fired several times point blank at Patrolman MacDonald, one of the shots striking the officer in the chest and severely wounding him. However, in spite of his wound, he grappled with and held on to the second bandit who was behind the wheel of the car until help arrived and brought the officer to the City Hospital and the bandit to the station. Officer Cardoza attempted to catch the bandit who shot Officer MacDonald but lost him. However, he was later captured in Worcester as the result of information furnished them but only after he was seriously wounded in his attempt to shoot his way free.

Department Medals of Honor.

Patrolman Louis G. Caristi, of the Superintendent's Office, is awarded a Department Medal of Honor for meritorious duty performed on March 20, 1954. At 10:55 A.M., March 20, 1954, while on duty in a department car in the vicinity of the South Boston Army Base, Patrolman Caristi received a radio call relative to a holdup of a liquor store on East Broadway, South Boston. The officer proceeded along I street, toward Columbia road, turning right on Columbia road in the direction of Columbia Station, and at a point between K and I streets

observed a man answering the description of the number one suspect walking in the same direction. The officer parked the car and went after the suspect on foot and, seeing the officer, the suspect ran to the opposite side of Columbia road, the beach side, disobeying the officer's command to halt, vaulted the stone wall and landed on the sandy beach. As the officer approached the wall he observed the suspect emptying the pockets of his jacket and trying to bury contents in the sand. After a brief struggle the officer took the suspect in custody and ordered him over the wall, at which time two cruising cars arrived and the officers held the suspect while Officer Caristi retrieved the money, bills and coins in the sand. At Division 6 the suspect was identified and later in a lineup was identified as one of the bandits who had held up two liquor stores, one drug store, and an attempted robbery of a shoe store.

Patrolman Kenneth G. Lehane, of Division 9, is awarded a Department Medal of Honor for meritorious duty performed on April 17, 1954. About 1.10 A.M., April 17, 1954, while Patrolman Lehane was on his way home from a paid detail in his own car, and while making a left turn into Washington street, Dorchester, from Blue Hill avenue, he observed two men coming up Washington street, toward Blue Hill avenue. The officer kept these men under observation and observed them push open a wooden door leading into an alley behind a block of stores on Washington street and Blue Hill avenue. The officer parked his car and crossed over the street to the door through which the men had entered. He listened and heard large objects being pushed around and a few minutes later heard an object, later identified as a safe, being rolled down the stairs. The officer called a passing citizen to summon aid while he pushed open the door and entered the alley. He observed a man climbing to the roof of a building and another man standing in the open rear door of a delicatessen, and when the man saw the officer he turned and started running. The officer pursued him up Washington street and overtook him, and after a brief struggle placed him under arrest. At the station the suspect was identified and admitted that he and three other men had planned to break and enter the building and force open the safe. The other three men were subsequently arrested.

Patrolman Herbert M. Hazelton, of Division 11, is awarded a Department Medal of Honor for meritorious duty performed on May 27, 1954. About 1.10 A.M., May 27, 1954, while Patrolman Hazelton was off duty and in uniform while returning from a paid detail, he observed a man acting in a suspicious manner in the vicinity of a clothing store on Washington street, Dorchester. The officer drove his automobile to the rear of Dorchester court which is directly across the street and kept the suspect under surveillance. The suspect then kicked in the window of the front door of this store and then ran down adjacent Tremlett street and concealed himself. Minutes later the suspect returned and entered the building through the broken front door window. The officer with drawn revolver went to the front of the store and arrested the suspect as he emerged carrying 13 suits of men's clothing in his arms. At the station the sus-

pect was identified as one who had a long criminal record dating as far back as 1923, including a sentence of five to twelve years in State Prison for assault with intent to rob and three to five years for breaking and entering in the nighttime. He also served time in San Quentin Prison for burglary.

Sergeant-Detective William C. Williams and Detectives Thomas J. Mahoney and Edwin P. Cashman of the Detective Bureau each is awarded a Department Medal of Honor for meritorious duty performed on June 26, 1954. About 6.10 P.M., June 26, 1954, while Sergeant-Detective Williams with Detectives Mahoney and Cashman were patrolling Divisions 10 and 13, and when in Washington street, near Egleston square, they received a radio message relative to a holdup that had just taken place at a grocery store on Centre street, Jamaica Plain. These officers proceeded immediately toward the scene of the crime, and when in Boylston street, near Amory street, observed an automobile traveling in an easterly direction in Boylston street, and when about 50 feet from Amory street collided with the rear end of another car. The operator jumped from the car and made an attempt to run from the scene. Sergeant-Detective Williams and Detective Mahoney gave chase along Boylston street, into Amory street, when Detective Mahoney discharged three shots from his service revolver into the air which had the desired effect of stopping the man who stumbled, at which time a .32 calibre German Mauser fell from his person to the sidewalk. The money taken in the holdup was recovered in the rear of the car and at Headquarters the bandit admitted his part in the holdup.

Patrolmen Walter J. Lindsay and Walter C. Libby, of Division 1, each is awarded a Department Medal of Honor for meritorious duty performed on August 31, 1954. About 12.25 P.M., August 31, 1954, shortly before the steeple of the Old North Church, Salem street, collapsed and fell to the street, partly on the adjacent buildings causing the roofs of these buildings to collapse, Patrolmen Lindsay and Libby carried from the fourth floor of one building an 82-year-old invalid, confined to a wheel chair for the past sixteen years and also removed a 90-year-old woman who had also been confined to her home for several years. The same officers, with members of the Fire Department and Police Department evacuated about 30 people from the above buildings and about 100 families from adjoining buildings, and about five minutes after the above people had been evacuated the steeple crashed. At the time of the steeple falling an unknown woman was observed standing in Hull street by Officer Lindsay who, unmindful of the danger to himself, leaped for the woman pushing her into a doorway, the officer being struck on the back by the falling debris to which he paid no attention. This act no doubt saved the woman from possible death or serious injury, as the spot where she was pushed from was covered with debris from the steeple.

Detective Arthur O'Shea, of Division 9, is awarded a Department Medal of Honor for meritorious duty performed on September 23, 1954. On September 23, 1954, about 11.45 A.M., Detective O'Shea received information that a suspicious character, who might be con-

neeted with an atrocious murder which took place a month before, had gone to a certain house in the Roxbury district. As there was no time to secure help, Detective O'Shea entered the house where this individual was supposed to be armed, and arrested him. After being questioned by Detective O'Shea, the suspect confessed to the murder and was delivered to the Brighton Station for prosecution.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,963.

On November 22, 1954, Patrolman George W. Allen and Edward F. Doyle of Division 9, while in a cruising car, received a radio message describing two men who had held up a liquor store in Roxbury.

While conducting a careful search the officers observed two men who answered the descriptions. Both men, when they saw the officers, turned to flee, whereupon Patrolman Doyle ordered them to stop and both officers gave chase. After a brief pursuit both suspects stopped, turned, and approached the officers. The officers approached them with drawn revolvers and Patrolman Doyle observed one man reach for the right side pocket of his topcoat. Grasping the suspect's hand Patrolman Doyle felt an object which proved to be a loaded .33 caliber revolver. As the second man reached in his pocket Patrolman Allen grabbed his hand and felt a gun which was found to be unloaded.

Investigation disclosed that these two men had committed six other holdups in this city and in all probability had not the officers apprehended them they would have continued to execute armed robberies.

The commissioner is pleased to recognize the efficient police work of these officers and it is hereby ordered that each be granted two days' additional vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,964.

A trial board, consisting of Captains Robert A. Lynch, John H. Cloran, and George F. Snell, having heard by reference a complaint made by Charles J. Deignan, captain, commanding Division 18, against Patrolman Walter J. Kasper, Division 18, charging him with violation of the rules and regulations of the Police Department, has reported a finding of guilty, recommending punishment duty of seventy hours.

This recommendation is accepted and it is hereby ordered that the said Patrolman Walter J. Kasper perform seventy hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,965.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Wednesday, December 8, 1951, at 7:45 o'clock A.M.:

Sergt.-Detective William J. Harrow, Detective Bureau, 31 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

*General Order No. 77.***I. RESIGNATION.**

The following resignation, which became effective at 5 P.M., Wednesday, December 1, 1951, is hereby announced:

Dorothy M. Brooks, Fire Prevention Division.

II. A.D.T. ASSIGNMENTS.

Company commanders shall add the following signal numbers to running cards of the American District Telegraph Company in this department:

Signal 373, A.D.T. Company Stock Room, 21 Watson street. (Aero Automatic Fire Alarm.) Apparatus to respond: Engine 13, Ladder 12, District Chief 5. Nearest box is 2212.

Signal 371, Gustin Realty Company, 963-969 Commonwealth avenue. (Sprinkler.) Apparatus to respond: Engine 11, Ladder 14, District Chief 11. Nearest box is 5113.

III. DISCONTINUANCE OF G.A.C. SIGNALS.

Company commanders shall remove the following signals from the running cards of the G.A.C. in this department:

Signal 211, 52-56 Summer street.
Signal 229, 52-56 Summer street.

IV. HIGH COMMENDATION.

At 10:52 P.M., November 18, 1951, the department responded to an alarm from Box 4173 (2 alarms) for a fire in the three-story dwelling house at 8 Short Street court, Charlestown.

On arrival of the department, the building was involved in fire, and members were notified that there was a child on the second floor. An attempt was made by Capt. Walter W. Corwin of Engine Company 32 to reach the boy, but he was cut off by fire in the stairwell and sustained burns to his face and ears.

Meanwhile, Ladderman Harry E. Bryant of Ladder Company 22 had gone over a ladder in the front of the building to a second-floor window from which heavy black smoke was issuing, as the fire had originated in a portable oil heater. Ladderman Bryant, who was without a mask, made his way through the second floor which was heavily charged with heat, smoke, and gases, and found the unconscious boy in a rear room. With considerable difficulty, and without regard for his own safety, Ladderman Bryant carried the unconscious boy to the stairwell where, by this time, other members were operating a line. He carried the boy down the stairwell to the street where he collapsed.

Inasmuch as Ladderman Bryant performed this rescue work under very difficult conditions and at great personal risk, the Fire Commissioner is pleased to commend him highly, and his case is referred to the Board of Merit for further consideration.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

X-RAY OF SCHOOL PERSONNEL.

The General Court of Massachusetts passed a law effective July 1, 1951, requiring all school personnel coming in contact with pupils to submit X-ray proof of freedom of tuberculosis in a communicable form—such proof to be filed every three years.

In accordance with the provisions of the law, the Health Department provided free X-ray service for school personnel desiring it. 70 mm. equipment was used where possible and was located in strategic areas to accommodate the large numbers of teachers, nurses, custodians, clerical worker, and others covered by the provisions of the law. The X-ray bus was stationed for an entire month on Boston Common, and 70 mm. equipment was also placed in Boston Teachers College. Four health units having 70 mm. X-ray machines were open daily for a six-week period to provide service for onlying sections of the city. All retakes were made at the South End Health Unit. More than 24,500 X-rays were taken during the program. Provision was also made for new employees of educational institutions to be X-rayed at the usual X-ray locations provided by the Health Department.

The bid deposit shall be in a separate envelope, plainly marked "Bid Deposit."

Specifications and plans may be obtained at the office of the Architect, Thomas F. McDonough, 25 Huntington Avenue, Boston, Mass., on Monday, December 13, 1954.

A deposit of \$25 is required, it will be returned when plans and specifications are returned.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of one hundred (100) per cent of the contract price will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids on any item or items in accordance with the provisions of sections 44A to 44E, inclusive, of chapter 149 of the General Laws, as amended.

BOARD OF TRUSTEES, HOSPITAL DEPARTMENT

AND OF THE BOSTON CITY HOSPITAL,
RICHARD J. CONDON,
(Dec. 11.) President.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

ERECTION OF CHAIN LINK FENCE.

Proposals for Furnishing and Erecting Chain Link Fence and Metal Pipe Handrail in Franklin Street Footway, Ward 22, from Lincoln Street to Cambridge Street.

The Commissioner of Public Works of the City of Boston, Room 506 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and erecting chain link fence and metal pipe handrail in Franklin Street Footway, Ward 22, from Lincoln street to Cambridge street. A bond will be required for doing the work of a surety company approved by the commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 506 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing and Erecting Chain Link Fence and Metal Pipe Handrail in Franklin Street Footway, Ward 22, from Lincoln Street to Cambridge Street," and left at Room 506 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of WEDNESDAY, DECEMBER 22, 1954, with a certified check for ONE HUNDRED (100) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 506, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Dec. 11.) Commissioner of Public Works.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR INSTALLING TWO NEW TOILET ROOMS IN THE CHAMPLAIN SCHOOL, ATHELWOLD STREET, NEAR SCHOOL STREET, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installing two new toilet rooms in the Champlain School, Athelwold street, near School street, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Thursday, December 23, 1954, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed and plainly marked with the description of the work to be done. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$200, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals filed with the Awarding Authority shall be submitted in sealed envelopes, plainly marked with the title of the work; division of the work for which bid is submitted; subcontractor's name; and subcontractor's business address. All such bids shall be in the possession of the Awarding Authority and delivered or mailed to the general contractor no later than Monday, December 20, 1954.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount as specified in the following for the subbid item of work as listed below shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority:

Plumbing\$100

The bid deposit shall be in a separate envelope, plainly marked "Bid Deposit."

Specifications and plans may be obtained at the office of the Awarding Authority on or after Monday, December 13, 1954.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 per cent of the contract price will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids on any item or items in accordance with the provisions of sections 44A to 44E, inclusive, of chapter 149 of the General Laws, as amended.

JAMES H. MOONEY,
(Dec. 11.) Superintendent of Construction.

MAYOR JOHN B. HYNES FAVORS HOME RULE FOR CITIES AND TOWNS AS AGAINST STATE GOVERNMENT IMPOSING ITS WILL IN MATTERS HAVING NO EFFECT ON GENERAL WELFARE BUT WHICH ARE "HOUSEKEEPING MATTERS"—ISSUES STATEMENT AT GOVERNOR'S CONFERENCE ON STATE, COUNTY, AND MUNICIPAL RELATIONS, HELD AT HOTEL STATLER.

The following is the statement made by Mayor Hynes at the Governor's Conference on State, County, and Municipal Relations at the Statler Hotel, December 15, 1954:

I favor home rule to the extent that the state government does not impose its will on a city or town in matters which have no effect on the general welfare of the state and which are, for lack

MAYOR SUBMITS TO COUNCIL REPORT FROM BOARD OF TRUSTEES OF CITY HOSPITAL ON PLANS FOR CONSTRUCTION OF NEW PREMATURE UNIT IN MATERNITY BUILDING, TO BE MOST MODERN IN COUNTRY, MEETING ALL REQUIREMENTS AND STANDARDS OF PUBLIC HEALTH SERVICES.

The following communication has been received from the Board of Trustees of the Boston City Hospital:

BOSTON, December 13, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In answer to a City Council order which you submitted to the Board of Trustees for consideration and reply, we are enclosing the information requested which has been approved by the Board of Trustees.

Respectfully yours,

RICHARD J. CONDON,
President, Board of Trustees.

DIRECTOR OF ADMINISTRATIVE SERVICES CHARLES J. FOX EXPLAINS TO CITIZENS' SEMINAR AT BOSTON COLLEGE OF BUSINESS ADMINISTRATION OPERATION OF NEW ORGANIZATIONAL SETUP MAKING FOR GREATER EFFICIENCY AND ECONOMY IN OPERATION OF CITY'S BUSINESS—FORMER 37 DEPARTMENTS REDUCED TO 22, WITH ELIMINATION OF OVERLAPPING AGENCIES—PROGRAM BUDGET SUBSTITUTED FOR OLD PLAN MAKING FOR SUCCESS.

At the Citizens' Seminar at the College of Business Administration at Boston College Charles J. Fox, Director of Administrative Services, spoke as follows:

Six weeks ago, in opening this series of seminars on the problems of Boston, Mayor Hynes, at the outset of his remarks, said: "With respect to the city government, may I be bold enough to say that I think it has turned a leaf for the better. Certainly your municipal government has not gone backward in the five years I have had the honor and privilege to serve as Mayor. In almost every field of municipal activity we have made progress."

In this second seminar my colleagues and myself will elaborate on this statement. My individual remarks will be devoted to the important aspects of the reorganization in the structure of Boston's government which has occurred this year.

The plan of organization which was developed under the direction of the Mayor and originally submitted by him to the Council on November 30, 1953, had two main objectives:

1. To reduce the dispersion of authority and responsibility, together with the duplication of effort and facilities, inherent within a large number of independent organization units.
2. To relieve the Mayor of the time-consuming details involved in administrative routine so that his control over the larger aspects of the city government would be reinforced and clarified.

Overlapping Agencies.

The *modus operandi* utilized to accomplish the first objective was to eliminate overlapping agencies and to group those functions and activities involving similar processes and operations under the control of a single department head. Today we have 22 departments as against the former 37.

To achieve the second objective, steps were taken to assist the Mayor in the general coordination of all departmental activities by providing him with expert, professional, and reliable assistance at the top staff level. This was accomplished by the creation of an entirely new municipal agency, the Administrative Services Department, under the charge of a Board known as the Administrative Services Board.

Board Membership.

The membership of this Board consists of the Director of Administrative Services as chairman, the Supervisor of Personnel, the Purchasing Agent, the Collector-Treasurer, and the City Auditor. Since the Director is the city's budget officer, the Board constitutes a combination of the key management functions of budget, personnel, purchasing, and financial administration. Need I point out that these functions are associated with the activities of every municipal department.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

NEW DIRECTIVE ISSUED BY DIRECTOR OF ADMINISTRATIVE SERVICES RELATIVE TO SICK LEAVE.

The Director of Administrative Services has issued the following instructions as to use of sick leave:

Boston, December 15, 1954.

To Department Heads.

Circular Letter No. 31 issued under date of December 10, 1954, establishes under Rule SL-2 a new regulation relating to the granting of sick leave. Effective January 1, 1955, payments for absence caused by illness, injury, exposure to contagious diseases or serious illness or death of a member of the employee's family will be permitted only after a sick leave request form has been prepared by or for the employee concerned, approved by the appointing authority and filed with the City Auditor. Failure on the part of the employee to file the request form will result in the City Auditor placing a "Hold" on the payment listed on the payroll for the period during which the absence occurred.

The sick leave form may be secured from the Printing Section. It is to be filled out in duplicate by the employee and both copies presented to the department head. Immediately after approval, the original copy should be forwarded to the City Auditor and after the information on the second copy has been recorded in the department, it should be returned to the employee. After January 1, 1955, the procedure of notifying the Law Department of daily absences of departmental personnel will be discontinued and it will no longer be necessary to prepare the "Leave of Absence" form. (Gen. 17.)

The purpose of this regulation is to establish standard practice among city departments for the granting of sick leave and to minimize the possibility of abuses developing because of the lack of proper and adequate administrative controls.

Use of sick leave is a privilege—not a right. It is designed to heighten and maintain employee morale by providing compensation when the employee is too ill to work. It requires very little imagination and mathematical skill to come to the conclusion that such leave is a fringe benefit which, if improperly used, can become very costly. If we assume that 12,000 employees are eligible for the sick leave maximum of fifteen working days per year as set forth in Circular Letter No. 31, payments of close to \$2,500,000 per annum could be involved if each employee used indiscriminately his full allotment. It is only through judicious administration and control which can be put in operation through the proposed request form that such an indefensible waste can be prevented.

The use of the request form should prove beneficial to all employees. It will establish, as a matter of record, official sanction for an absence. It will provide the employee with a check against absence records maintained by the department where he is employed and, since under the new Federal Income Tax Law certain types of sick leave payments may be utilized as deductions against taxable income, the existence of such a form will be the best evidence possible to con-

vince the Internal Revenue Department of the legitimacy and propriety of such a deduction.

Most governmental agencies require an application for sick leave to be filled out by the employee. The routing of this form through the department head provides the latter with valuable information concerning the daily personnel strength of his department. In the interest of efficient operations, it is the responsibility of the department head to control the use of such leave within his unit. Departmental records of individual sick leave usage should be maintained in sufficient detail so that corrective measures may be taken if improper repetitions or prolonged uses of sick leave become apparent.

Attention is directed to Rule GR-1 of Circular Letter No. 31 which provides that suitable notation be made in the "Remarks" column of payrolls in every case involving an employee's absence. In approving payrolls for payment, department heads should make certain that the provisions of this rule have been strictly observed.

DIRECTOR OF ADMINISTRATIVE SERVICES ADDRESSES CITIZENS' SEMINAR AT BOSTON COLLEGE.

(Continued from page 1533.)

Under the Reorganization Ordinance it is the duty of this Board to make studies and recommendations with respect to the organization, activities, policies, and procedures of all departments, boards, and officers, so that the administration thereof shall be economical and efficient.

In the eleven months the Board has been in existence, it has considered and discussed many phases of departmental administration. In some instances these studies have culminated in definite administrative action, while in others further investigation and consideration have been deemed desirable.

As examples of the first group in which definite results have been obtained, I offer the following brief list:

Material expansion of payment of employees by check rather than cash.

Establishment of a "Central Mimeograph Service" for offices in City Hall and City Hall Annex.

Creation of a "Complaints and Information Centre" at City Hall.

Discontinuance of the operation of the Aquarium at South Boston.

Establishment of an inventory of typewriters and office machines in city and county departments.

Transfer of departmental surplus property to Purchasing Agent for allocation to other departments.

Establishment of a "Central Depot for Office Supplies" under the supervision of the Purchasing Agent.

Limitation of number of charity drives to which employees will be requested to contribute.

Closing of the Out-Patient Department at City Hospital on Saturday mornings during summer months.

As examples of studies which are still continuing, the following may be cited:

Establishment of a "Central License Bureau."

Consolidation of the printing facilities at the Boston Public Library with the City Printing Plant.

Creation of a "Health Council" to serve in an advisory capacity to the Health Commissioner on matters relating to the health of the community.

Feasibility of establishing a "Central Mailing Unit" in the Hall and Annex.

Conduct of spot checks on quality and quantity of supplies and materials received in city departments to ascertain whether or not they comply with specifications.

Establishment of more effective controls over sick-leave allowances to employees.

OTHER SURVEYS.

In addition to these studies, the Board has authorized the Director to employ the services of consultants in conducting the following surveys:

Fire Department organization.

Staffing requirements of city departments.

Operations of the City Printing Plant. Installation of a Performance or Program Budget.

Standardization of departmental forms. Establishment of standard specifications for all materials and supplies purchased in substantial quantities by city departments.

I feel it will be of interest to you to discuss briefly one of these surveys—Installation of a Performance or Program Budget.

Since 1916 the city has used the group-item type of budget in which appropriations have been segregated under seven major expenditure groups by items or objects of expenditure, such as office supplies and materials, communications, repairs and servicing of equipment, transportation of persons, automotive equipment, library books, and so on. This type of budget, which has been in use for almost 40 years, reflects no relationship between the appropriations listed and the services to be rendered or work to be performed.

In recent years a new concept of budget form for governmental units has been developed, largely through the efforts of the Hoover Commission. This new form has been designated as the "performance" or "program" type, since it indicates what services are to be performed by the various units and what work is to be accomplished. Basically, it shows what the dollar will produce rather than what it will purchase. It focuses attention upon the work program to be followed and the services to be rendered rather than the objects or items to be acquired.

These objects, after all, are only the means to an end. In authorizing funds, the Council should have in mind the things to be done rather than the objects to be bought. Appropriations should be authorized for activities and functions rather than for purchases and payments. A program budget analyzes the work of each governmental agency according to major functions,

activities, or projects. It emphasizes services or output and reveals the important elements of manpower and materials involved in departmental work programs.

PROGRAM LINES FOR BUDGET.

The 1955 budget, on which we are now working, will be prepared along program lines. It will not, however, represent a 100 per cent approach to the new concept. At least another year's work will be necessary before a complete changeover can be accomplished. Full development of a program budget is extremely difficult because it represents a basic departure in long established ways of thinking. Not only must new estimating methods and control techniques be developed, but the minds of everyone concerned must be trained to think in different terms. In the 40 years of budget experience which lie behind us, we have limited our estimates—thinking to items to be paid for rather than to work programs to be accomplished. While the 1955 budget will be only a partial approach toward the new budget form concept, I am certain it will be a more useful and valuable document than those which have preceded it in former years.

Previously, I stated that one of the main objectives of the Reorganization Plan was to free the Mayor of administrative routine so that he could deal more effectively with the larger aspects of the city government. One field in which this has been accomplished is that of personnel. The Mayor no longer is required to scrutinize and review all personnel transactions—such as appointments, transfers, promotions, reinstatements, and changes in title or pay. This responsibility is now vested in the Director of Administrative Services, whose approval is final except when the Mayor orders otherwise in writing.

PERSONNEL MATTERS.

All personnel matters are now reviewed in the first instance by the Supervisor of Personnel, who checks to see that all recommendations submitted by department heads are within the department quota of positions provided in the budget, conform with the city's Classification and Compensation Plan, and have been properly processed with the State Civil Service Commission. With these mechanics cleared, the proposal comes to the Director, who reviews it from several angles, such as, is the appointment necessary; can the position or vacancy be filled by transfer within the city service; if a promotion is involved may the position being vacated by the promotee remain unfilled; if temporary employment for periods of one, three, or six months is involved, is the extra help necessary or can the so-called emergency or seasonal work be performed by regular personnel.

In resolving these questions, the Director may interview the department head or assign a member of his staff of budget analysts to conduct a field investigation. It may be of interest to you to know that the number of employees on city payrolls as of November 1 was 338 less than at the beginning of the year. This represents a reduction of 2 per cent in total personnel in ten months. While at first glance this may appear small, nevertheless, if this rate can be consistently maintained, it will mean, in the long run, a substantial reduction in personnel costs.

Of necessity, this has been a rather brief and sketchy summary of the reor-

ganization process. I trust, however, that my remarks have supported and upheld the Mayor's original statement that progress has been made in Boston's municipal government.

MAYOR ADVOCATES HOME RULE FOR CITIES AND TOWNS.

(Continued from page 1533.)

of a more descriptive term, referred to as "housekeeping matters."

I do not subscribe to any concept which pretends to give to local governments power and responsibilities which would allow such units of government to set up their own code of laws or regulations in those activities or fields which extend beyond local boundary lines, such as utility regulations, banking regulations, motor vehicle regulations, or laws affecting property rights in general. Just as interstate commerce regulations govern trade between states and take those regulations out of state control, so too should certain activities be out of the control of local governments when certain activities are state-wide in character.

So, my support of home rule legislation does not embrace the philosophy that each local unit of government within the state has a sovereign right to do as it pleases without regard to the rights of all the people in the state and the rights of the separate units of government in the state. This would be the case in the fullest meaning of home rule and would necessitate constitutional amendments even were it desirable or possible.

This is not the kind of home rule which I favor, for it would result in chaos rather than good order. To me, home rule signifies two things:

1. To obtain broad legislative authority to do, in a given city or town, that which in the considered opinion of duly elected city or town officials seems to be desirable and necessary. For example, in Boston authority should be vested in the local government to write its own zoning law and to amend that law as changing times require.

2. The imposition of legislative mandates upon cities and towns within voluntary acceptance either before or after such law is enacted. For example, laws which result in the expenditure of monies by local units without providing a means of financing such expenditures.

Under this latter classification also comes that type of legislation which establishes a salary scale for any individual or group; legislation which exempts certain parcels of land in a city or town for use as a parking area; or legislation which exempts a certain parcel of land in a city or town from use as a site for an incinerator or some such purpose deemed necessary by local officials.

In short, there are certain matters strictly of local interest and concern which should not be part of the heavy burden of legislation which comes before the General Court each year. It seems to me there is an area of official responsibility exclusively that of local authorities. Our objective is to define that area as well as possible.

It might well be that a recess survey study should be made of this whole question of home rule, so that the entire matter with all its complexities be given thorough consideration and examination.

MAYOR SUBMITS PLANS FOR NEW PREMATURE UNIT AT CITY HOSPITAL.

(Continued from page 1533.)

1. A little over a year ago plans for the construction of a new Premature Unit on the roof of the Pediatric Building were prepared and a contract awarded. Further studies by our Staff indicated that the new Premature Unit could be more advantageously built in the Maternity Building. Plans for the work to be done in the proposed unit in the Maternity Building are under way, and the original contractor has been engaged to do this work. It is believed the unit will be in service within a few months.

2. Upon completion, the new Premature Unit will be one of the most modern units in this part of the country. It will compare more than favorably with similar units in any other institution. All the requirements and standards recommended by the Federal Public Health Service and the Massachusetts Department of Public Health and Hospital Licensure will be followed in the construction of this unit.

3. The Boston City Hospital budget is made out annually in accordance with forms prescribed by the Budget Division of the Department of Administrative Services, formerly by the office of the Budget Commissioner. The breakdown of the budget does not fall into the categories contained in Question No. 3, and it is not possible to answer this question in the precise form in which it is put. We believe, however, the following summaries from the budgets for the years indicated will give the financial picture as to the subjects about which inquiry is made, as far as it is possible from the records available.

There are three main departments at the hospital caring for "Prenatal Maternity," "Nursery," and "Premature Babies."

These departments are the Obstetrical Service, the Pediatric Service, and the Out-Patient Department. Prenatal Maternity we assume refers to prenatal care—the care of pregnant mothers before delivery. This is provided for both in the Maternity Service and in the Out-Patient Department. The care of well, full-term babies after birth is exclusively in the Maternity Building. Care of premature babies up until July 15, 1954, was handled exclusively in the Pediatric Building. Since that date, it has been handled exclusively in the Maternity Building which, as pointed out in the answer to Question No. 1, is the plan for the future. There is one qualification to this system—premature babies delivered outside of the Obstetrical Service will, as required by law, be handled in the Isolation Unit separate from the Maternity Building in the Pediatric Building.

The Boston City Hospital budget in accordance with the prescribed forms does not carry separate categories for the separate services. The particular services to which we believe Question No. 3 refers have their charges grouped with other ward buildings and services and their expenses prorated as a whole under professional care of patients. It is not practical on available records to break down these large items into the categories contained in Question No. 3. Each

year department heads are asked to submit budget recommendations, but these recommendations are invariably limited to special items of additional personnel, supplies or equipment that will require increases in the general budget.

For the year 1952, the Out-Patient Department, Prenatal and Gynecological Clinics expended for equipment and special supplies, not issued routinely from the storerooms, \$601.80; the Milk Laboratory, Children's Building, Pediatric Department, \$7,243.56; and the Maternity Department, \$4,442.92. This is a total of \$12,288.28. The RH Laboratory, whose activities are intimately connected with the service referred to, had in a similar category, \$1,577.74, making a total of \$13,865.62.

All of the above amounts were in the regular budget and did not involve any supplementary budget or transfer.

These figures for 1953 are as follows: Out-Patient Department, \$684.30; Pediatric, \$4,966.53; Maternity, \$10,560.07; RH Laboratory, \$2,443.45; making a total of \$18,654.35.

All of the above amounts were in the regular budget and did not involve any supplementary budget or transfer.

In addition to the foregoing, the Pediatric Department had special appropriations, 1-2611, as follows:

In the 1951 budget, \$60,000 toward the addition of a Premature Unit in the Children's Building.

In 1952, \$30,000 by transfer from other items within the hospital appropriation.

To this was added \$40,000 during 1954 pending receipt of federal funds, per arrangement with Mr. Joseph Lally, City Auditor.

Out of the above amount \$8,750 has been paid for architectural services and an additional amount of \$12,500 has been encumbered for this purpose. It should be pointed out that the amounts appropriated for the years 1952, 1953, and 1954 for equipment and special supplies, not issued routinely through the storerooms as listed above, give no indication whatever of the total amount expended for the Pediatric Department, Maternity Department or prenatal functions of the Out-Patient Department.

A close estimate can be made of the cost of these services on the basis of the cost per patient visit and the cost per board day as established for those particular years. These figures could be furnished within a week if desired.

IMPORTANCE OF FOOD-BORNE DISEASE.

The relationship of food to disease continues to be an important public health program. The United States Public Health Service reported 327 outbreaks of food-borne disease in the United States in 1948, which resulted in 9,962 cases and 17 deaths. As only one out of ten cases of food-borne disease is ever reported, the resulting situation is far more important than available statistics would indicate.

The United States Public Health Service reports that there occurred in the United States in 1948, 30 cases and 6 deaths resulting from botulism; 74 cases and 1 death resulting from chemical food poisoning; 120 cases of dysentery; 8,832 cases and 7 deaths resulting from food infection and gastroenteritis; 270 cases of scarlet fever.

—Health Department Report.

CIRCULAR LETTER NO. 31.

OFFICE OF THE MAYOR,
City Hall, Boston, December 10, 1954.

To the Heads of All City Departments.

GENTLEMEN:

The following rules relative to the regular service, the overtime service, the sick leave, the military leave and the vacation leave of employees of the City of Boston are hereby promulgated, to supersede, effective January 1, 1955, the rules and regulations promulgated in Circular Letter No. 26 of August 5, 1952, as amended by the Mayor on January 20, 1953; but insofar as the provisions of the following rules are the same as those of the rules and regulations superseded, they shall be construed as a continuation thereof and not as new enactments.

REGULAR AND OVERTIME SERVICE.

RULE OT-1. The service (hereinafter called regular service) of all employees of the City of Boston shall be restricted to five days in any one week, and eight hours in any one day, and said eight hours shall be arranged to fall within a period of not exceeding nine consecutive hours; provided, however, that service in excess of the days and hours aforesaid may be authorized by the person whose duty it is to employ, direct or control the employees.

RULE OT-2. Any day or portion thereof constituting part of the employee's vacation, military or sick leave shall be included in computing the employee's regular service. Meal periods actually taken shall not be included in computing either regular or overtime service. The word "week," as used in these rules, shall be construed to mean any period beginning with a Wednesday and ending with the following Tuesday.

RULE OT-3. In any department (or division thereof) which regularly operates on Sunday, the first eight hours of authorized overtime service rendered on any day other than days constituting part of the employee's regular service shall be compensated for on a straight time basis, and all other authorized overtime service shall be compensated for on a time and one half basis.

In any department (or division thereof) which does not regularly operate on Sunday, the first eight hours of authorized overtime service rendered on any day other than Sunday and other than days constituting part of the employee's regular service shall be compensated for on a straight time basis, and all other authorized overtime service shall be compensated for on a time and one half basis.

RULE OT-4. If, in the course of his regular service, an employee is required to work on a legal holiday, he shall be given an additional day off or, if such additional day off cannot be given by reason of a personnel shortage or other cause, he shall be entitled to an additional day's pay on a straight time basis. An employee who, through a rotation of shifts, works different days in successive weeks shall be granted, in each year in which the number of holidays falling on his regular days off is in excess of the number of holidays in such year falling on Saturday, additional days off equal to the excess.

RULE OT-5. Rules OT-1 to OT-4, inclusive, shall not apply to policemen, fire fighters, incumbents of offices specifically established by or under the authority of any general law or special act, under-

graduate nurses or interns or other resident physicians or surgeons engaged in any capacity in postgraduate training in the Hospital Department, student attendant nurses or assistant resident physicians or assistant resident surgeons in the Long Island Hospital Division of the Hospital Department, persons on the payrolls of the Fire Alarm Division of the Fire Department, or any person who is compensated for his regular services on an annual salary basis of \$4,000 or more, or on a weekly salary basis of \$77 or more.

RULE OT-6. If the appointing authority, with the written approval of the Mayor, determines that the position held by any person who is excluded by Rule OT-5 from the operation of Rules OT-1 to OT-4, inclusive, solely because he is compensated for his regular services on an annual salary basis of \$4,000 or more, or on a weekly salary basis of \$77 or more, is such as to warrant compensation for overtime, said person shall be compensated for overtime service on the basis set forth in Rules OT-3 and OT-4 but in no event at an overtime rate in excess of three dollars (\$3.00) per hour. Anything in this rule to the contrary notwithstanding, no person whose salary is fixed by statute or ordinance shall, under any circumstances, be compensated for overtime service.

SICK LEAVE.

RULE SL-1. Every employee of the City of Boston (including every provisional and temporary employee) who has completed six months of continuous service shall, subject to Rule SL-2, be granted leave, without loss of pay, for absence caused by illness (which term, as here used, shall not be construed to include pregnancy) or by injury or exposure to contagious disease or by the serious illness or death of a member of the employee's family; provided, however, that, except when accumulated as hereinafter provided, such leave shall not aggregate more than fifteen working days in any year. Such leave not used in the year in which it accrues, together with any accumulated sick leave standing to the employee's credit at the close of business on December 31, 1954, under Circular Letter No. 26 of August 5, 1952, may be accumulated for use in a subsequent year. Such leave not used prior to the termination of an employee's service shall lapse; and the employee shall not be entitled to any compensation in lieu thereof. The sick leave provided by this executive order shall be in the alternative for, and not in addition to, the sick leave provided by Section 111B of Chapter 41 of the General Laws.

RULE SL-2. No employee shall be entitled to leave without loss of pay for any period of absence caused by illness, injury or exposure to contagious disease or by the serious illness or death of a member of the employee's family, nor shall an appointing authority permit payment for any such period of absence, unless (a) the employee has notified his immediate supervisor of his absence and the cause thereof before the expiration of the first hour of absence or as soon thereafter as practicable, (b) on, or within four weeks after, the last day of each payroll week in which any such period of absence occurs, the employee or, in the case of his incapacity evidenced by a physician's certificate attached or in the case of his death, a person acting in his behalf, has in writing on a form furnished by the Supervisor of Personnel

requested leave without loss of pay for such period of absence, and (c) the appointing authority has approved such request. For periods of absence for five consecutive working days or more, the appointing authority may require as a condition precedent to his approval of such request evidence in the form of a physician's certificate for the necessity of such absence, or, if the cause of the absence is such as not to require the services of a physician, a written statement, signed by the employee, setting forth the reason for the absence.

RULE SL-3. The Medical Advisor to the Workmen's Compensation Agent will examine any employee absent for sickness or other cause when, in the opinion of the appointing authority, such examination is desirable. Requests for such examination should be made directly to the Medical Advisor by the appointing authority.

RULE SL-4. Rules SL-1 to SL-3, inclusive, shall not apply to fire fighters or policemen.

MILITARY LEAVE.

RULE ML-1. Every employee of the City of Boston who is a member of the armed forces of the Commonwealth of Massachusetts (*i.e.*, the active national guard, army and air, and the inactive national guard, army and air) shall be granted, in accordance with Section 59 of Chapter 33 of the General Laws, leave of absence, without loss of pay, during the time of his service under Sections 38, 40, 41, 42 and 60 of said Chapter 33.

RULE ML-2. Every employee of the City of Boston who is a member of a reserve component of the armed forces of the United States shall be granted, in accordance with Section 59 of Chapter 33 of the General Laws, leave of absence, without loss of pay, during the time of his annual tour of duty as a member of such reserve component; provided, however, that such leave shall not exceed fifteen days.

RULE ML-3. Every employee of the City of Boston who is a veteran, as defined in Section 21 of Chapter 31 of the General Laws, shall be granted, without loss of pay, such leave of absence as his appointing authority shall deem proper to permit him to attend, as a pall bearer, escort, bugler or member of a firing squad or color detail, the funeral or memorial services of a veteran, as so defined, or of any person dying under other than dishonorable circumstances while serving in the Army, Navy, Coast Guard or Marine Corps of the United States in time of war or insurrection. [Compare Section 111C of Chapter 41 of the General Laws.]

VACATION LEAVE.

RULE VL-1. Every permanent Civil Service employee as well as every person classified as a common laborer, skilled laborer, mechanic or craftsman shall be granted a two weeks' vacation during each calendar year if he has actually worked for the City of Boston for thirty weeks in the aggregate during the twelve months preceding June first in such year. The vacation leave provided by this rule shall be deemed to be the vacation leave required by Section 111 of Chapter 41 of the General Laws and not in addition thereto. Provisional or temporary employees, except those classified as laborers, mechanics or craftsmen, have no statutory vacation rights.

RULE VL-2. An appointing authority may grant, during any calendar year, additional vacations as follows:

To employees who prior to June first in such year have completed ten, but less than twenty, years of service, one week in addition to the vacation required by law.

To employees who prior to June first in such year have completed twenty or more years of service, two weeks in addition to the vacation required by law.

Service with the Commonwealth of Massachusetts in a position within the labor or classified civil service, and also service with the County of Suffolk, shall be included in computing length of service for the purposes of this rule.

RULE VL-3. The appointing authority may grant during any calendar year a one week's vacation to any employee of the City of Boston who for any reason has no statutory vacation rights during such year; provided, that on June first of such year each employee has been continuously in active service for at least five months.

RULE VL-4. An employee may secure the benefit of Rules VL-2 and VL-3 only during active service; and no rights under either Rule VL-2 or Rule VL-3 shall accrue to an employee in the event of the termination of his employment before the vacation therein authorized has been actually taken.

RULE VL-5. If the employment of any person entitled to a vacation under Rule VL-1 is terminated during a calendar year by dismissal through no fault or delinquency on the employee's part or by resignation, retirement or death, without the employee having been granted such vacation, the employee, or in case of his death, his estate, shall be paid as provided by law an amount in lieu of such vacation; provided, that no monetary or other allowance has already been made therefor; and provided, further, if the employment is terminated before June first, that the employee has actually worked for the City of Boston for thirty weeks in the aggregate since May thirty-first in the preceding year.

RULE VL-6. Every vacation shall be taken at such time as, in the opinion of the appointing authority, will cause the least interference with the regular work of the department. Under neither the statute nor this executive order can vacation leave be accumulated beyond the end of a calendar year.

RULE VL-7. Rules VL-1 to VL-6, inclusive, shall not apply to fire fighters or policemen.

VACATION LEAVE FOR FIRE FIGHTERS.

RULE VLF-1. Every fire fighter of the City of Boston, whether temporary, provisional or permanent, shall be granted a two weeks' vacation during each employment year. The vacation leave provided by this rule shall be deemed to be the vacation leave required by Section 111A of Chapter 41 of the General Laws and not in addition thereto.

RULE VLF-2. The Fire Commissioner may grant, during an employment year, additional vacation as follows:

To a fire fighter who prior to such employment year has completed ten, but less than twenty, years of service, one week in addition to the vacation required by law.

To a fire fighter who prior to such employment year has completed twenty

or more years of service, two weeks in addition to the vacation required by law.

A fire fighter may secure the benefit of this rule only during active service; and no rights under this rule shall accrue to a fire fighter in the event of the termination of his employment before the vacation herein authorized has been actually taken.

RULE VLF-3. If the employment of any fire fighter entitled to a vacation under Rule VLF-1 is terminated during his employment year through no fault or delinquency on his part or by resignation, retirement or death, without his having been granted such vacation, he, or in case of his death, his estate, shall be paid as provided by law an amount in lieu of such vacation; provided, that no monetary or other allowance has already been made therefor.

RULE VLF-4. The term "employment year", as used in Rules VLF-1 to VLF-5, inclusive, shall be construed as meaning a year commencing from the date of a fire fighter's appointment or an annual anniversary of such date. The employment year of each fire fighter shall be separately determined.

RULE VLF-5. Every vacation shall be taken at such time as, in the opinion of the Fire Commissioner, will cause the least interference with the regular work of the Fire Department. Under neither the statute nor this executive order can vacation leave be accumulated by any fire fighter beyond the end of his employment year.

GENERAL RULES.

RULE GR-1. Every appointing authority shall make on every payroll subscribed by him a suitable notation in the "Remarks" column in every case where payment is being made for any period (other than a legal holiday) during which the employee performed no services.

RULE GR-2. Every appointing authority, before permitting payment for a period of absence caused by illness, injury or exposure to contagious disease or by the serious illness or death of a member of the employee's family, shall file with the City Auditor a request for leave without loss of pay for such period made and approved under Rule SL-2.

RULE GR-3. Whenever any officer or employee or former officer or employee of the City dies, and the City owes his estate any sum or sums by reason of services rendered by him or by reason of Section 111E or Section 111F of Chapter 41 of the General Laws or other similar general or special law or by reason of other terms of his employment, the aggregate amount of which does not exceed five hundred dollars, and neither a duly appointed executor or administrator nor a voluntary administrator (see Section 16 of Chapter 195 of the General Laws) has made written demand for payment upon the Collector-Treasurer and the Collector-Treasurer shall not otherwise have actual notice that proceedings relative to the formal or informal settlement of such estate have been commenced in a Probate Court, such sum or sums may, in the discretion of the Collector-Treasurer, be paid after the expiration of one month from the death of such officer or employee to the husband, widow or next of kin of such officer or employee. [See Chapter 1111 of Chapter 41 of the General Laws.]

Respectfully,

JOHN B. HYNES,
Mayor of Boston.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon December 6 the Mayor approved a contract with contractors as indicated in the following letter:

BOSTON, December 2, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement inserted in the *City Record* of November 20, 1954, proposals for furnishing and delivering two passenger cars to the Department of School Buildings, 26 Norman street, Boston, Mass., were received and publicly opened and read aloud on December 1, 1954:

The attached schedule is a summary of the proposals received. Based on this schedule I am awarding, subject to your Honor's approval, as follows:

To Thompson Buick Company, 1790 Centre street, West Roxbury, Mass.: Item 1, one new 1955 Buick, Model 52, \$3,500, less federal tax, \$224.45, net price, \$3,275.55.

NOTE.—In submitting their proposal Thompson Buick Company neglected to deduct federal tax from delivery price. After talking with Thompson Buick Company they have notified us in writing that federal tax of \$224.45 should be deducted from their delivery price of \$3,500, making delivery price \$3,275.55.

To Bowers Motor Sales, Inc., 415 Hyde Park avenue, Roslindale, Mass.: Item 2, one new 1955 Ford Mainline, Tudor, 8-cylinder, \$2,000.

Respectfully yours,

JAMES H. MOONEY,

Superintendent of Construction.

Bids were as follows:

Item 1. One New 1955 Buick Sedan, 4-Door Model, to Conform with Price Class and General Specifications of Model 52, Including Dynaflo and Power Steering, Color, Black.—Thompson Buick Company, \$3,500; Bowers Motor Sales, Inc., no bid.

NOTE.—Buick price subject to federal tax deduction of \$224.45, see letter of award.

Item 2. One New 1955 Ford Mainline, Tudor, 8-Cylinder, 162 Horsepower, Color, Black; Equipment, Standard, with Oil Filter, PA Wiper, Oil Bath Air Cleaner,

Magic Air Heater and Underseal; Also Directional Lights.—Thompson Buick Company, no bid; Bowers Motor Sales, Inc., gross price, \$2,101, less trade-in, \$101, net price \$2,000 (tax already deducted).

PARKS AND RECREATION DEPARTMENT.

Upon December 14 the Mayor approved a contract with Sylvester A. Ray for subsoiling and concrete liners at Fairview Cemetery, Hyde Park. Bids, opened Friday, December 10, were as follows:

Sylvester A. Ray, \$2,718.50; John J. Botti, \$3,648.50; Joseph P. McCabe, \$3,996.80; D. F. Frangioso, \$4,148.50; M. Solimando, \$4,338.50; James A. Freaney, \$5,055.

Upon December 14 the Mayor approved a contract with M. Solimando for re-roofing of Locker Building, William F. Smith Playground, Brighton. Bids, opened Friday, December 10, were as follows:

M. Solimando, \$1,744; Faneuil Construction Company, \$2,385; John F. Shea, \$2,650; Burgess & Blacher Company, no bid.

PUBLIC WORKS DEPARTMENT.

Upon December 10 the Mayor approved a contract with C. Juistino, Inc., for furnishing steel pipe and laying steel and cast-iron water pipes across Long Island Bridge, from Moon Island to Long Island, Boston Harbor, at an estimated cost of \$56,030. The work to be done under this contract is to be completed March 31, 1955. The following bids were received November 23:

C. Juistino, Inc., \$56,030; Rev-Lyn Contracting Company, \$57,250; J. M. McCusker Company, \$64,842; George M. Byrne, \$65,534; E. DiCenso Construction Company, \$67,450; Walsh Company, Inc., \$73,855; J. W. Praught Company, \$79,250.

SCHOOL COMMITTEE.

The School Committee has approved a proposal for furnishing upright pianos for Boston public schools. Bid, opened Tuesday, October 26, was awarded to the only bidder, as follows:

Norris & Co., \$3,870.

The School Committee has approved proposals for furnishing sound motion picture projectors, film-slide projectors and screens for Boston public schools. Bids, opened Tuesday, November 2, were received from the following concerns:

Eastman Kodak Stores, Inc., H. B. Motion Picture Service, Massachusetts Motion Picture Service, Metropolitan Photo Supply, Metropolitan Theatre Supply, New England Film Service, Inc., Visual Curriculum Center of New England.

Awards were made to the lowest responsible bidders, as follows:

Eastman Kodak Stores, Inc., \$2,110.85. New England Film Service, Inc., \$1,980.

If surface barrier slopes along parkways and highways are planted with deep turf and dense vines or bushes and trees, the sounds from traffic will be reduced from 45 to 60 per cent, the United States Bureau of Roads points out. Trees and shrubs, especially the evergreens, curb the noise on highways by absorbing the sound and disintegrating it. The evergreens, it is said, dispel echoes and aid in making sound-proof highways.

CONTRACTS AWARDED WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, etc., for furnishing labor and supplies. Communications from the heads of departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT. *Purchasing Division.*

Boston, December 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

A requisition has been received in this office from the Boston City Hospital for twenty-five (25) dozen adult terry cloth bathrobes.

International Bath Robe Company of New York City who has previously furnished these bathrobes to the City Hospital has submitted an informal written quotation. In the past, these bathrobes have been most satisfactory for use by the City Hospital. Owing to this fact, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to International Bath Robe Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,125, less 1 per cent discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, October 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On August 20, 1954, your Honor approved an unadvertised contract in the amount of \$6,551 between the City of Boston, Department of School Buildings, and Brendan F. Sullivan, 24 Cambria street, Boston, Mass., for various alterations to the High School of Commerce Building, now the English High School.

The work covered by the subject contract has progressed satisfactorily, approximately one half of the work having been completed up to this time.

After some consultation and deliberation it has been concluded by this department that it would be most advisable to have other alterations and renewals work performed by this contractor over and above the alterations presently included in the contract.

The additional work needs to be done and will still more improve the building areas and appointments where the work is now being carried on.

The cost of the additional repairs and replacements will not exceed \$4,350 and the contractor proposes to do the additional work under the same terms and conditions as set forth in the original contract.

Therefore, your authorization is respectfully requested to dispense with public advertising and to amend the \$6,551 contract with Brendan F. Sullivan, to cover the additional work, as well as to increase the contract amount in a sum not to exceed \$4,350 to pay for the cost of the additional work at the High School of Commerce Building, now known as English High School.

In view of the fact that we are desirous of having all the subject work

completed as promptly and as efficiently as possible and as the contractor has functioned in a highly capable manner to date, it is felt that public advertising would be of no advantage to the City of Boston.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

HOSPITAL DEPARTMENT.

Boston, December 3, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At a meeting of the Board of Trustees on December 3, Mr. Thomas McDonough, architect, and Mr. M. Solimando, contractor, appeared and agreed to waive all rights under the old contract for building a premature unit at the Boston City Hospital.

The trustees voted to recommend to you that Mr. McDonough proceed with the plans for the unit to be built in the Maternity Building and that Mr. Solimando be given a contract for construction of the building without competitive bidding.

Your permission is respectfully requested to proceed in this manner.

Respectfully yours,

RICHARD J. CONDON,
President, Board of Trustees.

PARKS AND RECREATION DEPARTMENT.

Boston, December 6, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

For the past few years the City of Boston, acting through its Board of Park Commissioners, has granted a concession privilege for the operation of a men's massage room at L Street Bathhouse to William H. Baldwin of 139 N street, South Boston, for which he pays the sum of \$100 per year. The present three-year agreement terminates on December 31, 1954.

Under the terms of the agreement the city rents to Mr. Baldwin a small room in the men's L Street Bathhouse where he conducts his business. He supplies all his equipment and furnishings and he has made necessary interior changes in the room, including all plumbing, installation of plumbing fixtures, etc., at his own expense, and he pays for electricity used in connection with his business. The business is operated in full compliance with all rules of health authorities as required in this type of work.

Mr. Baldwin experienced some difficulty in building up a business at this location and he feels, now that it is established, he can render outstanding service to patrons of the L Street Bathhouse.

Accordingly, I respectfully request your approval to award another three-year license to Mr. William H. Baldwin for rental of room in the L Street Bathhouse for the operation of a men's massage room, beginning January 1, 1955, and terminating on December 31, 1957, at the rate of \$100 per year during the term of the license.

Respectfully yours,

FRANK R. KELLEY,
Commissioner.

Boston, December 6, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of October 20, 1954, your Honor approved a letter authorizing us, because of emergency conditions, to dispense with publicly advertising for bids and to enter into a contract with R. G. Mearn Company, Inc., for furnishing bulldozers on our dumps where the hurricane debris is being deposited.

Subsequently, realizing the terrific amount of trees, stumps, and other debris still to be disposed of, we believed our most economical approach to the matter was to purchase and operate our own bulldozers. This we are in the process of doing but cannot obtain delivery until late this month at best.

In the meantime, we must have at least one bulldozer working in order to keep these dumps open. Because of this continued emergency we will require the services of this machine until about December 31. The contractor we have hired the bulldozer from is R. G. Mearn Company, Inc., 363 Albany street, Boston, and who gave satisfactory service.

In view of the above, we respectfully request your authorization to dispense with publicly advertising for bids and to enter into a contract with R. G. Mearn Company, Inc., 363 Albany street, Boston, Mass., for furnishing bulldozer in connection with the disposal of hurricane debris at the established rate of \$15 an hour, for a total sum not to exceed \$3,000, to be charged to "Hurricane Emergency, 6-52-51."

Respectfully yours,

FRANK R. KELLEY,
Commissioner.

REAL PROPERTY DEPARTMENT.

Buildings Division.

Boston, December 9, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department extended invitations to several reputable painting concerns to submit bids for painting work in the Auditing Department and suite of offices of the City Clerk in City Hall.

Bids were received from three painting contractors with the following result:

John M. Kennedy Company, Inc., 127 West Brookline street, Boston, \$2,300.

Joseph G. Gazzola, 3 Fruit and Produce Exchange, Boston, \$2,460.

John S. Leonard, 387 Bowdoin street, Boston, \$2,590.

As time is an important factor in this situation, and, in my opinion, nothing could be gained by publicly advertising as the low bidder's estimate is a very fair one, I respectfully request that permission be granted to award a contract to the John M. Kennedy Company, Inc., of 127 West Brookline street, Boston, in the sum of twenty-three hundred (2,300) dollars.

Respectfully,

GEORGE P. DONOVAN,
Assistant Commissioner.

WELFARE DEPARTMENT.

Boston, December 6, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

The date of delivery of the replacements and the new machine cannot be stated definitely, at this time, but the tentative delivery dates as set forth are the dates upon which the I. B. M. Corporation proposes to make delivery.

The total cost for the year 1955, including the replacements and new machine, is estimated not to be in excess of \$32,130.

This equipment can only be obtained from the International Business Machines Corporation. No advantage would be gained by a public advertisement for bids.

Very truly yours,

WILLIAM G. O'HARE,
Secretary.

SUFFOLK COUNTY.

MUNICIPAL COURT OF BOSTON.
(For Civil Business.)

Boston, December 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with the provisions of chapter 216 of the Acts of 1950 and chapter 182 of the Acts of 1951, I respectfully request permission to award a contract for docket books to Henry Rosnosky, 16 Lincoln street, Boston, Mass., without advertising, for the calendar year 1955.

Mr. Rosnosky has furnished books of this type in the past and is familiar with the requirements of this court.

Work to be done includes furnishing 40 docket books, ruled, printed, numbered from 400,000 through 439,999, inclusive, and bound singly as necessary in gray canvas with red leather corners. Unit price is fifty-three \$2-100 dollars (\$53.82) per volume, or a total of two thousand one hundred fifty-two \$2-100 dollars (\$2,152.80).

Respectfully yours,

JOHN E. HURLEY,
Clerk of the Court.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Fred Williams, Inc., for heating and ventilating work at the High School of Commerce, from October 4, 1951, to November 5, 1954. This extension was requested because of a delay in obtaining necessary material to complete work.

Approval has been given for an extension of time for the completion of the contract with R & F Painting Company for interior and exterior painting at the Frederic A. Whitney School, from October 30, 1954, to January 31, 1955. This extension was requested because of a delay in obtaining labor.

Approval has been given for an extension of time for the completion of the contract with Burgess & Blacher Company for roofing and metal work at the William B. Rogers School, from November 10, 1954, to February 28, 1955. This extension was requested because work was delayed on account of emergency work due to hurricane.

PARKS AND RECREATION DEPARTMENT.

John McCourt Company has been granted an extension of time until June 1, 1955, for the completion of the contract for construction of asphalt walks and drainage at the Public Garden.

PENAL INSTITUTIONS DEPARTMENT.

Whereas, The City of Boston, acting by the Penal Institutions Commissioner, entered into an unadvertised \$11,690 contract, executed on September 7, 1954, with the John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, Mass., providing for repairs to various buildings at the House of Correction, Deer Island; and

Whereas, The Contractor on November 8, 1954, made a written request of the Awarding Authority that the time for completion of the contract be extended for an additional sixty (60) days for the reason that the volume of this type of work which they are performing throughout the city, because of the widespread hurricane damage, makes it impossible for the contractor to complete the work within the contract period; and

Whereas, Although a substantial portion of the work yet remains to be completed, nevertheless the repair work on the exterior of the buildings has been carried out to date to a point where the buildings covered by the contract are protected from the onslaughts of the elements; now therefore

The parties hereto hereby mutually agree that the said contract be amended by striking out the words "seventy (70) days" wherever the same may appear in said contract or specifications and the words "one hundred and thirty (130) days" be inserted in place thereof.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with D. Federico Company, 19 Osceola street, Mattapan, Mass., for laying water pipes in Corman road, Derry road, Ruffing street, Safford street, Sherin street, Westminster street, and Woodland road, Ward 18; and Aliano

road and Walnut street, Ward 20; and such additional locations, if any, in Wards 18 and 20, as may be designated by the Commissioner of Public Works. This extension was requested because the Sewer Division is in the street at the present time and the Water Division will be unable to go into the street until the sewer work is completed. Extension is requested until March 31, 1955.

Approval has been given for an extension of time for the completion of the contract with Z & S Construction Company, 35 Leniston street, Roslindale, for laying water pipes in Groveland street, Wards 17 and 18, and such additional locations, if any, in Wards 17 and 18, as may be designated by the Commissioner of Public Works. This extension was requested because the Sewer Division work was not completed in Brownson terrace making it impossible to get into Groveland street in time to complete the work before December 31, 1954. Extension is requested until February 15, 1955.

Approval has been given for an extension of time for the completion of the contract with C. Russo, Inc., for sewerage works in Washington street, West Roxbury, between High View avenue and Grouse street, from November 25, 1954, to January 24, 1955. This extension was requested because the contractor encountered more rock than was anticipated, causing delay in the progress of the work.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 6, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair. Absent, Councillors Ahearn and Hurley.

Mr. Will Davis of the Christian Science Church, Boston, was escorted to the rostrum.

INVOCATION BY MR. WILL DAVIS.

We will unite in a few moments of silent prayer at first, and we will close with the repetition of the Lord's prayer. I would like you to join in, if you will. (A moment of silence.)

Our Father, which art in heaven, hallowed be Thy name, Thy kingdom come, Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive us our debts as we forgive our debtors, and lead us not into temptation but deliver us from evil, for Thine is the kingdom, and the power, and the glory forever. Amen.

The meeting was opened with the salute to the Flag.

AMENDMENT TO COUNTY CLASSIFICATION AND COMPENSATION PLAN.

The following was received:

City of Boston,
Administrative Services Department,
November 29, 1954.

To the City Council,
Gentlemen:

Under General Laws (Ter. Ed.) chapter 35, section 51, as amended, your Honorable Body has referred to me for report an order which, if passed, would amend the Compensation Plan for the Officers and Employees of Suffolk County by changing Correction Officer from the compensation grade now allocated to them, namely, compensation grade 16 with a minimum annual salary of \$3,288.60 and a maximum annual salary of \$3,993.30 to compensation grade 18, with a minimum annual salary of \$3,501.60 and a maximum annual salary of \$4,358.70.

Under date of November 2, 1954, I sent to your Honorable Body a report on your order increasing the compensation grade of Jail Officer from grade 16 to grade 18. In this report I pointed out that the duties of the two positions of Jail Officer and Correction Officer were comparable as to responsibilities and authority and by precedent incumbents of the positions have been paid the same salary. I also pointed out that any change in the compensation grade for the position of Jail Officer or Correction Officer would, of course, disturb the relation-

ship between the salary grades for all positions in the security forces of the two institutions. The existing relationship has been established after careful consideration of the degree of responsibility in the positions involved.

Further, the classified position of Prison Guard, which is established in the Classification Plan covering positions in all counties of the Commonwealth except Suffolk County, is compensated at a salary range providing a minimum of \$3,240 and a maximum of \$3,960 per annum. This salary range is comparable with the range for compensation grade 16 which provides for a minimum of \$3,288.60 and a maximum of \$3,993.30 per annum to which the position of Correction Officer is currently assigned. Prison Guards are assigned to Jails and Houses of Correction in the various counties of the Commonwealth and their duties are comparable to the duties of the Jail Officer and Correction Officer in Suffolk County.

The County Compensation and Classification Plan for the Officers and Employees of Suffolk County has been in existence since 1931 and has not been restudied in its entirety since that date. This office contemplates such a study as soon as it is possible to conduct the project with available man power. In the event such a study indicates the advisability of adjusting the relationship of the various positions indicated in the plan, recommendations will be made to your Honorable Body as a result thereof.

In view of the pending study, it would seem most inappropriate to adjust the plan by singling out any one classification for reassignment to a different compensation grade.

Respectfully,

JOHN A. SULLIVAN,
Supervisor of Personnel.

The report of the Supervisor of Personnel and the order were referred to the Executive Committee.

BOSTON CLERICAL SCHOOL AS A JUNIOR COLLEGE.

The following was received:

City of Boston,
School Committee, December 3, 1954.

To the City Council,
Gentlemen:

On November 29, 1954, the Boston School Committee in meeting assembled considered the following order passed by the City Council on November 22, 1954:

"Ordered, That the City Council suggest the establishment of the Boston Clerical School as a junior college with authority to award the degree of Associate in Arts."

Legislation of this character was obtained in chapter 620 of the Acts of 1948 entitled "An Act Relative to the Establishment of Community Colleges by the Department of Education, to the Provision of Courses of Instruction on Junior College Level by Cities and Towns, and to the Granting of Certain Academic Degrees to Graduates of Such Colleges and Courses."

Under chapter 71, section 75 of the General Laws, as amended "the local school committee may establish a junior college by submitting in writing a plan of such course to the state department of education for its written approval and may thereafter establish and maintain such extended course of instruction on junior college level, and public funds may be appropriated for the purpose."

The members of the Boston School Committee, however, share the opinion expressed by the superintendent, when this matter was considered, that in light of the present financial situation of the School Department of the City of Boston, it would be unwise at this time to embark upon an expansion program of a junior college.

The Boston School Committee wishes to express to the members of the City Council its appreciation for the interest shown by its members in such educational matters as expressed in your order of November 22, 1954.

Very truly yours,

AGNES E. REYNOLDS, Secretary.

Placed on file.

CHANGES IN VOTING PRECINCTS.

The following was received:

City of Boston,
Board of Election Commissioners,
December 6, 1954.

Walter J. Malloy, Esq.,
City Clerk.

Dear Sir:

The following is a vote of the Board of Election Commissioners taken under date of October 1, 1954. "Voted, To decrease the number of precincts in Ward 13, from 16 to 11, and in Ward 16, from 20 to 12."

These changes, which will make a total of 290 precincts in the City of Boston, are set forth in the description accompanying this letter.

The new precinct lines are to become effective for the police list of January 1, 1955.

Very truly yours,

Board of Election Commissioners.

DAVID LASKER, Chairman.

(Annexed hereto are sheets showing the changes in the voting precincts.)

Referred to the Executive Committee.

AUTOMOBILE CLUB OF AMERICA APPEALS TO PUBLIC THROUGH MAYOR HYNES TO ELIMINATE IN SO FAR AS POSSIBLE HOLIDAY ACCIDENTS BY AUTO DRIVERS.

Following is a letter received by the Mayor from the Automobile Club of America, 38 Park Row, New York, New York:

DEAR MAYOR HYNES:

Eight hundred and forty-nine people lost their lives in motor vehicle accidents during last year's Christmas-New Year holiday season—532 over Christmas and 317 over New Year's. A comparable number were killed the year before.

An important cause of this tragic death toll has been the large number of holiday revelers who have persisted in getting behind the wheels of their cars after an excess of alcoholic indulgence at various Yule festivities. It is our belief that anything we can do to prevent people from driving while under the influence of liquor will help to reduce holiday highway fatalities.

Ideally, we would like to see holiday party goers use a bus or taxi to go to and from Christmas and New Year celebrations. Being realists, however, we have learned that this is too much to expect. The next best thing, we feel, is to advocate measures designed to keep homeward-bound celebrators as sober as possible, especially if they plan to drive. To this end we are recommending that such celebrators be sure to make their one-for-the-road drink a cup of strong black coffee. Similarly, we urge American hostesses to speed departing holiday guests with a cup of coffee instead of the usual alcoholic one-for-the-road beverage.

We should appreciate it if you would add your voice to this holiday safety campaign by recommending to motorists in your community that, in the interests of highway safety, they too "make that 'one for the road' coffee."

Thank you for any cooperation you may lend to this campaign.

Sincerely,

W. H. HEINEKE,
Executive Vice-President.

FIRE DEPARTMENT ORDERS.

General Order No. 79.

I. FIRE DEPARTMENT CHAPLAIN.

Rev. John E. Barclay of the Morgan Memorial Church of All Nations, 81 Shawmut avenue, Boston, Mass., has been appointed as Protestant chaplain for the Boston Fire Department, effective at 8 A.M., Wednesday, December 15, 1954.

His office will be at Engine Company 26, 194 Broadway, Boston, Mass. (KENmore 6-1100).

II. RETIREMENT.

The following retirement, in accordance with section 58, chapter 32 of the General Laws, as amended, is hereby announced, to become effective at 8 A.M., Wednesday, December 15, 1954:

Lieut. James G. Boles, Ladder Company 6.

Lieutenant Boles was appointed to the Fire Department, February 1, 1924, and was promoted to the grade of lieutenant, June 16, 1943. He leaves the department with the best wishes of his associates.

III. A. D. T. ASSIGNMENTS.

Company commanders shall add the following signal number to the running cards of the American District Telegraph Company in this department:

Signal 511, Leather Manufacturing Corporation, 1 Fairmount court. (Sprinkler System.) Apparatus to respond: Engine 48, Ladder 28, District Chief 10. Nearest box is 3751.

By order of Fire Commissioner
FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 1,966.

The resignation of Patrolman Bernard C. Doherty, Traffic Division, having been presented, it is hereby accepted, to take effect on Wednesday, December 15, 1954, at 7.45 o'clock A.M., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of building operations, estimated to be six (6) months, parking of vehicles is prohibited in the following streets, effective December 6, 1954:

Arch Street, Boston Proper.

Southeast side, from a point one hundred and sixty (160) feet west of the alley at 88 Arch street to Summer street, 24 hours.

Summer Street, Boston Proper.

Northeast side, from Arch street to the southeast property line of No. 56 Summer street, 24 hours.

Voted, That as urgently required by considerations of public safety and convenience, occasioned by raising steel for the construction of the new addition to the Massachusetts Eye and Ear Infirmary, for a period estimated to be one (1) week, vehicles are excluded from the following street during the hours and on the days indicated below, beginning December 10, 1954:

Fruit Street, Boston Proper.

From Charles street to North Grove street, from 7.30 A.M. to 4.30 P.M. on each weekday except Saturday.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

PUBLIC WORKS DEPARTMENT.

Paving Division.

From 380, Public Works Supplies and Materials, \$4,650, to 260, Repairs and Maintenance of Buildings and Structures, \$1,800, 280, Transportation of Persons, \$50, 290, Miscellaneous Contractual Services, \$2,800.

SUFFOLK COUNTY.

Court House Custodian.

From 260, Repairs and Maintenance of Buildings and Structures, \$10, to 360, Office Supplies and Materials, \$10.

DIAGNOSTIC LABORATORY.

The work of the Boston Diagnostic Laboratory reflects the medical and lay interest in the causes and prevention of tuberculosis, Boston's highest bacterial cause of death and the fourth highest of all causes. With constant and continual immunization for diphtheria, typhoid fever, and whooping cough, and increased use of antibiotics in the treatment of venereal diseases, the annual total examinations for these latter diseases have not increased, while routine sputa examinations for tuberculosis have demanded a major part of the diagnostic services.

CONSTRUCTION OF GARAGE.

Invitation for Proposals for Construction of New Garage, Public Works Department Yard, City of Boston, 315 Western Avenue, Brighton, Massachusetts.

The Commissioner of Public Works of the City of Boston, Room 506 (Contract Office), City Hall Annex, hereinafter referred to as the Awarding Authority, invites sealed proposals for CONSTRUCTION OF NEW GARAGE, PUBLIC WORKS DEPARTMENT YARD, CITY OF BOSTON, 315 WESTERN AVENUE, BRIGHTON, MASS.

Proposals will be received until 2 P.M., Thursday, January 6, 1955, at Room 506, City Hall Annex, Boston, Mass., and they will be publicly opened and read aloud immediately thereafter in the Hearing Room, Room 401, City Hall Annex.

Proposals must be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of FOURTEEN HUNDRED (1,400) DOLLARS shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals filed with the Awarding Authority shall be submitted in sealed envelopes, plainly marked with the title of the work; division of the work for which bid is submitted; subcontractor's name; and subcontractor's business address. All such bids shall be in the possession of the Awarding Authority and delivered or mailed to the general contractor no later than 2 p. m., Monday, January 3, 1955.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amount as specified in the following for the various subbid items of work as listed below, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority:

Painting	\$100
Miscellaneous Steel and Iron	\$250
Roofing and Flashing	\$100
Chain Link Fence	\$150
Plumbing	\$100
Heating	\$150
Electric	\$100

The bid deposit shall be in a separate envelope, plainly marked "Bid Deposit."

Specifications and plans may be obtained on and after 11 A.M., Monday, December 20, 1954, at Room 506, City Hall Annex. There will be a charge of five (5) dollars for each set of plans and specifications taken out.

A performance bond and also a labor and materials or payment bond, each of a surety

company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 per cent of the contract price will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids on any item or items in accordance with the provisions of sections 44A to 44E, inclusive, of chapter 149 of the General Laws, as amended.

GEORGE G. HYLAND,
(Dec. 18.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

CONSTRUCTION OF STEEL DECKING ON TWO DRAWBRIDGES.

Proposals for Redecking the Drawspans of the Congress Street Bridge, Over Fort Point Channel, and the Chelsea Street Bridge, Over Chelsea River, With Steel Mesh Pavement.

The Commissioner of Public Works of the City of Boston, Room 506 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for redecking the drawspan of the Congress Street Bridge, over Fort Point Channel, and the Chelsea Street Bridge, over Chelsea River, with steel mesh pavement. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 506 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Redecking the Drawspans of the Congress Street Bridge, Over Fort Point Channel, and the Chelsea Street Bridge, Over Chelsea River, With Steel Mesh Pavement," and left at Room 506 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, FEBRUARY 17, 1955, with a certified check for TEN THOUSAND FIVE HUNDRED (10,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 506, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Dec. 18.) Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

REPAIRING PUBLIC BOAT LANDING.

Proposals for Repairing, Towing and Mooring the Northern Avenue Bridge Boat Landing.

The Commissioner of Public Works of the City of Boston, Room 506 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing, towing and mooring the Northern Avenue Bridge boat landing. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 506 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairing, Towing and Mooring the Northern Avenue Bridge Boat Landing," and left at Room 506 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, DECEMBER 30, 1954, with a certified check for TWO HUNDRED FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 506, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PROPOSALS FOR FURNISHING 12 2½-INCH FOG NOZZLES FOR THE FIRE DEPARTMENT.

Proposals may be obtained at Room 53, City Hall. At this room the bids will be opened and read Friday, December 24, 1954, at 12 M. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Fog Nozzles." The successful bidder must furnish a faithful performance bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The Purchasing Agent reserves the right to accept or reject any and all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

EMERGENCY SNOW REMOVAL REGULATIONS INSTITUTED BY THE BOSTON TRAFFIC COMMISSION PROVE EFFECTIVE IN AIDING PUBLIC WORKS COMMISSIONER GEORGE G. HYLAND IN MASTERING STORM SITUATION QUICKLY FOR BENEFIT OF CITIZENS COMPELLED TO USE DOWNTOWN STREETS AND BUSINESS DISTRICT—PROMULGATED DECEMBER 15.

CHRISTMAS GREETINGS TO THE CITIZENS OF BOSTON BY HON. JOHN B. HYNES, MAYOR.

On Christmas Day, whatever may be our lot in life, let us rejoice. It is the birthday of the Redeemer. It is the day when the petty and shoddy things of life are seen in their true perspective. It is a day when love of neighbor and love for our less fortunate brethren fills our hearts. How infinitely better, how calm and satisfying life could be if the spirit of Christmas abided with us all through the year, and if we remembered that peace of heart and soul and mind is within our grasp if only we have good will toward our brother man.

To all, I wish a happy, joyous, holy Christmas. May the Babe of Bethlehem, the Prince of Peace, be our Leader, our Guide, and our Hope in all our undertakings, in all our thoughts, in all our actions.

MAYOR JOHN B. HYNES TO ENTERTAIN COMMITTEE FOR ARCHEOLOGICAL INSTITUTE OF AMERICA MEETING WITH BREAKFAST—LEADING AMERICAN SCHOLARS TO BE IN ATTENDANCE.

A Mayor's breakfast will be tendered by the City of Boston on December 29 at 9 A.M. to the Honorary Committee for the 75th Anniversary Meeting of the

The emergency snow removal regulations established by the Boston Traffic Commission were applied by Public Works Commissioner George G. Hyland in the past few days during the snowstorm from which the city is rapidly emerging.

The regulations voted by the Traffic Commission on December 15 are as follows:

Emergency Snow Removal Regulations.

The Boston Traffic Commission at a meeting on December 15 voted to establish rules and regulations applicable to emergency periods occasioned by heavy snowstorms.

An emergency will be considered to exist wherever snow falls during any period of 24 hours or less to a depth of 3 inches or more, inasmuch as such a snowfall constitutes a serious public hazard, impairing transportation, the movement of food and fuel supplies, medical care, fire, health, and police protection, and other vital facilities of the city.

Such an emergency will be identified by the Commissioner of Public Works who shall have caused an announcement thereof to be made by at least two radio stations whose normal operating range covers the city and by whatever other means of publicity are available.

When such an emergency has been declared, it shall be unlawful for any person to park any vehicle in important traffic arteries, or parts thereof, or upon any street upon which there is operated a trackless trolley, motor bus, or streetcar line, except that this regulation shall not apply to passenger vehicles stopped tem-

ARCHAEOLOGICAL INSTITUTE OF AMERICA BREAK-FAST.

(Continued from page 1555.)

Archaeological Institute of America held in conjunction with the American Philological Association. The meeting will be held in Boston from December 28 through 30. Leading American archaeologists and scholars, and several distinguished foreign scholars, will report on far-flung excavations in the Mediterranean, Egypt, and the Near East.

The City of Boston is extending its hospitality to the meeting, which is under the patronage of an Honorary Committee headed by Governor Christian A. Herter and Mayor John B. Hynes. Among the members of the committee are John D. Brown, Boston's Director of Public Celebrations; Dennis C. Haley, Superintendent of Public Schools; the Consuls of Greece and Italy; as well as Philip R. Allen, Arthur Stone Dewing, Edward W. Forbes, Seth T. Gano, Carl T. Keller, Ralph Lowell, A. Winsor Weld, and representatives of educational institutions and museums of Greater Boston.

A festival of films on archaeology has been arranged for the general public, especially students and teachers of Greater Boston schools, under the auspices of the Archaeological Institute of America and the School Committee of the City of Boston. Special exhibitions of ancient art will be on view at the Museum of Fine Arts, Boston, the Fogg Art Museum, and the Houghton Library of Harvard University.

The Archaeological Institute of America was founded in Boston by Harvard's Charles Eliot Norton and other leading New Englanders of that generation. The Institute's membership is open to all professional archaeologists and interested general public. It supports archaeological activities throughout the world and presents lecturers and distinguished archaeologists who report on their discoveries. The Boston society is the second largest in this country.

The Honorary Committee of the Archaeological Institute of America—American Philological Association for the General Meeting and Seventy-Fifth Anniversary of the Archaeological Institute of America comprises the following:

STREET LAYING-OUT IN HYDE PARK.

The Public Improvement Commission has ordered that a public improvement be made, consisting of the laying out and construction of Garfield avenue, Hyde Park district, as a public highway, from Faraday street approximately 115 feet northeasterly, bounded and described as follows:

A highway named Garfield avenue is hereby laid out, from Faraday street approximately 162 feet northeasterly, and ordered constructed.

Said highway and the land, exclusive of trees, shrubs or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by the westerly line of Garfield avenue as hereby laid out, 40 feet; northerly by the northerly line of Garfield avenue as hereby laid out, by four measurements, 10.67 feet on a curve of 6.64 feet radius, 40.05 feet, 9.96 feet on a curve of 6.49 feet radius and 107.99 feet; easterly by the easterly line of Garfield avenue as hereby laid out, 40.04 feet; and southerly by the southerly line of Garfield avenue as hereby laid out, 162.92 feet.

Trees, shrubs or structures standing upon or affixed to the aforesaid land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this commission determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Garfield avenue, Hyde Park district, as a highway, from Faraday street approximately 162 feet northeasterly, under the order of the commission of November 26, 1954, and awards no damages therefor.

Dayton's proposed housing code provides for the establishment of a housing inspection and slum prevention bureau made up of a chief and four inspectors, who, City Planning Director R. A. Flynn says, can inspect 5,000 units a year, completing checks on the city's 20,000 substandard dwellings in five years. Of Dayton's 70,000 dwellings, 40,000, it is said, were built before 1920. Of these, 16,000 date from before the beginning of the century.—*Toledo City Journal*.

PAY INCREASES ALLOWED.

PUBLIC WORKS DEPARTMENT.

Boston, December 9, 1951.

CHARLES J. FOX, Director, Administrative Services Department.

DEAR SIR:

Inadvertently the names of the following employees were omitted from my letter under date of November 15, 1951, requesting the establishment of an increase in the regular rate per hour of employees who operate, during the winter season, the heavy-duty equipment of this department assigned to sanding.

snowplowing, and snow-removal work. This equipment consists of Walter snow-fighters, four-wheel drive trucks, snow-loaders, bulldozers, tractors, wreckers, bucket loaders, and front-end loaders. The names of these men are as follows:

Highway Division.—Carmen J. Panico, Martin Rush, Domenic C. Ricci, Francis A. Desmond, John F. O'Neill, laborers; Joseph V. Vincent, Joseph A. Ciccone, pavers; Bernard Gaffney, motor equipment operator and laborer.

Sewer Division.—Alfred Trask, Donald O'Keefe, Joseph Sardellette, sewer cleaners; Lawrence O'Keefe, Fred Hucksam, Ralph Farrar, catch basin cleaning machine operators; Thomas Byron, laborer; Walter Moran, motor equipment operator and laborer.

Sanitary Division.—John C. Barrett, heavy motor equipment operator and laborer; Joseph F. Mahoney, motor equipment operator and laborer.

I respectfully request your approval in this matter, and recommend that the above-named employees be compensated at the rate of \$1.95 an hour only when performing the duties outlined in the first paragraph of this communication, between November 15, 1954, and March 31, 1955, inclusive. The \$1.85 an hour rate will be paid to employees when operating the so-called Baughman plowing and sanding units.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 13, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair. Absent, Councillors Ahearn and Hurley.

The Reverend Charles W. Havice, Dean of Chapel, Northeastern University, Boston, was escorted to the rostrum.

INVOCATION BY REV. CHARLES W. HAVICE.

Almighty and eternal God, Who art the Father of us all, at all times and in all places, but especially in this Christmas season, do we, with grateful hearts, turn to Thee to acknowledge Thee as the Light of all men, as the Source of our strength, and as the only all-good and all-loving Being. Gracious Father, we live in a troubled world. Wilt Thou bring this world nearer Thy Divine Heart? Wilt Thou bring the light of peace and righteousness to men of good will regardless of their color or their class or their creed?

We pray for our own nation, founded on godly principles, to keep us secure, O God, in our faith in Thee, and for our own city, so rich in its heritage, facing new days of opportunity and progress. Grant that its people within its boundaries may live according to Thy Holy Will and in the gentle spirit of St. Francis.

O God, our Father, may this Christmas season reach out with its joy to the humblest, to the poorest, to the least known amongst us, and to all of us here gathered. May we have many personal and family blessings at this time of the Nativity of our Lord Jesus Christ. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment:

Constable with authority to serve civil process upon filing of bond for the term ending April 30, 1955: Harold Learner, 2045 Commonwealth avenue, Brighton.

Referred to the Committee on Confirmations.

TRAIN STATION AT FOREST HILLS.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the City Planning Board concerning your order of November 15, 1954, relative to studying the advisability of establishing a train station at Forest Hills near the site of the old Forest Hills Station and the Metropolitan Coal Yard, which is soon to be closed.

Respectfully,
J. B. HYNES, Mayor.

The City Planning Board,
December 9, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In answer to your referral of City Council order of November 15, which requested that you have the City Planning Board "study the advisability of establishing a train station at Forest Hills near the site of the old Forest Hills Station and the Metropolitan Coal Yard, which is soon to be closed," I am replying as follows:

The City Planning Board discussed Councillor Hailer's order at some length at its meeting on December 7. An inquiry was directed to the New York, New Haven & Hartford Railroad for certain information, and a copy of the answer to our letter is attached hereto.

The Board is of the opinion that the arguments of the railroad against establishing a station at this point are sound and there is little point in trying to press the matter further.

Very truly yours,
THOMAS F. McDONOUGH, Chairman.

New York, New Haven & Hartford Railroad Co.,
Passenger Traffic Department,
December 6, 1954.

Mr. Thomas E. McCormick,
Director of Planning, Boston, Mass.

Dear Mr. McCormick:

Superintendent Scheibler has referred to me your letter of November 29 with reference to possible establishment of a station at Forest Hills.

Passenger train stops at our former Forest Hills Station were discontinued effective September 28, 1940, due to light patronage. At that time revenue passengers between Forest Hills and Boston averaged less than eight per day.

During recent years we have received one or two individual requests to have our local trains stop at the former Forest Hills Station for the accom-

modation of residents of that area traveling to and from Boston. These suggestions were declined as the location is less than four miles from our Back Bay Station. It would be very uneconomical for the New Haven to transport passengers locally within the city limits of Boston, and we would be competing with the service now provided by the Metropolitan Transit Authority.

Prior to establishment of our Route 128 suburban station on April 26, 1953, several locations, including our former Forest Hills Station, were considered as a site for a metropolitan Boston suburban station. After extensive surveys and careful analysis the Route 128 location was selected as being the most accessible to the suburban area south, west, and north of Boston.

I am sorry we do not have available any statistics which would indicate the potential traffic should our through Boston and New York trains stop at Forest Hills.

In view of the air and highway competition between Boston and New York, we would not be inclined to lengthen the schedules of our through trains by additional station stops in the metropolitan Boston area.

Trusting the foregoing information will be helpful to your Board,

Very truly yours,
C. E. WILLIAMS.

HIGH SPEED MTA SERVICE FROM HYDE PARK STATION.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of November 29, 1954, concerning high speed mass transportation on the roadbed of the New York, New Haven & Hartford Railroad from the Hyde Park Station.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan Transit Authority,
December 10, 1954.

Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

In reply to your letter of December 7 with regard to the Hyde Park high speed mass transportation, the only thing that I can say at the present time is that the Trustees recently made a report to the Legislature in connection with extending rapid transit beyond Harvard square, and it stated they do not recommend such construction under conditions which mean increasing the fixed charges under existing law falling upon the 14 cities and towns. I believe the Hyde Park system comes in the same category as the report.

Very truly yours,
EDWARD DANA, General Manager.

INVESTIGATION OF INCREASE IN FUEL PRICE.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Director of the Division of the Necessaries of Life concerning your order of December 6, 1954, relative to investigating the 60-cent per one hundred gallons fuel price increase.

Respectfully,
J. B. HYNES, Mayor.

Massachusetts Department of Labor and Industries,
Division of Necessaries of Life,
December 10, 1954.

Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

We are in receipt of your communication of December 9 enclosing order of the Boston City Council in the matter of increase in the price of heating oil and have to advise that we are inquiring into this matter.

Very truly yours,
JOHN P. McBRIDE, Director.

STATUS OF PLANS FOR PROPOSED BOSTON COMMON GARAGE.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1954.
To the City Council.
Gentlemen:

With respect to the order adopted by your Honorable Body on November 22, 1954, please be advised that two bills have been submitted to the Legislature which will permit the City of Boston to expend funds for plans for a garage beneath Boston Common, and also to construct the garage through

an Authority. If both of these bills are passed by the Legislature, it will permit, in my opinion, more prompt consideration of the garage than appears possible at the present time.

Respectfully,
A. B. HYNES, Mayor.

RESURFACING EAST AND WEST BROADWAY, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner concerning your order of November 8, 1954, relative to resurfacing East and West Broadway, South Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 7, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of November 8:

"Ordered. That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface East and West Broadway, South Boston, at the earliest possible opportunity."

You may be assured that a survey will be made of the above-referenced sections of Broadway within the next few months, and consideration will be given to including the resurfacing work in the 1955 program.

It is our intention to include the reconstruction of Dorchester street in said program, and it would not be advisable to have both Dorchester street and Broadway under construction at the same time. We will, therefore, coordinate the work so that the reconstruction of Broadway will follow the completion of the project which provides for the reconstruction of Dorchester street.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

RESURFACING DORCHESTER STREET, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner concerning your order of November 8, 1954, relative to resurfacing Dorchester street, South Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 7, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of November 8:

"Ordered. That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Dorchester street, South Boston, at the earliest possible opportunity."

We have the reconstruction of the above-referenced street, from Andrew square to Broadway, included in the Chapter 99 program for 1955. Under this program, the State Department of Public Works pays approximately 50 per cent of the cost of the work out of the State Highway Fund, and the balance is paid by the City of Boston.

It is our intention to provide a so-called double-barreled highway in the above-referenced Dorchester street by constructing a center divisional island 4 feet wide, and reducing the existing sidewalks from their present width of 13 feet to 8 feet. The center divisional island not only has the advantage of separating traffic moving in opposite directions, but it also provides a haven for the safety of pedestrians crossing the street, and makes an ideal area in which to locate the street lights.

The finished Dorchester street will be similar in design to that section of Columbia road that extends from Uphams Corner to Blue Hill avenue, and also to that section of Bennington street, East Boston, that extends from Neptune road to Orient Heights. The design used in reconstructing the latter-referenced streets is modern and up to date, and provides for a maximum of safety not only for motorists, but also for pedestrians.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

LIGHTING CONDITIONS ON LEICESTER STREET, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1951.
To the City Council,
Gentlemen:

I transmit herewith communication from the Public Works Commissioner concerning your order of November 8, 1951, relative to surveying the lighting conditions on Leicester street, Brighton.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 7, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of November 8:

"Ordered, That his Honor the Mayor is hereby requested to direct the Commissioner of Public Works to make a survey of lighting conditions on Leicester street, Brighton, with a view to installing at least one new street light at or near the location of 30 Leicester street."

Arrangements will be made to have a survey of street lighting conditions made on Leicester street, Brighton, and steps will be taken to install whatever additional lights are deemed necessary.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

STREET LIGHT ON RICHMOND STREET, BETWEEN NORTH STREET AND FULTON STREET.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1954.
To the City Council,
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of December 6, 1954, concerning the erecting of a street light on Richmond street, between North street and Fulton street, near 103 Richmond street.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 10, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of December 6:

"Ordered, That the Public Works Commissioner, through his Honor the Mayor, be requested to erect a street light on Richmond street, between North street and Fulton street, near 103 Richmond street."

You may be assured that an immediate survey will be made of the above-referenced area, and arrangements will be made with the Boston Edison Company to install a street light, as requested, if the results of the survey determine that such action is necessary.

I trust, therefore, that this matter will be adjusted satisfactorily.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

TRANSFER OF DUTIES RELATIVE TO STREET NUMBERS FOR BUILDINGS.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1951.
To the City Council,
Gentlemen:

I am in receipt of the attached recommendation from the Director of Administrative Services that the responsibility for determining street numbers on properties throughout the city be transferred from the Public Works Department to the Building Department. I favor this recommendation, since, in view of the fact that street numbering is part and parcel of the identification and location of a specific building or structure, it is only reasonable to assume that the Building Commissioner is vested with this authority, but such is not the case at the present time.

As pointed out in the accompanying letter, considerable inconvenience is caused the public under the present arrangement, and this inconvenience could be obviated and corrected by the adoption of the accompanying ordinance. I respectfully recommend its adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Administrative Services Department,
December 9, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

At the present time the Building Department issues annually more than 2,500 building permits for new structures and major alterations. One of the requirements in connection with the issuance of these permits is that the applicant shall secure from the Public Works Department a certificate as to the street number associated with the property or building involved. This requirement is made necessary because of existing provisions in the city ordinances, placing the responsibility for establishing and regulating street numbers for buildings in the city with the Public Works Commissioner.

Since the office of the Building Department is on the ninth floor of the Annex and the office involved in the Public Works Department is located on the fourth floor of the Annex, considerable inconvenience to the public is occasioned by the necessity of going back and forth between the two offices before the permit application may be accepted. This inconvenience could be obviated by amending the existing ordinances so as to transfer to the Building Commissioner the powers and duties of the Commissioner of Public Works in the matter of street numbering. I have conferred with both officials and I am pleased to report that they are agreeable to the proposed change.

I have had prepared the attached ordinance, which provides for the proposed transfer. I recommend that this draft be submitted to the City Council with the recommendation for its adoption.

Yours sincerely,
CHARLES J. FOX, Director.

City of Boston.

In the Year Nineteen Hundred and Fifty-four.

An Ordinance Transferring to the Building Commissioner the Powers and Duties of the Commissioner of Public Works Relative to Street Numbers for Buildings in the City.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Chapter 9 of the Revised Ordinances of 1947 is hereby amended by inserting after section 1 the following new section:

Section 1A. The building commissioner shall assign a street number to each building on a street and shall require such number to be affixed to or inscribed on the building by the owner, and may determine the form, size and material of any such number and the place and mode of affixing or inscribing it.

SECTION 2. Chapter 27 of the Revised Ordinances of 1947 is hereby amended by striking out section 5 and inserting in place thereof the following section:

Section 5. The commissioner shall place and maintain in one or more suitable, conspicuous places, to be selected by him, on each street of the city, one or more signs containing the name of the street.

SECTION 3. Chapter 40 of the Revised Ordinances of 1917 is hereby amended by striking out section 85 and inserting in place thereof the following section:

Section 85. No person shall neglect or refuse to affix to or inscribe on any building owned by him the street number assigned to such building by the building commissioner; nor shall any person affix to or inscribe on or suffer to remain on any building owned or occupied by him a street number other than the one assigned to such building by the building commissioner.

SECTION 4. This ordinance shall take effect on January 1, 1955.

Referred to the Committee on Ordinances.

RESTRICTIONS ON SHOWING OF FILM "SIX BRIDGES TO CROSS."

The following was received:

City of Boston,
Law Department, December 8, 1954.
To the Honorable the City Council,
Gentlemen:

On June 7, 1954, your Honorable Body resolved that I institute adequate proceedings to prevent the reputation of the City of Boston and its citizens from being maligned by a movie then being filmed in Boston with the title "Five Bridges to Cross."

This is to advise you that on the evening of December 6, 1954, the producers of the film accorded me, among others, the privilege of a preview of the film which is now known as "Six Bridges to Cross." Neither at first sight nor on mature reflection have I been able to detect anything in the film which would warrant a finding that the reputation of Boston or its citizens will be maligned by the showing of the film. Because of the limited plot, the film cannot be said to reflect family life, family training, or teen-age life and respect for authority as practiced in Boston, and so is not open to objection on any such ground. In the circumstances, there would seem to be no occasion for me to institute any proceeding under your resolve of June 7, 1954.

Respectfully,
WILLIAM L. BAXTER,
Corporation Counsel.

CITY AGENCIES TO COORDINATE ACTIVITIES WITH URBAN RENEWAL PROGRAM.

Coun. McLAUGHLIN offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Housing Authority, Planning Board, School Department, Public Works Department, Park Department, and other city agencies contemplating expenditures for capital improvements involving bond issues to coordinate their activities and programs so that the capital expenditures for public improvements may be used to finance urban renewal activities in accordance with the Federal Housing Act of 1954.

Coun. FOLEY moved that the order be amended by adding the following words: "And be it further ordered that the Boston City Council hereby expresses its support for a vigorous and rapid program for urban renewal under the Federal Housing Act of 1954."

The motion was carried.

The order as amended was passed.

CERTAIN INFORMATION CONCERNING PREMATURE DIVISION, BOSTON CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Board of Trustees of the Boston City Hospital relative to City Council order concerning certain matters relating to that institution.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Hospital Department,
December 10, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In answer to a City Council order which you submitted to the Board of Trustees for consideration and reply, we are enclosing the information requested which has been approved by the Board of Trustees.

Respectfully yours,

RICHARD J. CONDON,
President, Board of Trustees.

For the Board of Trustees:

RICHARD J. CONDON, President,
THOMAS J. GIBLIN, D.M.D., Secretary,
STUART C. RAND,
HENRY E. Foley,
HENRY C. Berlin.

1. A little over a year ago plans for the construction of a new Premature Unit on the roof of the Pediatric Building were prepared and a contract awarded. Further studies by our staff indicated that the new Premature Unit could be more advantageously built in the Maternity Building. Plans for the work to be done in the proposed unit in the Maternity Building are under way, and the original contractor has been engaged to do this work. It is believed the unit will be in service within a few months.

2. Upon completion, the new Premature Unit will be one of the most modern units in this part of the country. It will compare more than favorably with similar units in any other institution. All the requirements and standards recommended by the Federal Public Health Service and the Massachusetts Department of Public Health and Hospital Licensure will be followed in the construction of this unit.

3. The Boston City Hospital budget is made out annually in accordance with forms prescribed by the Budget Division of the Department of Administrative Services, formerly by the office of the Budget Commissioner.

The breakdown of the budget does not fall into the categories contained in Question 3, and it is not possible to answer this question in the precise form in which it is put. We believe, however, the following summaries from the budgets for the years indicated will give the financial picture as to the subjects about which inquiry is made, as far as it is possible from the records available.

There are three main departments at the hospital caring for "Prenatal Maternity," "Nursery," and "Premature Babies." These departments are the Obstetrical Service, the Pediatric Service, and the Out-Patient Department. Prenatal Maternity we assume refers to prenatal care—the care of pregnant mothers before delivery. This is provided for both in the Maternity Service and in the Out-Patient Department. The care of well, full-term babies

after birth is exclusively in the Maternity Building. Care of premature babies up until July 15, 1954, was handled exclusively in the Pediatric Building. Since that date it has been handled exclusively in the Maternity Building, which, as pointed out in the answer to Question 1, is the plan for the future. There is one qualification to this system—premature babies delivered outside of the Obstetrical Service will, as required by law, be handled in the Isolation Unit separate from the Maternity Building in the Pediatric Building.

The Boston City Hospital budget, in accordance with the prescribed forms, does not carry separate categories for the separate services. The particular services to which we believe Question 3 refers have their charges grouped with other ward buildings and services and their expenses prorated as a whole under professional care of patients. It is not practical on available records to break down these large items into the categories contained in Question 3. Each year department heads are asked to submit budget recommendations, but these recommendations are invariably limited to special items of additional personnel, supplies, or equipment that will require increases in the general budget.

For the year 1952, the Out-Patient Department, Prenatal and Gynecological Clinics expended for equipment and special supplies not issued routinely from the storerooms \$601.80; the Milk Laboratory, Children's Building, Pediatric Department, \$7,243.56; and the Maternity Department, \$4,442.92. This is a total of \$12,288.28. The Rh Laboratory, whose activities are intimately connected with the service referred to, had in a similar category \$1,577.74, making a total of \$13,865.62.

All of the above amounts were in the regular budget and did not involve any supplementary budget or transfer.

These figures for 1953 are as follows: Out-Patient Department, \$684.30; Pediatric, \$4,966.53; Maternity, \$10,560.07; Rh Laboratory, \$2,443.45—making a total of \$18,654.35.

All of the above amounts were in the regular budget and did not involve any supplementary budget or transfer.

The corresponding figures for the 1954 budget are as follows: Out-Patient Department, \$950.65; Pediatric, \$11,722.93; Maternity, \$10,394.83; Rh Laboratory, \$2,278.89—making a total of \$25,347.30.

All of the above amounts were in the regular budget and did not involve any supplementary budget or transfer.

In addition to the foregoing, the Pediatric Department had special appropriations 1-2611 as follows:

In the 1951 budget, \$60,000 toward the addition of a Premature Unit in the Children's Building.

In 1952, \$30,000 by transfer from other items within the Hospital appropriation.

To this was added \$40,000 during 1954 pending receipt of federal funds, per arrangement with Mr. Joseph Lally, City Auditor.

Out of the above amount \$8,750 has been paid for architectural services, and an additional amount of \$12,500 has been encumbered for this purpose.

It should be pointed out that the amounts appropriated for the years 1952, 1953, and 1954 for equipment and special supplies not issued routinely through the storerooms as listed above give no indication whatever of the total amount expended for the Pediatric Department, Maternity Department, or prenatal functions of the Out-Patient Department.

A close estimate can be made of the cost of these services on the basis of the cost per patient visit and the cost per board day as established for those particular years. These figures could be furnished within a week if desired.

Placed on file.
